GENERAL INFORMATION

ACCREDITATIONS & AFFILIATION

2026-2027 University Accreditations & Affiliations

Accredited By
East Central University is accredited by the Higher Learning Commission (hlcommission.org), an institutional accreditor recognized by the U.S. Department of Education.

Other Accrediting Bodies
Accreditation Commission for Education in Nursing, Inc. (1978 to present)
Accreditation Council of Business Schools and Programs (2004 to present)
Council on Social Work Education (1984 to present)
National Association of Schools of Music (1996 to present)
Council for the Accreditation of Educator Preparation (2020 to present)
National Environmental Health Science and Protection Accreditation Council (1975 to present)

Approved By
American Bar Association (for Legal Studies Program)
Collegiate Officer Program
Oklahoma Board of Nursing
Oklahoma Council on Law Enforcement Education and Training
Oklahoma State Board of Education for Teacher Education
Oklahoma State Regents for Higher Education

Memberships
Accreditation Commission for Education in Nursing, Inc.
American Association of Colleges of Teacher Education
American Association of Colleges of Nursing
American Association of State Colleges and Universities
American Council on Education
Association of Continuing Higher Education
Conference of Southern Graduate Schools
Council of Baccalaureate and Higher Degree Programs
Council of Graduate Departments of Psychology
Council of Graduate Schools in the United States
Council on Social Work Education
National Board of Certified Counselors
National Council on Rehabilitation Education
National League for Nursing
Oklahoma State System of Higher Education
Teacher Education Council of State Colleges & Universities

2026-2027 PROGRAM INVENTORY

2026-2027 Program Inventory

Graduate Level Programs
Number of Programs By College

Undergraduate Level Programs

The alphabetical list below categorizes programs by subject area - not department or college. By selecting a subject area you will be taken to a list of relevant program offerings. For more information concerning each program, including specific course and credit hour requirements, please visit the relevant college/departmental section of the 2026-2027 Academic Catalog. Those programs available 100% online are identified. All other programs will require a significant on-campus commitment.

Accounting

The Accounting program falls under the Harland C. Stonecipher School of Business.

Degree: Bachelor of Science (BS)

- Major Program: Accounting

Minor: Accounting

Certificates

- Managerial Accounting
- Treasury Management

Return to Table of Contents

Art

The Art program falls under the College of Liberal Arts & Social Sciences.

Degree: Bachelor's of Fine Arts (BFA)

- Major Program: Art
  - Concentration: Graphic Design
  - Concentration: Studio Art
  - Concentration: Teacher Certification

Minors:

- Art
- Art Therapy Preparation (for fine arts majors)
- Art Therapy Preparation - Visual Arts (psych and human services counseling majors only)
- Media/Graphic Arts (mass comm majors)
- Media/Graphic Arts (non mass comm majors)

2026-2027 ACADEMIC POLICIES

2026-2027 Academic Policies

The table of contents below contains links for navigating to specific policies. Those policies designated "UG" apply to undergraduates. Those with "GR" apply to graduate students. Where applicable, Oklahoma State Regents of Higher Education (OSRHE) Chapter 3 language is linked at the end of some policies.

Admissions Requirements (Undergraduate)

Return to Table of Contents

First-Time Freshman: To be eligible for undergraduate admission at East Central University (ECU), the student must meet one of the following requirements.

- Have a 2.7 overall high school GPA
- Have a 2.7 high school GPA in 15 units of core curricular courses
- Pass the GED or HiSET
- Score a 20 on the ACT or 1030 on the SAT
- Have completed at minimum two concurrent courses from an Oklahoma institution at the time of application. Must have earned at least a 2.0 cumulative college GPA in the concurrent courses.

Applicants who do not meet one of the above may still be granted admission through the alternative or adult admission process (contact ECU Admissions for more details).

Transfer Student: Admission requires a minimum of 24 college credit hours previously earned with a minimum retention GPA of 2.0. Students with less than 24 prior hours earned at the college level will be reviewed utilizing the first-time freshman admission requirements. A high school or GED/HiSET transcript will be required. ACT or SAT scores are optional but can be used for admission consideration if supplied.

Concurrent Enrollment (High School Students): To be eligible the student must meet one of the following sets of requirements.

Option One

- Be enrolled as a high school junior or senior; AND
- Have an unweighted high school GPA of 3.00

Option Two

- ACT composite score of 20; OR
- GPA of 3.0 and class rank in top 50%; OR
- Pre-ACT composite score of 20

Only students with a minimum ACT score of 19 in science reasoning, mathematics and/or English may enroll for courses in these respective areas.

Fall/Spring Concurrent Enrollment Limit
For fall/spring semesters each concurrent student is limited to a maximum of 19 credit hours (high school and college combined). One high school course equals three semester credit hours of college work.

Summer Concurrent Enrollment Limit
Students otherwise eligible under these policies will be limited to nine college credit hours during summer terms.

Other Admissions Categories: Further information concerning admissions requirements can be obtained directly from the Office of Admissions.

Admissions Related Documents: Any documents the student provides during the admissions process become the property of ECU. These documents will not be returned to the student.

In-State/Out-of-State Tuition Status: As part of the admissions process, institutions are responsible for determining a student's in-state/our-of-state status consistent with this policy. The burden of proof to establish in-state status shall be upon the student. Since residence or domicile is a matter of intent, each case will be judged on its own merit by the appropriate administrative official(s) consistent with this policy. Below is a list of factors that will be taken into consideration.

1. Attendance at a postsecondary educational institution, albeit a continuous and long-term experience, does not establish in-state status. Therefore, a student neither gains nor loses in-state status solely by attendance.
2. Students attending an Oklahoma college or university may perform many objective acts, some of which are required by law (i.e. payment of taxes), and all of which are customarily done by some out-of-state students who do not intend to remain in Oklahoma after graduation, but are situational and necessary and/or voluntary (i.e. registering to vote, obtaining a driver's license). These acts and/or declarations alone are insufficient evidence of intent to remain in Oklahoma beyond the college experience.
3. An out-of-state student attending an Oklahoma college or university on more than a half-time basis is presumed to be in the state primarily for educational purposes.
4. An individual is not deemed to have acquired in-state status until he or she has been in the state for at least a year primarily as a permanent resident and not primarily as a student and has established domicile. Likewise, an individual classified as in-state shall not be reclassified as out-of-state until 12 months after leaving Oklahoma to live in another state.
5. Unless residency has been established in another state, an individual who resided in Oklahoma at the time of graduation from an Oklahoma high school and who has resided in the state with a parent or legal guardian for two years prior to graduation from high school, will be eligible for in-state status as allowed by this policy.
6. Each spouse in a family shall establish his or her own status on a separate basis. Exceptions include the following: when an out-of-state status individual marries a person with in-state status, the out-of-state individual may be considered in-state after documentation of the marriage and proof of domicile are satisfied without the 12-month domiciliary waiting period, and as provided in this policy.
7. Initial classification as out-of-state shall not prejudice the right of a person to be reclassified thereafter for following semesters or terms of enrollment as in-state provided that he or she establish domicile as defined in this policy. Institutions must establish procedures for students to appeal out-of-state status classification.

8. Institutions may, but are not required, to waive out-of-state tuition (also known as Nonresident Tuition Waiver) in accordance with current State Regents' *Tuition and Fees* policy that allows any institution in the State System to waive a portion of the out-of-state tuition which amount shall not exceed the difference between out-of-state tuition and the amount paid by in-state students. In compliance with federal regulation, out-of-state waivers are available to citizens of the Federated States of Micronesia, the Republic of the Marshall Islands, and the Republic of Palau.
9. When a student transfers from one institution to another, the institution to which the student transfers is not bound by the in-state/out-of-state classification previously determined and may request documentation to verify the student's in-state/out-of-state status.

Dependent & Independent Persons

1. The legal residence of a dependent person is the postsecondary student's parents or the residence of the parent who has legal custody or the parent with whom the student habitually resides. If the student is under the care of those other than the parents, the legal residence is that of the student's legal guardian.
2. In-state/out-of-state classifications of postsecondary students with extenuating circumstances (e.g., divorced parents with joint custody when one parent or legal guardian lives out-of-state and/or claimed as a dependent on a tax return, etc.) may be considered on a case-by-case basis. Guidance for administrative officers charged with classifying students will be provided in the *Procedures Handbook*.
3. A dependent person may establish independent person status through circumstances including, marriage, formal court action, abandonment by parents, etc. To qualify, a dependent person must have completely separated from the parental or guardian domicile and prove that the separation is complete and permanent. Additionally, the individual must provide evidence that they are responsible for their housing and living expenses. Mere absence from the parental or guardian domicile is not proof of its complete abandonment. If an applicant can provide adequate and satisfactory evidence of independent status and domicile, they may be granted in-state status.
4. If an independent person can provide evidence of coming to Oklahoma to establish domicile, the applicant may be granted in-state status at the next enrollment occurring after expiration of 12 months following establishment of domicile in Oklahoma.

Further information concerning various avenues to receive in-state tuition can be viewed within the full Oklahoma State Regents for Higher Education (OSRHE) 2024-2025 policy – see links below.

Inactivation of Non-Attending First-Time Admitted Students: Newly admitted students who do not attend their first term/semester at ECU will have their account inactivated in ECU's primary student information system (Ellucian Colleague). To be considered as non-attending in this context, any enrolled courses must have been previously dropped either prior to the start of term or by the last day for a refund.

Account inactivation will take place after the last day to add courses. For semesters (fall/spring) with multiple parts of term, this will be the latest deadline to add courses, which is for 2nd 8-Weeks (Term B). Students who wish to attend ECU at a later time after their account is inactivated must reapply with the Office of Admissions.

OSRHE Chapter 3.9.1-5 Admissions Standards
OSRHE Chapter 3.10 Concurrent Enrollment
OSRHE Chapter 3.18 In-State vs. Out-of-State Tuition Status

Note: Admissions policies for the School of Graduate Studies can be found in the Graduate School section of this catalog.

Return to Table of Contents

Academic Standing & Retention (Undergraduate & Graduate)

Undergraduate: Academic Standing is based on a combination of term and graduate retention GPA calculations. Below are the various academic standing designations for undergraduate students at East Central University (ECU).

Academic Notice: Provides beginning freshmen with a grace period to acclimate themselves with the rigor of college course work. Students with zero to 29 credit hours earned and a 1.7 to 1.99 graduate retention GPA will be placed on academic notice. Students with 29 or fewer hours earned and a graduate retention GPA below 1.7 will be placed on academic probation. Students with 30 or more earned hours are not eligible for academic notice.

Academic Probation: Applies to any student who has earned 30 hours or more with a graduate retention GPA less than 2.00. Students with less than 30 hours earned and a graduate retention GPA below 1.7 will also be placed on probation.

Continued Probation: Applies to any student who after being placed on probation completes the following term/semester with at least a 2.00 term GPA (not including activity or performance courses). For students with less than 30 hours earned the term GPA requirement will be 1.7. The student placed on continued probation will return to good standing after raising the graduate retention GPA to 2.00 or higher. A student on continued probation who earns a term GPA below 2.00 for a subsequent term/semester will be placed on academic suspension.

First Academic Suspension: Students will be suspended for the first time when their graduation retention GPA drops below 2.00 for two terms/semesters. Students suspended for the first time have the option to either appeal for the opportunity to continue their education immediately, or not attend ECU during the following 16-week semester. Previously suspended students returning after the suspension period must apply for readmission through the Office of Admissions. Upon readmission the student will be placed on probation status.

- Suspension Appeal: Students who appeal their first suspension must understand they are not appealing the accuracy of the suspension, but rather are petitioning for the opportunity to continue their education immediately. At the end of each term/semester the registrar will email suspended students with instructions for the appeal process.

Each student submitting an appeal must meet with the suspension review committee. If an appeal is approved the suspension standing will remain on the transcript. The student will only be permitted to enroll in courses meeting degree requirements. The committee reserves the right to deny an appeal and require the suspended student to accept the suspension period of one 16-week semester.

Continued Suspension (Summer Term): After spring semester, students who have their suspension appeal granted but who are again suspended at the end of summer term, will have the notation "suspension continued" placed on their transcript. Another appeal will not be permitted and the student will be ineligible to enroll for fall semester.

Students who are suspended as a result of fall grades, sit out the following spring semester, and then are suspended again as a result of summer grades, will have the notation "suspension continued" placed on their transcript. Another appeal will not be permitted and the student will be ineligible to enroll for fall semester.

Suspension of Seniors: Students with 90 hours or more who are suspended for the first time may request a senior exception. The request should be submitted as an appeal in accordance with the statements above. If granted, the exception will permit the student to enroll in up to 15 hours during the

following 16-week semester. Summer credit hour limits will be left to the appeal committee's discretion. During the exception period the student must earn a term GPA of 2.00 or higher. The student will not return to good standing until his or her graduate retention GPA is raised to 2.00 or higher. The senior exception may only be used one time per student.

Second/Subsequent Suspension: The second time a student is placed on academic suspension an appeal is not permitted. The student cannot be readmitted for one calendar year. Effective for the 2024-2025 academic year, the one year absence is the only academic requirement to return to ECU. Students returning after a second suspension must apply for readmission through the Office of Admissions. Returning students must also be in good financial standing with the university. Students who receive a subsequent suspension will have their academic programs inactivated in ECU's Colleague student information system. This is to ensure compliance with the readmission requirement. Upon readmission, applicable programs may be reactivated.

President's Honor Roll: This honor is only awarded after fall and spring semesters. Eligible students will have successfully completed a minimum of 12 hours during the semester (graded A, B or C), earned no grade lower than a "C," and not have received an I-grade for any course. The required term GPA is 4.00. Students will have their names published on the ECU website unless a privacy flag has been placed on their record. Grade changes after final grades are due may only contribute toward the honor if occurring within one calendar week of the deadline for grade submission. In such cases a comment will be added to the student's ECU transcript notating the honor. The student's name will not be published to the website. Grade changes submitted at a later date will be applied toward GPA calculations, but cannot result in a student being added to the President's Honor Roll - no exceptions.

Dean's Honor Roll: This honor is only awarded during fall and spring semesters. Eligible students will have successfully completed a minimum of 12 hours during the semester (graded A, B or C), earned no grade lower than a "C," and not have received an I-grade for any course. The required term GPA is 3.33. Students will have their names published on the ECU website unless a privacy flag has been placed on their record. Grade changes submitted after final grades are due may only contribute toward the honor if occurring within one calendar week of the deadline for grade submission. In such cases, a comment will be added to the student's ECU transcript notating the honor. The student's name will not be published to the website. Grade changes submitted at a later date will be applied toward GPA calculations, but cannot result in a student being added to the Dean's Honor Roll - no exceptions.

OSRHE Chapter 3.9.6 Retention & Academic Standing Policy

Graduate: Academic Standing for the School of Graduate Studies is based on a combination of term and graduate retention GPA calculations.

Academic Probation: A student whose graduate retention GPA is less than 3.0 will be placed on academic probation. While on probation, a minimum 3.0 GPA must be earned during each subsequent term/semester. The student will be removed from probation after the graduate retention GPA raises above a 3.0. Failure to earn a term GPA of 3.0 or higher while on probation will result in a status of academic recovery.

Academic Suspension: A graduate student on Academic Probation who has earned below a 3.0 semester or term GPA will be permitted one term of Academic Recovery. If during that term a student earns a semester or term GPA of 3.0 or higher, that student will continue on Academic Probation until the ECU Retention GPA is 3.0 or higher. If during the term of Academic Recovery, the student earns a semester or term GPA lower than 3.0, that student will be suspended from the graduate program.

A graduate student who is placed on Academic Suspension will not be permitted to enroll in classes and will not be eligible for reinstatement for a minimum of one semester. After a minimum of one semester of non-enrollment, a student may petition the School of Graduate Studies for reinstatement. A decision will be made after review by the program faculty and Graduate Appellate Committee.

A graduate student whose ECU retention GPA is less than 3.0 at the completion of an approved program may be permitted to register for a maximum of six (6) additional credit hours at ECU in courses approved by the student's advisor and the Graduate Dean. If, after completion of the additional credits, the GPA is still less than 3.0, the student will not be allowed to take additional graduate level work leading toward a graduate degree and will be dismissed from the graduate degree program.

ECU program faculty and the Graduate Dean reserve the right to suspend students who repeatedly earn below a 3.00 GPA. *Probation*, *Continued Probation*, and *Academic Recovery* provide an opportunity for struggling students to return to *Good Standing*. These designations are not intended as a means of completing a degree while continually earning less than a B-grade.

Return to Table of Contents

Americans with Disabilities Statement (Undergraduate & Graduate)

East Central University, in compliance with all applicable Federal and State laws and regulations, does not discriminate on the basis of race, color, national origin, gender, age, religion, disability, status as a veteran, or special disabled veteran in any of its policies, practices, or procedures. This includes but is not limited to admission, employment, financial aid, and educational services.

East Central University is committed to providing equal access to University programs and services for all students. Under university policy and federal and state laws, students with documented disabilities are entitled to reasonable accommodations. If any member of the class has a documented disability requiring academic accommodations, he or she should report to the Office of Testing and Accessibility Services. A student seeking reasonable accommodations originating from a documented disability must register with the Office of Testing and Accessibility Services so that said accommodations may be provided.

Return to Table of Contents

Assessment Policy (Students) (Undergraduate)

East Central University's (ECU) assessment program is based upon the Oklahoma State Regents for Higher Education's assessment policy requiring all state system colleges and universities to assess entry-level, mid-level, and major field student academic achievement and to assess student satisfaction. ECU's policy addresses these four areas and is designed to assist faculty and students in promoting student success in achieving their academic goals and to aid the university in the improvement of teaching and learning.

Entry-Level Assessment: All students who enroll at East Central University as first-time entering freshmen and transfer students who enter the university with six or fewer semester credit hours attempted are required to participate in entry-level assessment. In addition to complying with published ECU admission standards, participation in entry-level assessment may include other activities such as taking placement tests, completing student surveys, and contributing to other entry-level assessment-related activities.

Mid-Level (General Education) Assessment: All students who enroll at ECU as freshmen or transfer students without an associate of arts or associate of science degree are required to participate in mid-level assessment of General Education. Participation in mid-level assessment may include such activities as taking assessment tests, participating in student orientation, developing portfolios, completing student surveys, and contributing to other mid-level assessment-related activities.

Assessment of the Major: During their junior and senior years, all students are required to participate in major field assessment. Participation in major field assessment may include such activities as enrolling in capstone courses, taking assessment tests, developing portfolios, completing student surveys, and contributing to other assessment-related activities of one's major.

Student Satisfaction Assessment: Using surveys, focus groups, and other assessment-related activities, assessment of student satisfaction encompasses two areas: current student and alumni satisfaction with student services, such as housing, food services, financial aid, extra-curricular activities, library, bookstore, advising and counseling, etc.; and alumni satisfaction with overall quality of their education at ECU.

Return to Table of Contents

Attendance Requirements (Undergraduate & Graduate)

Attendance as it relates to grading is left up to the discretion of the course instructor. Makeup work, if permitted, is also left to the instructor's discretion. All instructional faculty are required to notify students of relevant policies at the beginning of the term/semester.

Return to Table of Contents

Bachelor's Degree Graduation Requirements (Undergraduate)

Graduation requirements for a bachelor's degree consist of four parts. All four parts must be taken into consideration when determining a student's progress toward degree completion.

- General Education Requirements
- Program (major/minor) Requirements
- Requirements Specific to Various Bachelor's Degrees
- Other Institutional & State Requirements

Enrolled students may view their progress toward degree completion at any time in Colleague Self-Service under the Progress Tab. Prior to becoming eligible to submit a formal graduation application, any and all clarification concerning progress to degree should be sought with a student's academic advisor. The ECU Records Office does not complete degree audits prior to the formal graduation application process. For information concerning when it is appropriate to submit a formal graduation application, please see the relevant academic catalog policy.

General Education

General Education Philosophy: East Central University (ECU) embodies its commitment to the values of a liberal arts education through its general education requirement, which is designed to assist students in attaining the knowledge, skills, and attitudes recognized by the University as fundamental to every educated person's understanding of and response to the world. A liberal arts education contributes to the development of informed, responsible citizens, capable of promoting and maintaining a free society, and it provides individuals a foundation for making those ethical, logical, technological, and ecological decisions requisite to effective participation in such a society.

General Education Mission Statement: As part of liberal arts education that inducts students into an intellectual community in preparation for and enhancement to disciplinary majors, the General Education Program at East Central University provides students the integrated and thorough foundation needed to reflect critically on information to understand and acknowledge the diversity of life and cultures, to see the relationships among concepts, and to appreciate the interrelatedness of academic areas.

Prior Associate Degrees & General Education: Please see the Transfer Credit Policy section of this catalog.

General Education Requirements: Students should consult with an academic advisor when deciding which general education courses to enroll in. Many majors require that a student select a particular course to fulfill a specific general education sub-requirement. A minimum of 40 hours must be earned to satisfy general education requirements for graduation.

2026-2027 General Education Course Requirements & Options

As part of the general education curriculum, students must complete at least one course that meets each of the following five student learning outcomes.

- Communication (C): Students communicate effectively in a variety of situations.

Over the course of the general education program, students will learn to communicate in a variety of ways. This includes both written and spoken communication, but also involves communicating using different technologies and learning to mix text, data, graphs, and images. To make their communication effective, students will learn how to select language appropriate to their audience, purpose, and context. Students will also learn how to actively listen so they can understand the diverse perspectives of others and participate in a civil discourse.

- Critical Thinking (CT): Students explore issues and ideas before formulating an opinion, solving a problem or drawing a conclusion.

Over the course of the general education program, students will build the habit of critical thinking. Students will learn to analyze and evaluate data and evidence, interpret and develop ideas, and combine that information into a coherent whole. Critical thinking is vital to all areas of life; thus, students will learn to apply critical thinking skills not only in an academic setting, but also beyond the campus to personal or global issues.

- Information Literacy (IL): Students consume and produce information of any form effectively and ethically.

Over the course of the general education program, students will learn how to find, use, and share information. Information comes in many forms, such as text, numbers, images, or sound, and many of those forms are rapidly changing. Students will learn to adapt to emerging technologies and responsibly participate in this ever-changing information ecosystem, abiding by ethical or legal restrictions on the use of information.

- Intercultural Knowledge & Competence (IKC): Student recognize the complexity of identity, culture and heritage.

Over the course of the general education program, students will develop an understanding of how identity, heritage, and culture shape the world. Beyond mere awareness or appreciation, intercultural knowledge and competence supports meaningful interaction in a variety of cultural contexts as students seek out multiple perspectives with openness, empathy, and respect.

- Global Citizenship (GC): Students recognize the complexity of global systems and their roles within them.

Over the course of the general education program, students will develop awareness of their intersecting roles and responsibilities at local, state, national, tribal, and global levels. Students will critically analyze natural, physical, social, cultural, economic, and political systems. Students will have the tools to take informed and responsible action, supported by respectful collaboration, to address local and global challenges.

Program Requirements (Majors and Minors)

Program requirements can be found within the respective academic college section of this catalog. Students may also view degree check sheets by catalog year on the ECU website. Enrolled students can view their declared program as well as other degree requirements within Colleague Self-Service. Listed below are a few important things to keep in mind concerning program requirements.

- Some major programs require students to complete a minor, but others do not. For those programs that do require a minor, the requirements will be waived if the student is pursuing a double major (i.e., completing two major programs of study).

- When earning a major and minor program each must be from a different academic discipline – unless the student is pursuing a specific major program that permits otherwise.
- Some major programs may require students to select their minor from a limited set of options.
- A major program of study will require completion of at least 30 credit hours within the subject area. Some major programs will require additional subject relevant hours.

Requirements Specific to Various Bachelor's Degrees

The following bachelor's degrees are awarded by ECU. Each major program of study will fall under one of the following types of bachelor's degrees. Each type of bachelor's degree listed comes with its own requirement for liberal arts and science courses.

- Bachelor of Arts (B.A.)
- Bachelor of Science (B.S.)
- Bachelor of Fine Arts (B.F.A.)
- Bachelor of Social Work (B.S.W.)
- Bachelor of Science in Education (B.S. ED)

Note: Oklahoma State Regents for Higher Education classifies B.F.A., B.S.W., and B.S. ED under the category of Bachelor of Specialty.

Bachelor of Arts: At least 80 semester credit hours must be from liberal arts and science courses.

Bachelor of Science: At least 55 semester credit hours must be from liberal arts and science courses.

Bachelor of Specialty (B.F.A., B.S.W. and B.S. ED): At least 40 semester credit hours must be from liberal arts and science courses.

Other Institutional & State Graduation Requirements

Overall Minimum Credit Hours: At least 120 credit hours are required. Some programs may require additional hours, which will be noted in the same catalog section as the major/minor requirements. The following will not count toward the minimum 120 hours.

- Zero Credit Courses
- Zero Level Courses (Developmental/Remediation)
- Non-Degree Bearing Courses (transcribed as "not applicable to degree")

Kinesiology (KIN) activity course credits may not count toward the minimum 120 hours. However, for programs requiring 124 hours, a maximum of four KIN activity credits are allowed.

Residency Hours: Listed below are the requirements concerning the minimum number of credit hours a student must earn from ECU before being awarded a bachelor's degree.

- A student must earn a minimum of 30 credit hours from ECU, and at least 12 of those 30 hours must be upper division (3000 or 4000 level).
- At least 15 of the last 30 hours earned before graduation must be earned from ECU; *OR*
- At least 50% of credit hours required by the major must be earned from ECU.
- At least nine upper division hours within the major and three upper division hours within the minor must be earned from ECU.

Upper Division Credit Hours (3000 or 4000 level): Below are the requirements concerning the minimum number of upper division credit hours

- At least 40 upper division credit hours are required for a bachelor's degree.
- At least 15 upper division credit hours are required within the major program of study.
- At least nine upper division credit hours within the major program of study must be earned from ECU.
- At least three upper division credit hours are required within the minor. These three hours must be earned from ECU.
- Credit transferred from another institution will be classified at the level (lower/upper division) at which it was originally earned.

Correspondence Credits: Students returning to finish their degree after many years may have correspondence credits on their transcript. A maximum of 31 hours of correspondence work may count toward a bachelor's degree. Modern online courses are not considered correspondence courses.

Double Dipping: When a single course is used to satisfy more than one graduation requirement it is commonly referred to as "double dipping." Below are the rules governing how courses can be utilized in this way.

- Double dipping between general education and major program requirements is limited to 12 hours for some but not all academic programs. Students should consult with their major program advisor to determine if this rule applies to their course of study.
- Double dipping may occur between general education and minor requirements without limit, but only so long as other rules in this list are not violated.
- No single course may count toward all three – general education, major and minor.
- No single course may count toward two majors, excluding related work courses.
- No course may count toward both the major and minor, excluding related work courses.

Note: Courses designated as related work will be identified within each academic programs's section of this catalog.

Related Work: At ECU "Related Work" is a formal academic term found on official degree check sheets. Related Work refers to a category of coursework required within the major/degree program that is supportive of learning within the primary field of study. Normally involving courses outside the core major subject prefix (e.g., EDUC), related work ensures students gain the necessary adjacent knowledge (e.g., mathematics, science, communication) to be successful in their major/degree program. To facilitate degree completion for students pursuing multiple academic programs, some overlap (double counting/dipping) is permitted for courses categorized as related work.

Below are three ways students may see related work applied within their degree plan.

- Double-Counting (also known as Double Dipping): Related Work courses may count toward multiple major programs. This is true whether those majors both fall within a single degree (e.g., B.S., B.A., B.F.A., etc.) or multiple degrees. Related work courses may also count between a major and a minor. Many related work courses also satisfy general education requirements, but are subject to the 12-hour limit in overlap between courses counting toward the major program and general education.
- Prerequisites and Core Competencies: Related Work ensures you have the technical background for advanced major coursework. For example, in ECU's Computer Science (BS) program, while your core major classes are computer programming and database design, your "Required Related Work" consists of critical math foundations like Discrete Mathematics, College Algebra, and Trigonometry.
- Interdisciplinary Electives: Depending on the major, a portion of your Related Work credits might be "Related Electives," allowing you to choose from a small list of approved classes in a sibling department (like choosing between Business Calculus or Analytics).

Double Majors: A student "double majors" when completing two major programs of study while earning a single bachelor's degree. For example, earning a Bachelor of Arts with majors in art and music.

- Students who declare a double major are not required to declare a minor.
- No course may count toward both majors, excluding related work courses.
- If a student completes two major programs, each of which on its own would fall under a different type of bachelor's degree, then the degree type awarded will correspond to the first of the two majors declared by the student. Students in this instance also have the option to complete two separate bachelor's degrees - please see policy below for more details including increased credit hour requirement.

Earning Two Degrees: The following rules are applicable to students with the intention of earning two bachelor's degrees from ECU.

- Two Degrees Simultaneously: A student who meets the requirements for two majors may apply for two separate degrees if at least 154 credit hours have been earned.
- After Earning a Prior Bachelor's: At least 150 hours (total) must be earned before the second degree can be awarded, excluding graduate level credit. All requirements for the second degree (including general education, major and minor) must be fulfilled in accordance with the catalog year current at the time the student declared his/her intent to complete the second degree. See catalog year policy for further information. Courses that counted toward the major for the first bachelor's degree may not be applied toward the major for the second bachelor's degree, excluding related work courses.

Limit One Undergraduate Minor: Undergraduate students are only permitted to complete one minor program.

U.S. History & U.S. Government: All students graduating with a bachelor's degree of any type must have completed at least six semester hours of college credit in U.S. History and U.S. Government. Courses satisfying this requirement must be primarily focused on a general overview of U.S. History and U.S. Government. The primary focus must be clear from the wording in the course title and description. Other history courses may not be substituted toward the requirement.

Computer Literacy Requirement (CLR): The CLR may be fulfilled with any of the following options:

- Option 1: Successful completion of one general education course in computer literacy.
- Option 2: Successful completion of a sequence of courses within a program of study (major) which a department and school or college dean designate to fulfill this requirement.
- Option 3: Successful completion of a degree program in which use of a computer is integral to the program (e.g., major in Computer Science).
- Option 4: Successful completion of an associate of arts or science degree at a two-year college in which the computer skills requirement was met (this option may not be used to reduce or remove any ECU program requirements). The associate's degree must have been awarded from a regionally accredited institution of higher learning in Oklahoma. Applied associate degrees do not qualify.

Note: This policy applies to first-time beginning freshmen admitted to the university in the fall of 1998 and thereafter.

Grade Point Average (GPA) Requirements: The following minimum GPA values are required for a bachelor's degree.

- A minimum GPA of 2.00 is required across all transcripted work including courses earned at ECU as well as any prior institutions.
- A minimum GPA of 2.00 is required inclusive of all courses completed at ECU.
- A minimum GPA of 2.00 is required for courses counting toward the major program of study. Specific majors may require a higher minimum GPA.
- A minimum GPA of 2.00 is required for courses counting toward the minor program of study.
- Per Oklahoma Regents Policy, GPA calculations shall not include physical activity courses. All physical activity courses transcribed at ECU are graded pass/fail.

Maximum Military Science Credits: A maximum of 24 Military Science credit hours may be applied toward a bachelor's degree.

Individual Study Course Credits: A maximum of nine credit hours of Individual Study credits may be applied toward a bachelor's degree.

Senior College Requirement: A minimum of 60 credit hours, excluding activity courses, must be earned from a baccalaureate degree awarding institution (i.e., from a four year school).

Maximum Transfer Credits: A maximum of 90 transfer credits may count toward graduation for a bachelor's degree.

Catalog Changes (Undergraduate & Graduate)

In an effort to ensure accuracy, East Central University (ECU) reserves the right to make changes to curricula, degree requirements, course offerings, program descriptions, and all policy regulations within the academic catalog at any time. The most up-to-date version of the catalog will be posted to the ECU website.

OSRHE Chapter 3.4 Academic Curricular Additions & Changes

Return to Table of Contents

Catalog Year Policy (Undergraduate & Graduate)

Purpose: The following language is intended to answer questions concerning which catalog year (i.e., degree requirements) a student will be held accountable to when applying for graduation (undergraduate (UG) and graduate (GR) levels) at East Central University (ECU).

What is continuous enrollment? (UG & GR)
A student is considered continuously enrolled if a transcribed grade exists for at least one credit hour, semester to semester, excluding summer, without a break of more than one calendar year.

When is catalog year assigned? (UG & GR)
A student's catalog year is initially assigned upon first enrolling at ECU. The statements below outline circumstances under which a student's catalog year is subject to change.

How will concurrent enrollment during high school impact catalog year? (UG Only)
Students attending ECU under a concurrent enrollment program prior to graduating high school, will have their catalog year updated to the current year if later admitted as a post-high school undergraduate. The change to catalog year will take place in the Admissions Office during the readmit process.

Can the catalog year for my general education requirements be changed? (UG Only)
The catalog year for general education requirements will always match the catalog year for your primary major. For students with more than one major course of study, the primary major will be the one the student has been pursuing for the longest period of time. It is not possible for a student to change the catalog year for general education requirements only. Such a change will always impact the catalog year for the primary major.

I am only pursuing one major. If I change that major, will my catalog year change as well? (UG & GR)
Continuously enrolled students who change their major, and who are only pursuing one major, will not have their catalog year changed unless they request to have the catalog year moved forward to a more recent catalog, or if the catalog year assigned to the previous major is not available for the new major. Importantly, changing the catalog year for the primary major will also impact general education requirements.

If I declare a second major, which catalog year will I be assigned? (UG & GR)
Continuously enrolled students who declare a secondary major will retain the same catalog year as currently assigned to the primary major – unless that student specifically requests a more recent catalog year for the secondary major, or if the catalog year assigned to the primary major is not available for the secondary major. Primary and secondary major programs of study are not required to follow the same catalog year.

How are catalog years assigned for a minor program? (UG only)
The assigned catalog year for a minor is not required to match the catalog year for any major program of study. When a minor is declared, the most up-to-date catalog year available at that time will be assigned to the minor.

Other institutional graduation requirements outside general education, major and minor (UG & GR)
The requirements will match the catalog year assigned to the primary major.

If I fall out of continuous enrollment, for how long may I keep my assigned catalog year?
Completed General Education Before Leaving ECU: If all general education requirements were fulfilled prior to the student falling out of continuous enrollment, then for a period of 3 years the student may *REQUEST* to return and finish his/her degree according to the catalog years assigned to all declared programs (majors and minors) when last attending. The request should take place *AFTER* being readmitted to ECU, and may be submitted via a paper form obtained from the Records office. The request must be submitted within six months of being readmitted.

Incomplete General Education Before Leaving ECU: If all general education requirements were not fulfilled prior to the student falling out of continuous enrollment, then after one calendar year all assigned catalog years will be reset to the most recent year. Students who were granted a Leave of Absence (LOA) prior to falling out of continuous enrollment may be allowed more time before having their catalog year reset – this will be subject to the terms of the LOA granted to the student. If the LOA permits additional time before resetting the catalog year, then *AFTER* being readmitted to ECU, the student must *REQUEST* to have his/her catalog year changed to what it was prior to falling out of continuous enrollment. The request may be submitted via a paper form obtained from the Records Office. The request must be submitted within six months of being readmitted.

Students with an Approved Graduation Application on File: If before falling out of continuous enrollment a student applied for graduation and had his/her application approved by the Records Office, then that student may REQUEST to return to ECU and complete the degree – *according to the terms of the existing graduation application* – for a period not to exceed 3 years. The request will be submitted via a paper form obtained from the Records Office. The request must be submitted within six months of being readmitted. This applies to all graduation requirements including general education, major, minor and any other institutional requirements, but is subject to the relevant programs and required courses still being available at ECU. After 3 years the application will no longer be valid. For students who return after 3 years, all current catalog year requirements at that time will apply toward graduation.

What if changes to program requirements are implemented while I am continuously enrolled at ECU?
If curriculum changes take place for the general education program, major program and/or minor program, students enrolled at the time will retain their assigned catalog year – unless a request is made to move to the new catalog year requirements. All policies outlined above will still apply.

Licensure Programs, OSRHE Policies and Catalog Year
For degree programs leading to licensure, the application of catalog year stated herein will apply except when current licensure requirements require otherwise. Academic policies are often guided by the requirements of professional licensing agencies. For students who fall out of continuous enrollment, the application of catalog year could also be impacted by policies governed by the Oklahoma State Regents for Higher Education (OSRHE) current at the time of readmission to ECU.

How do I update my degree requirements to the more recent catalog year?
Students must complete the form *titled Request to Move Catalog Year Forward*, which can be obtained either directly from the Records Office or from the office's web page. Importantly, this is different from the *Degree Change* form, which is used to change a student's major or declare a secondary major/minor. If after declaring a major or minor the student wishes to move the catalog year forward, *the Request to Move Catalog Year Forward* form must be completed.

Return to Table of Contents

Classification by Credits & Level (Undergraduate & Graduate)

Students are classified as follows based on the number of credit hours earned and the level of enrolled courses.
Freshman (FR) = zero (0) to 29 credit hours earned
Sophomore (SO) = 30 to 59 credit hours earned
Junior (JR) = 60 to 89 credit hours earned
Senior (SR) = 90 or more credit hours earned
Senior Enrolled in Graduate Courses (S+) = An undergraduate student with 90 or more credit hours earned who has been granted permission by the Dean of Graduate Studies to enroll in 5000 level courses.
Special Student-Not Reg Admit (SP) = An undergraduate student admitted under the non-degree seeking status.
Graduate Student (GR) = Having previously earned a bachelor's degree, the student has been admitted to one of ECU's graduate programs.
Special Graduate-Not Reg Admit (SG) = A student provisionally admitted to the School of Graduate Studies, permitted to enroll in a limited number of 5000 level courses, but considered as non-degree seeking.

"Pre-Baccalaureate" and "Post-Baccalaureate" are not what ECU considers to be classifications. How does ECU treat the terms?

Pre-Baccalaureate: This is commonly referred to as "Pre-Bac." ECU does not currently use this terminology.

Post-Baccalaureate: Commonly referred to as "Post-Bac," this refers to any student who has previously completed a bachelor's degree. Depending upon the circumstances, "Post-Bac" may or may not be coded for the student in Colleague. The handling of transfer credits for Post-Bac students can be found within the Transfer Credit Policies section of this document.

Return to Table of Contents

Commencement Participation (Undergraduate & Graduate)

Commencement (i.e., graduation) is held twice a year (December and May).

- Completing Degree in Fall = Will Participate in December Ceremony
- Completing Degree in Spring = Will Participate in May Ceremony
- Completing Degree in Summer = Option to Participate in May or December Ceremony

Students completing their degree in a fall or spring semester may not choose an alternative ceremony. Students completing their degree in the summer will have their name listed both in the May and December event programs. Inclusion in the May event program requires submitting a graduation application by the deadline announced at the start of spring semester. Summer graduates are not required to let ECU know which ceremony they plan to attend.

Graduation Fees: Fees are subject to ECU's fee structure at the time a student plans to complete his or her degree.

Delayed Commencement Participation: Only deployed active-duty U.S. Military members may delay their commencement participation beyond what is outlined at the beginning of this policy. Deployed active-duty U.S. Military members needing to delay their commencement participation should contact the registrar (registrar@ecok.edu).

Embassy Letters for Family Visitation: The Records Office does not write letters to the U.S. Embassy concerning a student's intent to graduate. ECU has confirmed that the U.S. Embassy does not take such letters into consideration when issuing visas. Students who would like family members from outside the United States to attend commencement are encouraged to be proactive and begin making arrangements early.

Return to Table of Contents

Course Identification (Undergraduate & Graduate)

Subject Prefix: The course prefix (e.g., BIOL) indicates the academic department offering the course.

Course Numbering System: The first digit in a course number reflects the class level. The last digit in a course number reflects the credit hours. For example, ENG 2243 is a sophomore level course offered by the English Department for three credit hours. BIOL-4123 is a senior level course offered by the Biology Department for three credit hours.

0000 – Below Freshman Level Course
1000 – Freshman Level Course
2000 – Sophomore Level Course
3000 – Junior Level Course
4000 – Senior Level Course
5000 – Masters Level Course
6000 – Doctorate Level Course
7000 – Doctorate Level Course

Some academic departments may place a letter before the course number, which indicates additional content information beyond the course prefix (e.g., HIST-A4993; seminar topic in America history).

Courses numbers including the first three digits 499 (undergraduate) or 599 (graduate) are Individual Study courses (see policy below).

Individual Study (I.S.) Course: I.S. courses permit an academic department to offer subject content not matching an existing course in the East Central University (ECU) catalog. Only nine credit hours of I.S. courses may count toward graduation at the undergraduate level. All I.S. courses must be approved by the college dean. Students interested in an I.S. course should speak with the academic department offering the relevant subject matter. All I.S. course requests must reach the Records Office (i.e., all prior Etrieve approvals obtained) by the last day to add courses for the term/semester in which the course is to be offered. Late course requests will not be accepted.

Taught-By-Arrangement (TBA) Course: TBA courses are to be used only under special circumstances that warrant offering an existing East Central University course to a single student. All TBA courses must be approved by the college dean. Students interested in a TBA course should speak with the academic department offering the relevant subject matter. All TBA course requests must reach the Records Office (i.e., all prior Etrieve approvals obtained) by the last day to add courses for the term/semester in which the course is to be offered. Late course requests will not be accepted. TBA courses are not intended as a mechanism for offering regularly scheduled courses that were canceled due to low enrollment.

Return to Table of Contents

Course Late Adds, Drops & Withdrawals (Undergraduate & Graduate)

Deadlines for adding late, dropping and withdrawing from courses are available within the academic calendar. All enrolled students have a responsibility to familiarize themselves with important dates. East Central University (ECU) is not responsible for a student's failure to be knowledgeable of, and abide by, these deadlines. When a student registers for a course, ECU is no longer able to offer that seat to another paying student. A debt to ECU is also a debt to the State of Oklahoma. Students who fail to drop their courses by the deadline, and/or who fail to follow the correct drop process, will be required to pay all monies owed to ECU.

Terminology:

Late Add: After the last day to add courses and no later than the last day to drop courses (see academic calendar), students may complete a late add card and submit it to the Records Office. The card will be obtained from and submitted to the Records Office. Late add cards will require a signature from the course instructor, the college dean and the financial aid office. Athletes and international students will also be required to obtain a signature from their certifying officials.

Course Drop: A course drop may take place between the time a student registers for the course and the last day to drop as stated on the academic calendar. The last day to drop will also be the last day to receive a refund for tuition and fees. Some charges may be prorated depending upon services utilized prior to the drop date. Courses may be dropped online in Colleague Self-Service through the last day to drop. Alternatively, students may complete a paper drop card or a drop/withdrawal form on Etrieve.

Course Withdrawal: A course withdrawal may take place between the day after the last day to drop and the last day for a withdrawal as stated on the academic calendar. Courses may be withdrawn from by submitting a drop/withdrawal form in Etrieve. A refund will not be issued for withdrawn courses. The grade of "W" will be posted to the transcript at the end of term for any withdrawn courses.

Administrative Withdrawal: Students may not request an administrative withdrawal. This type of withdrawal takes place when either the course instructor or university administration determine a student must be unenrolled. A refund will not be issued for administratively withdrawn courses. The grade of "AW" will be posted to the transcript at the end of term. The deadline for instructional faculty to request an administrative withdrawal is the same as the deadline for students to request a withdrawal each academic term/semester.

Never-Attended or "No-Show:" Faculty members have a period of time at the beginning of each term/semester, ending on or about the last day for course drops, when they can report students who never attended class. Only those students who are reported as never-attending for all their currently in-progress courses will be administratively dropped.

Once dropped from courses due to the no-show reporting process, a student may not be added back to a single course. If added back to one course, the student must be added back to all courses dropped due to the no-show process. These course adds will be subject to the approvals required by the late-add form, which is available in the Records Office. The Registrar will only add a student back to courses after late-add forms have been submitted for all courses dropped as a result of the no-show reporting process.

- 1st 8-Week & 16-Week Courses (August/January): Students reported as no-show for all in-progress 1st 8-Week and 16-Week courses will be administratively dropped for all enrolled 1st 8-Week, 16-Week and 2nd 8-Week courses. Students who wish to re-enroll in 2nd 8-Week courses may do so subject to current course availability and enrollment deadlines.
- 2nd 8-Week Courses (October/March): Students reported as no-show for all 2nd 8-Week courses will be administratively dropped from those courses. Any further no-show entries for 1st 8-Week or 16-Week courses made at this time will not result in administrative course drops.
- Summer (June): Students reported as no-show for all 8-Week summer courses will be administratively dropped from those courses.
- Intersession (December/May): Faculty members may reports students as no-show by sending an email to the University Registrar. The email should contain the following information:
  - Student's First & Last Name
  - Student's ECU ID
  - Course Information (Prefix/Number/Section/Title)

No Active Program Drop: During the first week of classes for all terms/semesters, any student enrolled without having an active academic program will be dropped from all courses. An "active program" is one the student has formally declared he/she is pursuing for the purpose of graduation. Seldom will enrolled students not have an active academic program, but when this does occur it complicates federally mandated enrollment reporting requirements for ECU. Students who are dropped for this reason will not be charged for tuition and fees. Students subject to this policy may re-enroll via the late add process with the permission of their instructor and college dean.

Medical Withdrawal: Students withdrawing for medical reasons prior to the last day to withdraw need not follow a special process. Completing the drop/withdrawal form in Etrieve will result in a withdrawal with W-grades. On the Etrieve form the student should select "medical" as their reason for withdrawing. These students may also wish to review the leave of absence policy.

Late Medical Withdrawal: Students who experience a medical related extenuating circumstance after the last day to withdraw may request a late medical withdrawal. The appropriate form may be found on the Records Office web page. The form may also be obtained directly from the Records Office. For currently enrolled students, any email communications sent to the Records Office must come from the student's own ecok.edu account.

Late Medical Withdrawal Policy: A late medical withdrawal may only be requested for the term/semester during which the medical circumstances occurred. Relevant medical documentation from a pertinent and licensed health care professional will be required. The above-mentioned request form must be submitted to the Records Office within one calendar year after the term/semester ends. Qualified medical events apply only to the student (not the student's family members or friends). The Records Office will coordinate with the Office of Academic Affairs to have the request reviewed. The final decision will be communicated to the student directly from Academic Affairs. If approved, relevant courses will be assigned a GPA neutral grade of "W."

Last Day of Attendance (LDA) for Late/Backdated Withdrawals: Effective Fall 2026, if administration grants an exception permitting a W-grade to be assigned after the withdrawal deadline, the last day of attendance for that enrollment action will be dated to withdrawal deadline posted publicly to the academic calendar.

Return to Table of Contents

Course Load Maximums & Overload (Undergraduate & Graduate)

This policy outlines the maximum workload for students during a term/semester. It is expected that a full-time college student will spend, at a minimum, an amount of time each week in class attendance and study outside of class approaching 40-hours per week. Students who wish to pursue an overload of course credits should only expect to be granted permission if they have previously demonstrated superior academic achievement.

Undergraduate Students: Below are the maximum credit hours a student may register for without obtaining special permission from the college dean. The appropriate college dean will be the one overseeing the student's major program of study.

- Maximum 20 credit hours for 16-week fall and spring semesters
- Maximum 10 credit hours for 8-week summer sessions

Students who wish to exceed the limits above must contact the college dean directly. If the dean approves, he/she will email the registrar with the additional course/s. The approval will be recorded in the student's permanent record. Oklahoma State Regents for Higher Education (OSRHE) does set the following

maximum beyond which the college dean cannot approve an exception. ECU does not permit students under any circumstances to exceed the OSRHE maximums.

- Maximum of 24 credit hours during a 16-Week semester (fall/spring).
- Maximum of 12 credit hours during an 8-Week term (summer session).

The limits listed above do not apply to academic credit awarded on the basis of advanced standing exams. Based on an individual student's academic program and/or performance, ECU retains the right to further limit academic load below the limits listed in this policy.

OSRHE Chapter 3.13 Undergraduate Course Load & Overload

Graduate Students: Below are the maximum credit hours a student may register for without obtaining special permission from the Dean of Graduate Studies. Students who wish to exceed these limits must contact the dean directly. OSRHE does not set its own maximums for graduate level enrollment.

- Maximum 12 credit hours for 16-week fall and spring semesters
- Maximum 9 credit hours for 8-week summer sessions

Return to Table of Contents

Course Load Non-Degree Seeking (Undergraduate & Graduate)

Students attending East Central University (ECU) post high school graduation, and who do not intend to earn a degree, are limited to the following number of overall hours prior to applying for full admission to the university.

- Undergraduate Enrollment: 9hrs
  - Students will be assigned program code SPEC.STU.UNDG.
- Graduate Enrollment: 12hrs
  - Students will be assigned program code SPEC.STU.GRAD.
  - Students wishing to continue attending graduate courses after earning a master's degree, without pursuing a second graduate degree, should consult the Office of Graduate Studies.

Immediate Return After Bachelor's Degree: Students may continue attending undergraduate courses immediately after earning a bachelor's degree, without the intent to pursue a second bachelor's, and not be readmitted via the Office of Admissions. Prior to the first day of classes for the semester (fall/spring) immediately following the award of a bachelor's degree, the student must complete an Etrieve form titled *Immediate Readmit after Graduation for Continued UG Enrollment.*

- Enrollment will be limited to a maximum of two 16-week semesters.
  - Students will be assigned program code SPEC.STU.POSTBAC. When assigned, the program will be set to end two semesters from the start date.

Return to Table of Contents

Course Load Recommendations (Undergraduate & Graduate)

Undergraduate Students: Students aspiring to graduate with a bachelor's degree in four years should plan to complete 15-16 credit hours during each 16-week semester. A student who enrolls in less should plan to complete summer courses in order to graduate in four years.

Graduate Students: Students aspiring to graduate with a master's degree in two years should consult with their program advisor. Depending upon the required curriculum the recommended credit load may vary. For maximum course load credit hours, please see the relevant policy above.

Return to Table of Contents

Course Substitution Limits (Undergraduate & Graduate)

What is a course substitution?A substitution occurs when the University allows a course, other than what is required by the academic catalog, to count toward a graduation requirement. Course substitutions are the exception, not the rule, allowing students to continue progressing in a timely manner without compromising academic standards. Course substitutions should only be utilized under the circumstances outlined in this policy, or when the college dean determines that extenuating circumstances warrant alternative consideration.

How many substitutions can a student have? ECU does not place a formal limit on the number of substitutions involving transfer courses. However, it is expected that transfer courses will only be used as substitutions for ECU courses in accordance with this policy. The substitution of one ECU course for another ECU course is limited to nine credit hours for undergraduate and graduate students.

When may a substitution be appropriate? At the discretion of the college dean, course substitutions may be appropriate under the following circumstances.

Required Course No Longer Offered: When the course required by the academic catalog is no longer offered and has been deleted via a course deletion proposal submitted to the curricular committee.

Program/Curricular Changes: When an academic department updates their curriculum, they are expected to make every effort to ensure that continuing students have access to the courses required according to the catalog year assigned to them. Academic Departments are expected to proactively plan for the fulfillment of this responsibility before submitting curricular changes. Substitutions are not intended as a tool to avoid this responsibility. However, at the discretion of the college dean, if it is determined that an extenuating circumstance brought on by a curricular change has placed a student at a disadvantage, the dean has the authority to resolve the matter by granting a course substitution.

Transfer Courses: Not all transfer courses are assigned equivalency status with an ECU course upon admission to the University. Transfer credits without an ECU course equivalency may later be noticed by academic advisors and used as course substitutions. This is permitted. Importantly, it is expected that the substituting course be a suitable replacement for the ECU course, with appropriate consideration given to learning outcomes and pedagogical approach. To facilitate the accuracy of advising, and to prevent future students from requiring the same course substitution, effective Spring 2026 any time a general (or department specific general) transfer course is approved as a substitution, that course will be added to the transfer matrix as equivalent to the ECU course it is substituting.

Short of Hours but Course Requirements Satisfied: This can be thought of as a substitution involving credit hours only. Sometimes, likely due to transfer course hours being less than ECU course hours, a student will have met the course requirements for their major but be short on credit hours. In these cases, if the student has completed additional courses with a subject prefix matching the major, and which are not already being counted toward major requirements, then the academic department overseeing the major program may choose to allow these courses to fill the credit hour gap.

Documented Disability: A registered disability prevents the student from fulfilling a specific course requirement and a suitable alternative course exists.

Study Abroad Programs: Courses taken abroad may substitute for required coursework if they meet appropriate academic standards and learning outcomes.

Nationally or Non-Accredited Transfer Courses Previously Accepted: ECU offers students with nationally or non-accredited transfer courses the opportunity to submit those courses to faculty experts for evaluation. If accepted for transfer the same courses are often also followed up by course substitutions in order to count toward graduation requirements.

When is a course substitution usually not appropriate? A course substitution would likely be inappropriate under the following circumstances.

Student Preference: The student prefers another course due to interest, instructor, perceived difficulty, or scheduling convenience.

GPA Considerations: The student seeks a substitution to avoid a course perceived as difficult and likely to lower GPA.

Lack of Planning: The student failed to take the course in a timely manner due to poor academic planning or neglecting to follow program guidelines.

Non-Equivalent Course Content: The proposed substitution does not adequately meet the academic level or learning outcomes of the required course.

Financial Aid or Tuition Reasons: Financial constraints alone do not warrant a course substitution.

Major/Minor Exploration: The student took a course while previously pursuing another major program. The student has since changed majors, and the course is no longer required for graduation. The student seeks a substitution as a means of having the course count toward his/her new major program.

Understanding Transfer Transcription & Course Substitutions

Transfer Credit Not on ECU Transcript = No Substitution: A course substitution cannot be applied, and therefore should not be requested, before relevant transfer credit has been applied to the ECU transcript. Academic advisors can know if the transfer credit has been applied by viewing the transfer summary for their advisee in Colleague Self-Service.

Official Transfer Transcripts Are Required: Prior credit will not be transcribed at ECU without an official transfer transcript having been received by the Records Office. The Office of Admissions will only pass forward to the Records Office the official transcript IF the student has either registered for classes or signed an Intent to Enroll Form.

Transfer Evaluation & Transcription Take Time: The Records Office evaluates and transcribes approximately 800 to 1000 transfer transcripts a semester. To maintain fairness for all transfer students, as a matter of standing practice the Records Office will not grant requests to expedite specific evaluations. Students and their advisors should anticipate all transfer work to be evaluated and transcribed prior to the start of the second registration cycle after matriculation. For example, a new Fall 2025 student should expect to have his/her transfer work evaluated and transcribed sometime prior to April 2026.

The Benefit of Transfer Courses in Matrices: A transfer matrix is a database of course equivalencies (transfer course = ECU course) that are guaranteed for any incoming student. This does not mean the credit immediately appears on the ECU transcript upon entry into the transfer matrix. The Records Office still must manually apply the credit, though with the benefit of not having to send the course to an academic department for review.
Download Guide: Counting Substitutions in Colleague Progress Tab

Return to Table of Contents

Curriculum Changes (Undergraduate & Graduate)

New curriculum changes approved by East Central University's (ECU) Curricular Committee will not be implemented until the following catalog year. Those changes requiring approval from the Oklahoma State Regents for Higher Education (OSRHE) may not be applied to the course schedule until such approval is obtained and documented in the Records Office.

Return to Table of Contents

Degree Awarding & Diploma Timeline (Undergraduate & Graduate)

How soon will my degree be awarded?
East Central University (ECU) is committed to working through the process of awarding degrees as quickly as possible. However, it is a process and it does take time. Degrees are not awarded the day of commencement. ECU's academic faculty are not required to submit final semester/term grades until the Tuesday after commencement. From that day, the State of Oklahoma allows ECU ten (10) business days to awarded degrees and post a degree statement to the transcript. ECU does not prioritize students during the awarding process under any circumstances - no exceptions. Graduating students are expected to plan ahead with the expectation that their transcript will not reflect an awarded degree until 10 business days after final grades are due. At the end of fall semester the 10 business days will extend beyond the Christmas break.

When will I receive my diploma?
Diplomas will not be printed, mailed or made available for pick-up until after all degrees are awarded and transcripts updated with degree statements. The process of creating and proofing diplomas does take time. ECU is committed to ensuring diplomas are accurate. Graduating students who opt to pick their diploma up in person from the Records Office, will receive an email notification when the diploma is ready. Graduates who opt to have their diploma mailed should understand that ECU is not responsible for the shipping time incurred by the U.S. Postal Service. Overnight and other expedited shipping methods are not available.

Diploma Format
All diplomas will be submitted in a printed format. Electronic diplomas are not available. Exceptions to this policy will not be made.

Diploma Replacement

Students who are currently attending or who have attended within the past calendar year may request a diploma replacement in Etrieve. Students who stopped attending more than a year ago may download a PDF form from the Records Office webpage. ECU does charge a $25 fee per replacement copy. Diploma replacements will not be issued to students who owe ECU an outstanding account balance.

Return to Table of Contents

Degree & Program Declarations (Undergraduate & Graduate)

Students will select their desired degree (e.g., Bachelor of Science) and program (e.g., Mathematics) upon being admitted to East Central University. After being admitted, students may change their degree and/or program by completing the appropriate electronic form in Etrieve. Any student considering a change in degree or program is encouraged to consult with an academic advisor before submitting the Etrieve form. A few very specific exceptions excluded, only those academic programs leading to an awarded credential will be formally assigned to a student as a major course of study.

Effective Summer 2026, all ECU students are limited to a maximum of six declared programs. The *only* type of programs not included within the six maximum are undergraduate minors. If a student submits a request that would exceed the maximum limit, the Records Office will deny that request. The student will then be required to discontinue an existing program before adding new curriculum. Exceptions will not be made to exceed the limit just before graduation.

Effective Fall 2023, undergraduate pre-professional designations (e.g., pre-medical) will not be assigned to a student's formal curricular record. Students should consult with their major program advisor concerning opportunities to advance their desired career path.

Return to Table of Contents

English Proficiency Requirement for Faculty (Undergraduate & Graduate)

Instructors at East Central University are required to meet minimum English Proficiency standards. The Oklahoma State Legislature requires all public schools to establish and abide by a set of standards. East Central University's policy is printed in the Faculty Handbook. If a student feels a complaint should be filed in reference to an instructor's English Proficiency, he or she may do so in the Office of the President of the University.

Return to Table of Contents

Enrollment Status (Undergraduate & Graduate)

A student's status is based on the number of enrolled credit hours (hrs) for a given term/semester.

Undergraduate Students

- 16-Week Fall & Spring Semesters
  - Full-Time is 12hrs or more
  - Three-Quarters Time is 9-11hrs
  - Half-Time is 6-8hrs
  - Less than Half-Time is 1hr – 5hr
- 8-Week Summer Term
  - Full-Time is 6hrs or more
  - Half-Time is 3-5hrs
  - Less than Half-Time is 1-2

Note: Three-Quarter time is not calculated during summer terms.

Graduate Students: Graduate enrollment does not include three-quarter time.

- 16-Week Fall & Spring Semesters
  - Full-Time is 9hrs or more
  - Half-Time is 5-8hrs
  - Less than Half-Time is 1-4hrs
- 8-Week Summer Term
  - Full-Time is 5hrs or more
  - Half-Time is 3-4hrs
  - Less than Half-Time is 1-2hrs

Return to Table of Contents

Enrollment & Degree Verification Requests (Undergraduate & Graduate)

**An exception to this policy involves third-party forms intended for scholarship recipients. For the exception to apply, the form must clearly state that it relates to a scholarship. Scholarship forms requiring enrollment verification or other information mentioned below should be submitted to the ECU Records Office.*

Verification of Past Enrollment: All currently and recently enrolled students may request an enrollment verification via the Etrieve system, which remains available to students for up to one calendar year after they stop attending. During the the one-year time frame, ECU will not accept enrollment verification requests submitted by alternative means.

For students who have gone unenrolled for more than one calendar year, the correct method of verifying past enrollment is to request an official transcript. ECU will only *consider* accommodating alternative requests if submitted along with documentation from the receiving institution/organization/employer stating that official transcripts will not be accepted. In those cases, the information provided by ECU will be limited to first/last term attended, most recent program, and graduation status (graduated or not graduated), and an estimation of anticipated graduation date. ECU reserves the right to deny any request that would require an unreasonable and inordinate amount of effort and resources to fulfill.

Statement of Anticipated Graduation Date: Students seeking a statement of anticipated graduation should complete the enrollment verification form in Etrieve. The form allows the student to indicate that he/she would like to include an anticipated graduation date. The anticipated graduation date will be an estimation based on credits earned to date - it will not reflect a formal evaluation of progress to degree completion.

Verification of Awarded Degree: Students wishing to verify an awarded ECU degree should request an official transcript, or direct the intended receiving institution/organization/employer to the National Student Clearinghouse for degree verification services. ECU will only verify by alternative methods if the student provides documentation stating that the above options are insufficient to fulfill the request.

Letters of Non-Attendance: Students requiring this letter should download the appropriate form from the Records Office webpage, and submitted the completed form along with clear and legible copy of a valid government issued id to registrar@ecok.edu. Alternatively, the form and id may be faxed to the number posted to the Records Office webpage.

Return to Table of Contents

FERPA Act of 1974 (Undergraduate & Graduate)

The Family Education Rights & Privacy Active of 1974 (FERPA) is a federal law that governs the access to educational information and records by public entities. Students are encouraged to carefully review relevant pages on the East Central University (ECU) website outlining key elements of FERPA legislation and campus related policies.

Consent to Release: Students have the right to inform ECU of their consent for education related records to be released to specific individuals. Consent cannot be given for an organization, but only for a specific individual. The release form can be submitted via Etrieve and is titled FERPA Student Information Release Authorization. Below are important facts a student should be aware of before submitting a consent to release.

- The release may be revoked by the student at any time.
- The release will require the student to assign a alphanumeric PIN, which ECU will ask for before releasing any information to the intended party. It is the student's responsibility to make sure that the relevant person has the PIN when requesting information.
- When consenting to release information, the student may choose any or all of the following.
    - Academic Information
        - Each authorization is only valid for one year from the date submitted.
    - Financial Aid or Billing Information
        - Each authorization is valid until revoked by the student.

Privacy Flag: FERPA does permit release without consent under certain circumstances. The most common is what FERPA refers to as requests for directory information (see ECU website for a list of what is considered directory information). Directory Information for enrolled students may be requested by a variety of public entities for a variety of reasons. Students who request a privacy flag will not have their information included within directory information requests. Importantly, even with a privacy flag in place, FERPA permits ECU to release information under very limited circumstances (e.g., safety emergencies). Students who would like to request a privacy flag should stop by the Records Office, or email the office at registrar@ecok.edu including their full name (first/last), date of birth, and ECU student ID number. Email communication must take place via an ecok.edu email address.

Return to Table of Contents

Grading Policy (Undergraduate & Graduate)

Consistent with RUSO policy, ECU faculty assign student grades solely on an academic basis, which includes, but is not limited to, the student's attendance, demonstrated knowledge or understanding of the content of the course of study, and ability to maintain standards of academic performance established for the course. Student grades are prohibited from being evaluated based on the student's personal opinions, beliefs, or conduct in matters unrelated to academic performance.

Grading System: The following grades and respective definitions will be used for East Central University (ECU) transcript notations.

Grade	Points Per Semester House	Description
A	4pts	Excellent
B	3pts	Good
C	2pts	Average
D	1pt	Lowest Passing
F	0pts	Failing
P	0pts	Passing
NP	0pts	No Pass
I	0pts	Incomplete
W	No Grade	Withdrew
AW	No Grade	Administrative Withdraw
AU	No Grade	Audit
NR	No Grade	No Grade Submitted
X	No Grade	Dissertation in Progress

Incomplete (I) Grade: An incomplete grade may be used at the instructor's discretion to indicate that additional work is necessary to complete a course. An incomplete grade is not a substitute for a failing grade. An I-grade is GPA Neutral. I-grades count in attempted hours but not earned hours.

- Requirements (I) Grade: Students who are failing a course at the end of the term/semester are not eligible for an I-grade. To be eligible for an I-grade the student must have already completed 70% of the required coursework at a satisfactory level (i.e., C-grade or above).
- Timeline (I) Grade: The maximum timeframe to complete remaining assignments for an I-grade is one calendar year. However, the course instructor may set an earlier deadline. If all remaining coursework is not completed by the deadline, the faculty member will assign an appropriate grade based on completed work. After one calendar year, if a grade change has not been submitted, 2024 Oklahoma State Regents for Higher Education (OSRHE) policy requires that the I-grade remain permanently on the transcript. All grade changes must be submitted by the final grade entry deadline for the respective term/semester occurring one year after the I-grade was assigned.

Audit (AU) Grade: Audit enrollment status is intended for students who are not interested in receiving a grade, but are only attending the course for content knowledge. An AU-grade is GPA neutral. AU-grades do not count in attempted or earned hours.

Graded vs. Audit Enrollment Changes: The deadline to change from audit status to grade status is the last day to add courses for the term/semester. Students requesting this change must first meet appropriate institutional admission standards. The deadline to change from credit to audit is the same as the last day to withdraw from a course with a W-grade.

Withdrawal (W) Grade: Withdrawals begin after the course drop period. Students should view the academic calendar for specific dates. Student initiated withdrawals will result in a W-grade on the transcript. W-grades will not show on the ECU transcript until the end of the term/semester. W-grades are GPA neutral. W-grades will count in attempted but not earned hours. The deadline to receive a W-grade for each term/semester is posted to the academic calendar. After the deadline all enrolled students will receive a final grade appropriate to their enrollment. Students who wish to withdraw from courses are required to complete the drop/withdrawal form in Etrieve.

Administrative Withdrawal (AW) Grade: Administrative withdrawals occur when either the course instructor or ECU administration determine the student must be removed from a course. Refunds will not be granted for tuition and fees. Students may not request an administrative withdrawal. The AW-grade is GPA neutral. AW-grades will count in attempted but not earned hours.

Pass (P) or No-Pass (NP): This grading option is available only in courses for which academic faculty have deemed it appropriate. Both the P-grade and NP-grade are GPA neutral, and will be included in the calculation of attempted and earned hours.

- P-Grade: Signifies that the student did meet the minimum course requirements and that credit was earned.
- NP-Grade: Signifies that the student failed to meet the minimum course requirements and that credit was not earned.

Not Reported (NR): ECU reserves the right to assign a NR-grade if circumstances make it impossible for the course instructor to submit a final grade. As instructional faculty are required to submit their grades promptly at the end of each term/semester, NR-grades are rare occurrences. The NR-grade is GPA Neutral and will count in attempted but not earned hours.

Dissertation in Progress (X): The X-grade signifies that an enrolled course section devoted to dissertation work remains in progress after the original term/semester has ended. The X-grade is GPA neutral and will count in attempted but not earned hours.

Grade Point Averages: ECU transcripts will include the following grade point averages. Beginning Fall 2026, these GPA definitions can also be found on the last page of an ECU official transcript.

- **Term GPA:** Reflects the outcome of a specific academic term. The calculation is not influenced by other academic terms. If courses completed during the academic term are later deemed forgiven, the "Term" calculation will not change. The calculation will always reflect the original outcome for the academic term under which it is listed. The calculation will not include GPA neutral grades.
- **Cumulative Graduate Retention GPA:**Beginning Fall 2026, the calculation is identified on the transcript as "CUM (GRD RTN)." This is the primary GPA calculation for degree completion. Prior to Fall 2026, this GPA was commonly referred to as simply "graduate retention." The GPA calculation captures the accumulated outcome of previous CUM (GRD RTN) calculations up to and including the relevant academic term. The CUM (GRD RTN) GPA listed on the transcript under a specific term is subject to change if a course under that term is later deemed forgiven. The GPA calculation will include grades from transfer courses and ECU courses but not forgiven courses or GPA neutral courses.
- **Overall Cumulative GPA:** Beginning Fall 2026, the calculation is identified on the transcript as "OVERALL CUM." Prior to Fall 2026, this GPA was commonly referred to as simply "cumulative" or "overall." The GPA calculation captures the accumulated outcome of previous OVERALL CUM calculations up to and including the relevant academic term. The GPA calculation includes transfer courses, ECU courses, and forgiven courses. The GPA calculation will not include GPA neutral grades.
- **Institutional (ECU) Graduate Retention:** Beginning Fall 2026, the calculation is identified on the transcript as "INST (GRD RTN)." Prior to Fall 2026, this GPA was commonly referred to as "ECU retention." The GPA calculation captures the accumulated outcome of previous INST (GRD RTN) calculations up to and including the relevant academic term. The INST (GRD RTN) GPA listed on the transcript under a specific term is subject to change if a course under that term is later deemed forgiven. The GPA calculation will include only grades from courses completed at ECU. The GPA calculation will not include transfer courses, forgiven courses, or GPA neutral grades.

Calculating GPA: Below are the steps for calculating GPA. Calculations are rounded to the nearest one-hundredth. For example, 1.594 would be rounded to 1.59. 1.595 would be rounded to 1.60.

- Step 1: Individually, for each course to be included in the calculation, multiply the grade points by the credit hours earned.
- Step 2: Add together the value for each course obtained in Step 1.
- Step 3: The total value obtained in Step 2 is to be divided by the overall number of attempted hours across the courses included within the calculation.

Example:

Crse. = Course
CrHrs. = Credit Hours for Course (Attempted Hours)
Grd. = Final Grade Assigned
Grd. Pts. = Point Value for Final Grade
ErnHrs. = Hours Earned for Course

	CrHrs.	Grd.	Grd. Pts.	ErnHrs	**Step 1** Calculation
Crse. 1	3	A	4	3	12
Crse. 2	4	B	3	4	12
Crse. 3	1	C	2	1	2
Crse. 4	3	F	0	0	0
			Step 2 Calculation = 26		
Total Attempted Hours is 11					
Step 3 Calculation: (26 / 11) = 2.36 Grade Point Average					

GPA Neutral Grades: Below are grades assigned by ECU that are not included within GPA calculations.

I = Incomplete
AU = Audit
W = Withdrawal
AW = Administrative Withdrawal
P = Pass
NP = No-Pass
NR = Not Reported
X = Dissertation in Progress

Academic Forgiveness: These policies are intended to help students recover from past academic problems so as to not indefinitely jeopardize academic standing. ECU offers three forms of academic forgiveness (repeated courses, academic reprieve and academic renewal) – see below for details.

Repeated Courses (Academic Forgiveness): Effective Fall 2026, ECU's course repeat policy underwent significant change. The changes were required for compliance with state policy and to improve institutional academic operations as they relate to repetitive course attempts at the undergraduate level.

(UG) Course Not Intended to Be Taken Multiple Times: This applies to most of the courses a student will complete at ECU. For each course it is intended that students will only need to complete it one time. However, students who experience difficulty in the course may choose to repeat it. ECU does not limit the number of attempts. Only the attempt with the best grade will count towards hours, points and GPA calculations.

(UG) Courses That Are Intended to Be Taken Multiple Times: Some academic programs include courses that are designed to be completed multiple times – not to replace a prior grade, but for each grade to count and influence GPA. When a limit exists on the number of times a student is expected to complete the course, any further attempts will count toward points and divisor values (i.e., GPA Calculations), but no additional earned hours will be applied. In these circumstances, at no point is grade forgiveness applied for prior attempts.

(GR) Graduate Level Course Repeats: The original grade remains visible on the transcript, but all prior attempts are considered forgiven. Only the last grade counts. The earned hours and all GPA points are removed for prior attempts. There are no limits set at the institution level for how many times a graduate course can be repeated. However, academic departments may set their own limits for individual courses.

Academic Reprieve (Academic Forgiveness): Academic Reprieve allows a student who has experienced extraordinary circumstances to have no more than two semesters of course work removed from two of the four GPA calculations.

- Cumulative Graduate Retention = Reprieve Will Remove From GPA
- Institutional (ECU) Graduate Retention = Reprieve Will Remove From GPA
- Term GPA = Reprieve Will NOT Remove from GPA
- Overall Cumulative = Reprieve Will NOT Remove from GPA

Academic reprieve may be requested for either one semester or two consecutive semesters only. If a student requests reprieve for two semesters, ECU reserves the right to only grant one semester. If the reprieve is awarded all courses and original grades will remain on the ECU transcript.

Course work with a passing grade during the reprieve semester may still be used to demonstrate subject matter competency. However, the course work may not be used to fulfill credit hour requirements toward graduation.

Effective Fall 2026, all requests for academic reprieve should be made prior to submitting a graduation application. If received after submission of a graduation application, the reprieve request will be denied until such time as the student cancels the existing application and submits a new one. If the graduation application deadline has passed, or insufficient time exist to submit a new application, then the request for reprieve will not be accommodated. The only pathway to obtain the reprieve will be to delay graduation to another term/semester.

Reprieve Eligibility Requirement: Before requesting academic reprieve the student must have earned a GPA of 2.0 or higher with no grade lower than a "C" in all regularly graded course work (a minimum of 12 credit hours) excluding activity or performance courses.

Academic Renewal (Academic Forgiveness): Academic renewal allows a student who has experienced extraordinary circumstances in the past, and who has been out of higher education for a number of years, to recover without penalty and have a fresh start. If granted, all courses and grades prior to the renewal date will remain on the ECU transcript, but will be excluded from GPA calculations. Neither the course content nor credit hours may be used to fulfill graduation requirements.

Effective Fall 2026, all requests for academic renewal should be made prior to submitting a graduation application. If received after submission of a graduation application, the renewal request will be denied until such time as the student cancels the existing application and submits a new one. If the graduation application deadline has passed, or insufficient time exist to submit a new application, then the request for renewal will not be accommodated. The only pathway to obtain the renewal will be to delay graduation to another term/semester.

Renewal Eligibility Requirements: At least three years must have elapsed between the last semester being renewed and the renewal request. At the discretion of the Chief Academic Officer, a shorter period of time may be permitted. Prior to requesting the renewal, the student must have earned a GPA of 2.0 or higher with no grade lower than a "C" in all regularly graded course work (a minimum of 12 credit hours) excluding activity or performance courses.

Mid-Semester Grade Policy: Mid-Semester grades are required for all undergraduate courses scheduled during 16-week semesters. Instructional faculty are required to submit their grades either via Colleague Self-Service or Blackboard. The deadline to submit mid-semester grades will be set each semester by the registrar.

Final Grade Submission Policy: Instructional faculty are required to submit final grades for all courses at the end of each term/semester. Below are policies applicable to the entry of final grades.

- **Last Day of Attendance:** Faculty are required to enter Last Day of Attendance (LDA) for all grades of F, NP, I, AW and W. LDA is not to be entered for other grades.
- **Students That Never Attended:** Faculty are required to report these students at the beginning of each term/semester. Importantly, only students reported for all their enrolled courses will be dropped. At the end of term/semester, if a student reported as non-attending remains on the roster, then a F-grade must be entered. Because the never attended flag is already present, an LDA is not required.
- **Student Reported as Never Attended but Began Later in Term/Semester:** The appropriate final grade will be whatever the student earned. Requirements for reporting LDA are the same as stated above. In this case the course instructor will be required to uncheck the never attended flag before entering a final grade.

Note: Further instructions concerning the use of Colleague Self-Service and Blackboard are provided to faculty prior to final grade submission. The registrar provides these instructions via email.

Grade Appeal: The University believes students should be given the opportunity to meet with instructors and department chairman to resolve issues concerning assigned grades. Student grade appeals are not intended to interfere with the instructor's right to determine the evaluation process and to perform that evaluation. Evaluation of student academic performance is the professional responsibility of instructors. However, in rare situations, students may believe that the final course grade awarded was inconsistent with stated evaluation expectations. The grade change process must be initiated no later than the first day of September for spring and summer courses, and no later than the first day of February for fall courses. A student appealing a grade must provide written justification that includes clear and convincing evidence that one or more of the following conditions occurred:

- An error was made in calculating the grade;
- Standards used to determine the grade were not consistent with university policies; or
- The Instructor departed substantially from his or her own written standards without notifying students of the change.

A final course grade appeal should be initiated only after the student has discussed the disputed grade with the instructor of the course. Students may contact instructors any time after grades have been submitted to attempt to resolve the issue. Because instructors may not be available outside semester (fall/spring) class days, the formal appeal process will begin after the start of the following semester (fall/spring). If the instructor is available and the student and instructor reach an agreement that includes a grade change, the instructor will complete the grade change form and submit it to the Records Office.

If an agreement cannot be reached, the student may proceed with the contested grade appeal procedure. The suggested timeline can be found at the end of this policy. If the contested grade prevents enrollment, the student may request the appeal process be expedited by contacting the department chair. If the chair and instructor are available and in agreement, the department chair may make an exception to the listed deadlines and agree to begin the appeal process before the start of the following semester. Although the process may be completed in fewer days, the sequence and time-frame for each step will be adhered to if needed.

Additional Notes Regarding the Appeal Process

- All communications will be via University email.

- If the student does not respond to their University email from an ECU administrator by the deadline or attend a scheduled meeting, the appeal process is concluded and the grade remains unchanged.
- The student must submit the grade appeal form (obtain online on Registrar's forms page).
- If the instructor is no longer employed by the University, the student should contact the department chair to resolve the issue.
- If the department chair is also the course instructor, the dean of the College/School assumes the responsibilities of the department chair.
- The student may bring a support person to any meeting(s)/hearing(s) regarding the grade appeal, but the support person may not participate.
- As this is an institutional appeal, no legal counsel may be present.
- For undergraduate grade appeals, the appropriate office is Academic Affairs. For graduate appeals, the appropriate office is the Graduate School.
- For undergraduate grade appeals the appropriate official who reviews the appeal information is the Provost. For graduate grade appeals the appropriate official who reviews the appeal information is the Graduate Dean.

Appeal Procedure: The student must first contact and attempt to resolve the matter with the instructor. If an error was made in calculating the grade, for example, this may be resolved without the need for a formal appeal. The student may contact the instructor in person or via phone, but must follow-up via University email no later than the first day of September for spring and summer courses, and no later than the first day of February for fall courses. The student must give the instructor 10 days to respond. If the student cannot resolve the disputed grade with the instructor, the student must submit the following to the department chair:

- Contested Grade Appeal Form (obtain online on Registrar's forms page).
- A detailed, written justification for the grade appeal that identifies which of the three conditions listed above occurred, and
- a copy of the email to the instructor of the course.

The department chair must determine if the student has provided evidence that one or more of the three conditions warranting an appeal may have occurred.

- If necessary, the chair may send the appeal back to the student stating that such evidence is not provided, and thus, cannot proceed as is. It is incumbent upon the student to provide evidence that one or more of the three conditions has occurred in order for the appeal to proceed. NOTE: If the second submission does not include sufficient evidence, the appeals process concludes and the grade remains unchanged.
- Upon receipt of the form and acceptable written justification, the department chair forwards a copy to the instructor and schedules a meeting with the student and the instructor. The instructor may file a written rebuttal with the department chair prior to the formal meeting with the student, department chair and instructor.

The department chair's role in this meeting is to actively pursue a resolution.

- If the issue is resolved, the student, instructor and department chair sign off on the appeal form, and the chair submits the appeal form to the appropriate office. If the resolution includes a grade change, the instructor completes the uncontested grade change form and submits it to the Records Office. The appeals process is concluded.
- If no resolution can be reached, the department chair writes a letter that summarizes the details of the meeting, clearly states their position, and sends the letter, the grade appeal form, the student's written justification to the college dean.

The dean will review all documents relating to the appeal and schedule a meeting with the student, the instructor, and the department chair.

- If the issue is resolved, the student, instructor, department chair, and dean sign off on the appeal form, and the dean submits the form to the appropriate office. If the resolution includes a grade change, the instructor completes the uncontested grade change form and submits it to the Records Office. The appeals process is
- If the appeal cannot be resolved, the dean will forward the appeal and all supporting documents, including a summary of the meeting as well as their position on the appeal to the administrator of the Grade Appeal Committee if it is an undergraduate issue and to the graduate dean if it is a graduate issue.

For Undergraduate Courses

The administrator on the Grade Appeal Committee will be responsible for distributing the grade appeal materials to the committee members and will call for a volunteer to chair the committee.

For Graduate Courses

The graduate dean will establish a Grade Appeal Subcommittee consisting of five (5) members of the standing Graduate Committee, select a Grade Appeal Subcommittee Chair, and distribute the grade appeal materials to the committee members. The Grade Appeal Committee chair will schedule the grade appeal hearing(s), conduct the hearing(s), and will submit the commit tee's decision to the appropriate office within thirty (30) calendar days from the date of receipt of the appeal documents. For the student to prevail, the student's evidence weighed against the instructor's evidence must demonstrate that the instructor failed to meet one or more of the three conditions above in a clear and convincing manner. Upon receipt of the committee's decision, the appropriate official will notify the student, instructor, department chair and dean of the committee's decision within five (5) class days from the receipt of the appeal decision from the committee.

As a final level of appeal, the student or the instructor may submit a written request for a procedural review to the appropriate office. The official's review will relate to procedural matters only. The request must be submitted within five (5) class days of notification of the decision. The official has ten (10) days to review and respond to the student and/or instructor. The decision of the official is final.

Responsibilities of Involved Parties: For each person/position involved in the appeal process, the following responsibilities apply.

Student Responsibilities

1. Contact the instructor via University email. The student may also contact the instructor by phone or in person, but for the purposes of the grade appeal process, the email date will be used to deter mine if the student met the stated deadline.
2. If there is no resolution, send the Grade Appeal form, the written justification, a copy of the contact email, and any other supporting documentation to the instructor's department chair.
3. Submit additional evidence for the appeal if requested by the chair or Grade Appeal Committee.
4. Respond to all University emails from ECU administrators.
5. Attend all requested meetings (with instructor/chair; instructor/chair/dean; Grade Appeal Committee) deemed necessary.
6. Meet all deadlines listed in the policy.

Course Instructor Responsibilities

1. Respond to the student when contacted.
2. If any interaction with the student results in a grade change, submit the Uncontested Grade Change form to the Office of Ad missions and Records.
3. Respond to the grade appeal with a rebuttal if desired.
4. Respond to request for information from the chair, dean, and/or Grade Appeal Committee.
5. Attend all requested meetings (with student/chair; student/chair/dean; Grade Appeal Committee) deemed necessary.

Department Chair Responsibilities

1. Determine if the appeal includes sufficient evidence that one or more of the three conditions may have occurred.
    a. If not, return to the student for additional information. If second submission is not acceptable, notify the student that the appeals process has concluded.
    b. If so, forward the documents to the instructor and schedule a meeting with the student and the instructor.
1. Meet with the student and instructor to actively pursue a resolution.
    a. If resolved, have all parties sign the grade appeal form and submit to the appropriate office.
    b. If no resolution can be reached, write a letter which summarizes the meeting and forward all documents to the dean of the contested course.
1. Meet with the student, instructor, and dean deemed necessary.

Dean Responsibilities

1. Schedule a meeting with the student, the instructor and the department chair.
2. Actively seek a resolution
3. If resolved, have all parties sign the grade appeal form and submit to the appropriate office.
4. If no resolution can be reached, write a letter which summarizes the outcome of the meeting and forward all documents to the graduate dean.

Grade Appeal Administrator Responsibilities

1. Distribute the grade appeal materials to the committee members.
2. Call for a volunteer to chair the committee.
3. Meet all deadlines listed in the policy

Graduate Dean Responsibilities

1. Select a Grade Appeal Subcommittee and assign a chair
2. Distribute all appeal documents to the subcommittee chair.
3. Notify the student of the Subcommittee's decision. A copy of the letter should be sent to the instructor, chair, and dean.
4. If the student or instructor appeals on procedural grounds, review and notify the student or instructor of the graduate dean's decision.
5. Meet all deadlines listed in the policy.

Grade Appeal Committee Chair Responsibilities

1. Schedule a Grade Appeal Committee meeting after all members have had an opportunity to review the materials. Identify questions that need to be addressed. Request any additional material (s) that may be needed.
2. Set the hearing date(s), reserve a room, contact and invite the student, the instructor, and any relevant witnesses.
3. The course instructor is not required to attend the hearing(s), and they cannot be present while the student is presenting their case to the Grade Appeal Committee. However, the instructor is welcome to present their position regarding the matter (if they choose)
    - If no resolution can be reached, the department chair writes a letter that summarizes the details of the meeting, clearly states their position, and sends the letter, the Grade Appeal form, the student's written justification for appeal, after the student has presented their case to the Grade Appeal Committee.
4. Record all testimony (but not the deliberations).
5. Write a summary letter with committee recommendation to the appropriate official. Include an attachment that lists all evidence that was examined as well as the official Grade Appeal. For the student to prevail, the student's evidence weighed against the instructor's evidence must demonstrate that the instructor failed to meet one or more of the three conditions above in a clear and convincing manner.
6. Meet all deadlines listed in the policy.

Grade Appeal Committee Member Responsibility

1. Review all documentation of the grade appeal.
2. Attend all meetings and hearings.
3. After reviewing all of the evidence, deliberate and decide regarding the appeal. For the student to prevail, the student's evidence weighed against the instructor's evidence must demonstrate that the instructor failed to meet one or more of the three conditions above in a clear and convincing manner.
4. Meet all deadlines listed in the policy.

Provost Responsibilities

1. Notify the student of the committee's decision. A copy of the letter should be sent to the instructor, chair, and dean.
2. If the student or instructor appeals on procedural grounds, review and notify the student or instructor of the provost's decision.
3. Meet all deadlines listed in the policy.

Suggested Deadlines for Fall/Spring Semesters: To allow sufficient time for the grade appeal process, the following deadlines will be enforced.

September 1/February 1	Student contacts instructor about the grade in question.
September 15/February 15	If a resolution is not reached a Contested Grade Change form must be submitted by the student.
End of September/February	Student has met with both instructor and department chair.
Mid October/March	Dean reviews all materials and then meets with all parties.
Mid November/April	Appeals committee has all materials and sets hearing date.
Mid December/May	All materials have been sent to the appropriate official and notification will be sent to the student by the end of the month.

Grade Changes (Uncontested): An uncontested grade change occurs when both the student and course instructor agree the change is needed. In these cases, the course instructor should submit an uncontested grade change form in Etrieve.

OSRHE Chapter 3.12 Grading Policy

Return to Table of Contents

Graduation Application Process

(Undergraduate & Graduate)

Students planning to graduate must file an electronic degree application by the dates announced at the start of each term/semester. The announcement of dates will come in an email from the registrar. Failure to submit a graduation application by the deadline could result in a student's name being omitted from the commencement program, and/or a delay in graduation of one term/semester. Students qualifying for two degrees during the same semester must make two separate applications. Students receiving two majors but one degree need only apply once. Depending upon the time of year when the application is submitted, students should expect to wait 2-4 weeks for confirmation that their application has been accepted. The application for graduation may be found in Colleague Self-Service.

Undergraduate: Graduation applications will only be accepted after a student has earned 90 credit hours and has registered for their final semester of courses.

Graduate: The deadlines for application submission will be the same as for undergraduates. Failure to graduate for any reason necessitates reapplication.

Unsuccessful Graduation/Application Resubmission: Five business days after final grades are posted for a student's anticipated last semester/term at ECU, if unsatisfied graduation requirements remain, the student will be required to submit a new graduation application for the next degree awarding cycle. This includes cases involving transfer transcripts not yet received by ECU. Oklahoma State Regents for Higher Education requires ECU to awarded degrees no later than 10 business days after a semester/term ends. To be compliant with this policy, graduating students must submit all required graduation materials to the Records Office no later than five business days after final grades post to the ECU transcript.

Return to Table of Contents

Graduating Honors (Undergraduate)

A bachelor's degree candidate may receive the following honors. To be eligible, the grade point average (GPA) values listed below must apply to the graduate retention GPA as well as the East Central University (ECU) GPA . All GPA values are rounded to the nearest one-hundredth.

- Academic Achievement (3.50 – 3.79)
- High Academic Achievement (3.80 – 3.99)
- Highest Academic Achievement (4.00)

Honors Program: Honors students who complete the Honors Program will receive appropriate recognition at commencement and an honors designation on their transcript as well as diploma. In addition, Honors Program graduates with exceptional GPAs will receive the following achievement status:

- University Honors with Academic Achievement (3.50 – 3.79)
- University Honors with High Academic Achievement (3.80 – 3.99)
- University Honors with Highest Academic Achievement (4.0)

Return to Table of Contents

International Study Abroad (Undergraduate)

East Central University (ECU) allows students to incorporate an international learning experience into their bachelor's degree with the Study Abroad Program. Students interested in the program should contact the School of Business to begin the process. Working with the program coordinator, students will determine and plan for the following:

- Travel Destination
- International University Orientation
- Course Selection
- Confirmation of ECU's Application of Credits Earned Toward Degree
- Travel to International Destination
- Living Arrangements While Abroad
- Financial Aid and Plans for Expenses while Abroad.

It is important that students know before leaving the United States how their international credits will be applied toward one of ECU's bachelor's degrees. Students who plan to study abroad should proactively seek this information, and do so before purchasing travel tickets or confirming housing plans. Failure to be familiar with the following could result in a student's graduation being delayed.

Foreign vs. United States (U.S.) Credit Hours: Credit hour standards often differ significantly among nations. For example, four hours of credit from many European colleges will be worth two hours of credit within the U.S. Students have a responsibility to know how many U.S. credit hours their international courses will be worth before traveling abroad.

Pre-Travel Credit Evaluation & ECU Credit Registration: Before purchasing a plane ticket, and no later than one month prior to leaving the United States, students must submit the following information to the Registrar by completing the Etrieve form titled *Request for UNIV Registration for International Study Abroad*. The Registrar will verify the student's study abroad status with the School of Business.

- List of courses to be completed at the foreign institution including foreign credit hours assigned to each course. The list of courses must include any subject prefixes, course numbers, as well as the title of each course. The credit hour value for each course awarded by the foreign institution must also be included.
- Number of weeks within the academic term courses are to be completed

Note: All information above must be provided with supporting documentation. All supporting documentation, be it web links or PDF files, must clearly have originated from the foreign institution. Participating students could be asked to provide additional information at the discretion of the Registrar.

While participating in the study abroad program, students will be enrolled both at ECU and the foreign institution.

- **ECU Enrollment:** After receiving the items listed above, the ECU Registrar will enroll the student for a number of credit hours appropriate based on the U.S. credit hour equivalency and course level (1000, 2000, 3000 or 4000). Those credit hours registered through ECU prior to traveling abroad will be from a combination of UNIV courses.
- **Foreign Institution Enrollment:** Each student will be responsible for enrolling him/herself at the foreign institution.

Navigating the process will require each student to work with the Study Abroad Coordinator, as well as the intended foreign institution, in order to proactively determine the courses to be completed. Leaving the U.S. without first knowing the courses to be completed while abroad is NOT an option. Students will not be approved for the study abroad experience without ECU first becoming aware of the courses to be completed at the foreign institution. Students who complete this process at the last minute are likely to have their study abroad experience delayed significantly.

If, after arriving at the foreign institution, a student realizes that the courses originally planned must change, an email must be sent to registrar@ecok.edu immediately with an explanation of why, as well as all required supporting documentation for the new courses. Failure to follow these instructions is likely to result in the award of fewer U.S. credit hours than originally expected. Students who are awarded fewer than expected U.S. credits due to a failure to follow instructions will not be awarded a refund at ECU.

Official International Transcript Submission to ECU: Students traveling abroad must submit an official transcript from the international institution. The official transcript must be received by one of the following methods.

- (Preferred) Email: The official transcript may be emailed directly to the ECU Registrar (registrar@ecok.edu). The email must come directly from the foreign institution. The address from which the email is sent will be verified. ECU employees may not submit the transcript on behalf of the student.
- Postage Mail: The official transcript may be mailed directly to the ECU Registrar (see address below). If mailed, it should be expected this will take time. Depending upon the country of origin and the logistics of international shipping, it could be 4-8 weeks before the transcript is received and the ECU transcript updated.

Official International Transcript Required Contents: The standards for transcribing academic credit will differ among nations. ECU will do its best to work with any foreign transcript so long as we can verify it as official. However, the time required to evaluate a foreign transcript will depend on the information contained therein.

Required Information

- Course identifying Information (e.g., subject, number and title for each course).
- Grade awarded for each course
- Credit hours awarded for each course (i.e., credits awarded by the foreign institution under their credit system)

If the ECU Registrar did not have the opportunity to determine the U.S. credit hours conversion prior to the student studying abroad, the following additional information must be included within the transcript. It will be the student's responsibility to make proper arrangements for official documentation from the international institution.

- Credit value of each course according to ECTS or CATS standards; OR
- Weekly in-class contact hours for each course, plus any weekly out-of-class work hours.

Recommended Information

- Transcript Key
- English Translation

Grades on ECU Transcript for International Coursework: At the end of each academic term a student studies abroad, the UNIV credit hours will be graded as I-incomplete. Upon receipt of the official international transcript, the UNIV grades will be changed to NR-no grade reported. Those courses completed while abroad will then be added to the ECU transcript along with the grade earned and corresponding grade point values. If the international transcript is

not received by ECU within one calendar year, the I-grades will remain on the record permanently (see Oklahoma State Regents Policy for Higher Education policy concerning I-grades). After one year the foreign coursework may not be added to the ECU transcript.

ECU Course Equivalency: Courses earned abroad during an exchange program are not awarded equivalency toward ECU courses. Instead, students who study abroad should discuss with their academic advisor how the foreign credits may best serve their degree plan, and then the advisor will submit course substitution requests as appropriate. Students are encouraged to plan proactively with their academic advisor - **prior** to enrolling at the foreign school - for how credits earned will count toward degree completion at ECU. Importantly, the course substitutions will **not** be submitted by the advisor until **after** the student returns, and also **after** the foreign courses are transcribed to the ECU transcript.

Return to Table of Contents

Language of Instruction: English (Undergraduate & Graduate)

The official language of instruction at East Central University is English.

Leave of Absence - Non-Military (Undergraduate & Graduate)

The Leave of Absence (LOA) policy provides students an option to delay their education due to extenuating life circumstances without having their catalog year (i.e., degree requirements) change after a calendar year of non-attendance. The LOA will allow the student's original catalog year to be retained for a period not to exceed 24 months. Students who do not intend to remain unenrolled for more than one calendar year need not request a LOA. To request an LOA, students should complete a request form, which can be found on the Records Office web page.

Eligibility for LOA: Students may be eligible for a LOA for either of the following reasons. The LOA provisions will be the same in either case.

- **Medical Leave of Absence:**Student may consider a medical LOA if they are experiencing a medical situation that hinders their ability to successfully complete coursework.
- **Personal Leave of Absence:** Students may consider a personal LOA for family reasons, planned internship or educational experience not offered through East Central University (ECU), or other reasons that require a student to be away from school for a limited period of time exceeding one calendar year.

Eligibility also requires the following:

- The student must be enrolled at full-time status at the time the LOA is requested.
- The student must not be subject to any academic or student conduct violations.

Students requesting a LOA must acknowledge all of the following when submitting their request.

- Neither the request for a LOA nor the granting of it will result in enrolled courses for future terms/semester being automatically dropped. The student is responsible for dropping any future courses he/she may have registered for. Failure to do so will not serve as justification for ECU to cancel the student's account balance at a later date.
- The LOA does not guarantee any accommodations concerning federal financial aid. Students should consult the Office of Financial Aid prior to requesting a LOA.
- If a LOA is granted, it is the student's responsibility to notify residence life and any other office/organization on campus that they have association with.

Returning from a LOA: Turn return from a LOA students should first complete the readmission process via ECU's Admissions Office. After being readmitted, the returning student should submit to the Records Office a signed Readmit Student Request to Maintain Prior Catalog Year Form, which can be obtained on the Records Office web page. The form may be submitted to the Records Office in person, or via email (registrar@ecok.edu) – but only if sent from the student's ECU email address. The form must be received by the Records Office within six months of the student being readmitted. Students who decide to return early – within one calendar year of leaving the university – need not be readmitted, nor do they need to submit the catalog year form.

Return to Table of Contents

Leave of Absence - Military (Undergraduate & Graduate)

Pursuant to Title 70 O.S., § 3248, State System institutions shall grant a leave of absence, which shall not exceed a cumulative five (5) years, to a student who is a member of the active uniformed military services of the United States and called to active duty. The student shall be eligible to:

- Withdraw from any or all courses for the period of active duty service without penalty to admission status or GPA and without loss of institutional financial aid (for refund of tuition and fees refer to Budget and Fiscal policy 4.18.4.I); OR
- Receive an "I" for any or all courses for the period of active duty status irrespective of the student's grade at the time the "I" is awarded; provided, however, that the student has completed a minimum of fifty percent (50%) of all coursework prior to being called to active duty and the student completes all courses upon return from active duty. The student's admission status and GPA shall not be penalized and the student shall not experience loss of institutional financial aid.

Notification of Military Service: The student (or an appropriate officer of the armed forces or official of the Department of Defense) must give oral or written notice of such service to the school as far in advance as is reasonable under the circumstances. This notice does not have to indicate whether the student intends to return to the school and may not be subject to any rule of timeliness. (Timeliness must be determined by the facts in each case.) Alternatively, at the time of readmission, the student may submit an attestation of military service that necessitated his absence from school. No notice is required if precluded by military necessity, such as service in operations that are classified or would be compromised by such notice.

Notification of Intent to Return to School: The student must also give oral or written notice of his/her intent to return to the school within three years after the completion of the period of service. A student who is hospitalized or convalescing due to an illness or injury incurred or aggravated during the performance of service must notify the school within two years after the end of the period needed for recovery from the illness or injury. A student who fails to apply for readmission within these periods does not automatically forfeit eligibility for readmission but is subject to the school's established leave of absence policy and general practices.

OSRHE Chapter 3.12.2B Military Leave of Absence Policy

Return to Table of Contents

Official Communication Policy (Undergraduate & Graduate)

Upon admission all East Central University (ECU) students are assigned an email account. That email address, along with mail sent via the US Postal Service and campus mail, are the official channels by which ECU communicates with students. Students who have attended ECU within the past calendar year, and who wish to communicate with the university by email, must use their assigned ECU address. The University will not communicate via third party email addresses if the student should have access to an ECU account.

Return to Table of Contents

Registering/Enrolling in Courses (Undergraduate & Graduate)

East Central University (ECU) academic advisors are available to assist students with course selection and registration. Ultimately however, each student is responsible for the accuracy of his/her own course schedule. Furthermore, each student is responsible for being familiar with the following before registering for courses.

- Know the important calendar dates for registration, including the last day to add, drop and withdraw.
- Each student should confirm his/her ability to pay for courses and services. Students must be aware that monies owed constitute not only a debt to East Central University (ECU), but also to the State of Oklahoma. When a student registers for a course it prevents ECU from offering that course to another paying student. Students that register for courses, but who do not drop by the appropriate deadline, will be required to pay all monies owed to ECU.
- The requirement to accept a registration agreement and acknowledgment of financial responsibilities in Colleague Student Self-Service prior to registration.
- Students should know which advisors have been assigned to them, and if multiple advisors have been assigned, the purpose of each.
- Each student should be familiar with the degree requirements for his/her academic program. Only with knowledge of the degree requirements can students know they are registered for the correct courses.

Return to Table of Contents

Registration Restrictions (Undergraduate & Graduate)

For a variety of reasons East Central University (ECU) may prevent a student from registering for further courses until certain actions are taken. Below is a list of all such restrictions currently utilized by ECU. Also shown is the exact message a student will see if attempting to register in Colleague Self-Service (CSS) while one of the following restrictions is active. Importantly, these restrictions will prevent a student from registering for any course. The list below does not include restrictions that may be applicable for specific courses.

Bursar Restriction: Students with a large outstanding account balance will be prevented from registering. Please see the Bursar's website for specific information on the maximum amount permitted before registration is blocked.

CSS: Registration Hold: Unpaid Bill (bursaroffice2@ecok.edu or ext. 5227)

Academic Suspension: Students placed on academic suspension will be blocked from further registration until such time as the suspension is lifted. Please see academic standing policies for further details.

CSS: Registration Hold: Academic Suspension (see catalog policy)

Non-Degree Seeking Student Exceeds Credit Limit: Non-Degree seeing students who exceed their allowed number of earned credit hours prior to full admission will be blocked from further course registration. To continue their education at ECU these students must seek full admission. Please see the non-degree seeking student credit limit policy for further details.

CSS: Registration Hold: Non-Degree Seeking (must apply for full admission)

Deficiency Course Requirement (UG Only): Students admitted to ECU who are required to complete a remedial/deficiency course will be blocked from online registration. To register, these students must meet with a professional academic advisor in the Academic Success Center.

CSS: Registration Hold: Basic Skills Course Incomplete (contact advisor in ASC)

International Student Restriction: At the discretion of the Director of International Students and Programs, international students may be blocked from further registration if requirements for reporting and certification are not met.

CSS: Registration Hold: International Documents Missing (intlstu@ecok.edu)

Immunization: Students will be blocked from further registration if documentation has not been submitted verifying compliance with Oklahoma's immunization requirements.

CSS: Registration Hold: Immunization Required (healthservices@ecok.edu)

Behavioral Conduct & Safety: At the discretion of the Office of Admissions and the division of Student Development, registration may be prevented due to health and safety related concerns.

CSS: Registration Hold: Dean of Students Approval Needed

Registration Agreement: Prior to enrolling in courses for each academic term/semester all students are required to accept a registration agreement in Colleague Self-Service. The agreement outlines student responsibilities including the requirement pay their bill. Online registration will not be available until the agreement has been accepted.

CSS: To Accept Your Registration Agreement (link will be provided to access agreement).

Advising Clearance (UG Only): Students are required to obtain registration clearance from their academic advisor prior to enrolling in classes online. Students will be blocked from online registration until clearance has been granted.

CSS: Registration Hold: Contact Advisor for Clearance to Enroll

New Student (UG Only): New students are required to meet with a professional advisor in the Academic Success Center prior to enrolling in courses. Some exceptions may apply.

CSS: Registration Hold: New Student (contact asc@ecok.edu or ext. 5236).

Concurrent Enrollment (UG Only): High School students enrolled part-time at ECU are not permitted to register online. These students will be registered by the Academic Success Center based on documentation submitted during the concurrent enrollment process. For further information about concurrent enrollment, students and parents should contact the Office of Admissions.

CSS: Registration Hold: Enrollment Form Needed (asc@ecok.edu or ext. 5236).

UNIV-1001 Enrollment Required (UG Only): First-Time freshmen are required to register for UNIV-1001 during their first semester.

CSS: Must Enroll in UNIV-1001 to Complete Enrollment

Missing ACT Documentation (UG Only): New students will not be permitted to register until all test documentation has been submitted.

CSS: Registration Hold: Missing ACT Documentation (contact Admissions Office)

Missing Official Transcripts: New transfer students must submit official transcripts from all institutions/universities previously attended. If documents have not been submitted, or if only unofficial documents have been received, online registration will be unavailable until all required documents are turned in.

CSS: Registration Hold: Missing Official Transcript (registrar@ecok.edu)

Academic Integrity: At the discretion of the Office of Academic Affairs, students may be prevented from further registration due to academic integrity violations.

CSS: Registration Hold: Academic Integrity (academic_affairs@ecok.edu)

Oklahoma Residency Verification Required: At the discretion of the Office of Admissions, new students may be prevented from registering if it is determined that additional documentation is required for the purpose of validating residency status.

CSS: Must Verify Residency Status (contact admissions office)

Student Information Validation Required: At the discretion of the registrar, students may be blocked from registration if critical information within their record needs to be validated or is missing. For example, if enrollment reports to the National Student Clearinghouse fine a matching social security number at another school under a different student's name. If this restriction is placed on a student's record an email will be immediately sent to their ecok.edu address. The restriction will be removed as soon as the requested documents have been provided.

CSS: Registration Hold: Student Data Validation Required (registrar@ecok.edu)

Graduate Courses: By default, graduate level courses will be reserved for students admitted to the graduate school. Undergraduate students seeking to enroll in graduate courses must seek permission from the Dean of the Graduate School. It is recommended that students consult with their academic advisor prior to contacting the dean.

CSS: Ineligible for Graduate Coursework (contact Graduate School)

Course Overload Limits: When enrolling in courses online, any student who attempts to exceed a course load limit will receive an error message. Please see the credit load policies in this catalog for further information.

CSS: College Dean Approval Required to Enroll in Additional Credit Hours

Student Assigned Registration Limits: ECU reserves the right to limit credit hours for specific students to an extent most appropriate for their academic success. For example, when appealing academic suspension it is not uncommon for such a limit to be a condition of readmission.

CSS: Not Permitted to Enroll in Additional Credit Hours.

Bachelor Degree Required for Graduate Enrollment: At the discretion of the Graduate School Dean, a student may be permitted to enroll in graduate courses prior to confirmation that their bachelor's degree has been awarded. In these cases, a specific number of allowed credit hours will be set. Students who attempt to exceed that limit will be prevented from registering online.

CSS: Must Complete Bachelor's Degree to Continue Graduate Course Enrollment

Return to Table of Contents

Remediation Policy (Undergraduates)

The Oklahoma State Regents for Higher Education (OSHRE) wants to ensure students are prepared to succeed academically in college. Therefore, per OSHRE policy, students admitted to ECU who did not satisfactorily complete the high school core curriculum or make the required scores on the ACT or SAT must enhance their college readiness through a process called remediation. Remediation can include courses, supplemental instruction, tutoring, and/or other steps to improve college readiness and the chances of success in college coursework. The remediation process is not credit-bearing and may not be used toward meeting degree requirements.

ECU also provides corequisite support to assist students who need remediation to complete college-level courses. Corequisite models allow students to enroll in a college-level, credit-bearing course while receiving additional academic support they may need to succeed in it.

Students who have below a 19 on the ACT in any subject area (or below a 510 in either of the SAT subject areas) will need remediation.

If a student needs remediation, the student can take the ACCUPLACER test through the Academic Success Center upon admission. Every ECU student can take the ACCUPLACER one time for free, and one additional time (after a 30-day waiting period from the first test date) for a $15 retest fee, which is paid to the ECU Bursar. Each student is allowed a maximum of two testing sessions, as students who are not able to pass the ACCUPLACER test within two testing sessions would likely benefit most from completing a corequisite or remedial course. Because of the limit of two testing sessions, students are encouraged to take all the tests they need remediation for during each session. Since the ACCUPLACER platform offers multiple varieties of tests, only ACCUPLACER exams administered through ECU are considered for course placement.

A student must score a 245 on the English ACCUPLACER at ECU to remediate in English and a 250 on the reading ACCUPLACER to remediate a reading deficiency. To remediate in the subject of science, a student must score a 235 on the math portion of the ACCUPLACER and a 230 on the reading portion. Math can be fully remediated with an ACCUPLACER score of 250, or a student who scores above a 237 but below a 250 can enroll in an entry-level course along with a co-requisite course.

Students who need remediation must complete the required remedial courses, or earn a passing score on the ACCUPLACER test, within 24 credit hours of enrollment at ECU. If a student does not remediate within 24 credit hours of enrollment, an appeal must be submitted to explain the circumstances which led to the remediation not being complete. All appeals will be reviewed, but approval is not guaranteed. If an appeal is granted, it will be on the contingency that the student completes remediation during the following semester. A second appeal cannot be approved.

Other Information
- All academic remediation/deficiencies will be waived for LPN Nursing pathway students due to their prior work experience.
- Concurrent students are not eligible to take non-credit bearing courses.

Return to Table of Contents

Student Complaints
(Undergraduate & Graduate)

ECU aims to provide a supportive campus culture that promotes student learning and development. However, should the need arise, students may file complaints with appropriate institutional officers. Complaints are typically addressed to the individual most directly involved with the complaint. A student should attempt an informal resolution with the appropriate faculty member, staff member or administrator. If the issue cannot be resolved at the level to which the complaint is made, it may be referred to the next higher level. Students left unsatisfied by the resolution provided may complete the Online Grievance Form, which will be reviewed by one of ECU's Vice President.

If issues are unable to be resolved internally at ECU, complaints may be directed to the Oklahoma State Board of Regents. Students may request contact information from institutional officers to file a complaint with the appropriate state agency or the institution's accrediting body.

- Student enrolled in on-campus programs or residing in the state of Oklahoma may follow the policy outlined here: https://okhighered.org/current-college-students/complaints/.
- Students enrolled in distance education and residing outside of the state of Oklahoma may follow the policy outlined here: https://okhighered.org/admin-fac/sara/#sara-complaints.
- Learn more about the student complaint process for distance education students residing outside of the state of Oklahoma here: https:nc-sara.org/sara-student-complaints-0/

Return to Table of Contents

Student Responsibility Statement
(Undergraduate & Graduate)

All students attending East Central University (ECU) are responsible for knowing and abiding by, all policies and deadlines concerning their enrollment, coursework, conduct, and financial obligations. ECU makes every effort to ensure all such information is available to students, but it is expected that students will try to become familiar with such information. ECU is not responsible for any academic and/or financial consequences resulting from a student's lack of familiarity with relevant policies.

Return to Table of Contents

Transcripts (ECU Clubs & Organizations)
(Undergraduate & Graduate)

If a member of an ECU club or other organization with eligibility requirements, it is the student's responsibility to provide their transcript to that club or organization for eligibility purposes. If an unofficial transcript is required, the student should download a copy online from Colleague Self-Service. If an official transcript is required, each student will be responsible for submitting an official transcript request. The Records Office will not issue transcripts in bulk for ECU clubs or organizations. An exception to this policy will not be made because the club or organization advisor has a signed consent to release.

Return to Table of Contents

Transcripts - Family/Genealogy Research
(Undergraduate & Graduate)

ECU appreciates that sometimes family members wish to obtain academic transcripts of deceased relatives for the purpose of genealogical research. ECU does limit the release of transcripts for this purpose to immediate family members, and only with documentation that verifies the following:

- That the person making the request is an immediate family member of the deceased alumni/former student. For the purpose of this policy, the status of immediate family is limited to the parents, children, spouse, and siblings of the deceased person. The following forms of documentation will be accepted.
  - Marriage Certificate of Requestor (notarized copy) – if requestor is a spouse
  - Birth Certificate of Requestor (notarized copy) – if requestor is a son or daughter
  - Birth Certificate of the Deceased (notarized copy) - if requestor is a parent
  - If a sibling of the deceased alumni/student, notarized birth certificates for both the requestor and deceased person will be acceptable.
  - If the immediate family status is dependent upon adoption or other type of formal legal guardianship, the requestor should email the Records Office with an explanation of what documentation is available. The Registrar will review and respond with a decision.
- That the alumni/former student is in fact deceased. Only a notarized copy of a death certificate will be accepted.

The requestor should also submit a clearly legible copy of their own government issued photo id (e.g., valid driver license). Documents may be submitted to the Records Office by email, fax or postage mail (see Records Office webpage). Please note that while the Records Office will accept document for this

purpose via email, if any of the documents contain a SSN, then all documents must be submitted via either fax or postage mail. All documents must be submitted together as a single complete package.

Return to Table of Contents

Transcripts & Third-Party Release Forms (Undergraduate & Graduate)

Students often require official transcripts for the purpose of doing business with third-party organizations. In all such cases, current and former students should request an official transcript. ECU does charge for official transcripts. A signed consent to release form submitted by a third party organization will not result in a free official transcript being issued directly to that organization.

The ECU Records Office will review and consider accepting third-party consent to release forms for purposes not limited to a simple transcript request - each request will be considered individually. ECU reserves the right to reject any and all third-party claims to student information - with the exception of those required by law.

Return to Table of Contents

Transfer Credit Policies
(Undergraduate & Graduate)

Unless designated Undergraduate (UG) or Graduate (GR), the policies below apply to both the UG and GR levels. Those policies applicable to only UG or GR are identified accordingly.

Official Transcript Requirement: Official transcripts from the originating institution will be required prior to transfer credit evaluation and transcription to the East Central University (ECU) transcript. For each official transcript received, ECU will only evaluate and transcribe the work earned while attending the originating institution.

Official transcripts will also be required for credit-for-prior-learning (CPL) by examination credentials. Scores sent electronically, and directly to ECU from the testing organization, will be considered to meet the requirement of an official transcript. If CPL credit has been previously transcribed at another Oklahoma regionally accredited institution, then in accordance with Oklahoma State Regents policy, the credit shall be considered transferrable on the same basis as if the credit had been earned through regular study. Thus, in this circumstance, credit will be transcribed to the ECU transcript prior to earning 12hrs of degree bearing credit from ECU. ECU's full CPL policy can be found in a later portion of this policy section.

Note on CPL vs. Technical College Credits: The provision above for CPL transcribed by a previously attended Oklahoma regionally accredited institutions, does not apply to credits from technical colleges/centers. Credit from technical colleges/centers will be considered independently of whether another school, in or outside of Oklahoma, previously gave credit.

Note on International Documents: International students should consult with the Office of International Students & Programs for specific rules concerning official transcripts. Generally speaking, yes, in all cases international students are required to submit official educational documents. However, for certain countries ECU may accept certified official copies of original educational documents. Furthermore, official documents from recognized international credential evaluating organizations may be accepted in place of an original document from the student's home country. Questions concerning these requirements should be directed to the Office of International Students & Programs.

Transfer Documents Become ECU Property: All documents submitted to East Central University (ECU) pertaining to prior coursework become the property of ECU. In accordance with FERPA guidelines, students may review all documents retained within their permanent record. However, official documents, nor copies of the same, will be provided back to the student. This policy applies to both domestic and international students.

Transfer Courses from Regionally Accredited Institutions (UG): Courses from colleges and universities accredited by HLC or another regional accreditor will be accepted and transcribed to the East Central University transcript. Importantly, this does not mean all such credit hours will count toward a bachelor's degree. For limits on transfer hours please see the relevant policy below. The seven recognized U.S. regional accrediting agencies are listed below.

- Higher Learning Commission
- Middle States Commission on Higher Education
- New England Commission of Higher Education
- Northwest Commission on Colleges and Universities
- Southern Association of Colleges and Schools Commission of Colleges
- Western Association of Schools and Colleges (WASC) Senior College and University Commission
    - Included under the scope of WASC is the Accrediting Commission for Community and Junior Colleges

Transfer Courses from Nationally Accredited Institutions (UG): By default, credits from such institutions are not transferrable to East Central University (ECU). Students may however request via Etrieve to have specific courses evaluated by academic faculty – approved courses will be accepted and transcribed at ECU. The process of evaluation occurs in two parts and is outlined below.

Part 1: The student's academic advisor, in consultation with the student, will submit an Etrieve form titled *Transfer Credit Evaluation for Nationally Accredited & Non-Accredited Schools* (a.k.a. The Gold Form). This form will identify those nationally accredited and/or non-accredited courses that the advisor believes could benefit the student's path to degree completion. Courses identified on this form will not be transcribed to the student's ECU transcript. Rather, inclusion on this form qualifies the courses for consideration during Part 2 of the process (see below).

Part 2: Those courses identified on the Etrieve form in Part 1 may be considered as possible course substitutions, which if approved, will allow those courses to count toward specific graduation requirements. Students should consult with their academic advisor for details regarding the course substitution process. Only if approved for a course substitution, will a nationally accredited or non-accredited course then be transcribed to the student's ECU transcript record.

Transfer Courses from Non-Accredited Institutions (UG): By default, credits from such institutions are not transferrable to East Central University (ECU). This includes institutions that may be accredited by an agency/association limited in scope to a specific state, but not recognized regionally or nationally. Students may however request via Etrieve to have specific courses evaluated by academic faculty – approved courses will be accepted and transcribed at ECU. The process of evaluation takes place in two parts and is outlined below.

Part 1: The student's academic advisor, in consultation with the student, will submit an Etrieve form titled *Transfer Credit Evaluation for Nationally Accredited & Non-Accredited Schools* (a.k.a. The Gold Form). This form will identify those nationally accredited and/or non-accredited courses that the advisor believes could benefit the student's path to degree completion. Courses identified on this form will not be transcribed to the student's ECU transcript. Rather, inclusion on this form qualifies the courses for consideration during Part 2 of the process (see below).

Part 2: Those courses identified on the Etrieve form in Part 1 may be considered as possible course substitutions, which if approved, will allow those courses to count toward specific graduation requirements. Students should consult with their academic advisor for details regarding the course substitution process. Only if approved for a course substitution, will a nationally accredited or non-accredited course then be transcribed to the student's ECU transcript record.

Note: Sophia Learning and Straighterline courses are not accepted at ECU. The process mentioned above for faculty approval does not apply to courses completed through these organizations. This note may also be found applicable to other unaccredited organizations as the discretion of ECU Academic Affairs. Any unaccredited organization claiming to be "ACE recommended" will fall into this category.

Transfer Courses for Non-Degree Seeking Students: Students admitted to ECU under a non-degree seeking status are not required to submit official transcripts. However, in the event that such a student does submit an official transcript, that work will be evaluated and transcribed to the ECU transcript. No exceptions to this rule will be made. Unlike degree seeking admittees, a hold will not be placed on the non-degree seeking student's record for official transcripts not received by ECU.

If, at a later date, the student changes his/her status and decides to seek a degree, it will be that students responsibility to submit official transcripts from all previously attended institutions. A student's failure to do this will very likely hinder the graduation timeline - either because needed transfer credit hours will have not been transcribed at ECU, or because the student is found to be in violation of the official transcript requirements for degree seeking students.

Transfer Courses for Post-Baccalaureate (Post-Bac) Students: These are student who have previously been awarded a bachelor's degree. When these students are admitted to ECU for the first time with the purpose of completing a graduate degree, only the undergraduate degree statement will be transcribed and that statement will appear on the graduate transcript.

If, however, a post-bac student is admitted to ECU for the purpose of completing further undergraduate work, the handling of any prior transfer courses and credits will depend on that student's intended goal, which will be recognized from the active program record assigned during the admissions process.

- If intending to complete another bachelor's degree (i.e., degree-seeking), then any and all official transcripts from previously attended schools must be submitted to ECU. The prior bachelor's degree statement, as well as all transferrable work, will be transcribed to the ECU transcript.
- If not intending to complete another bachelor's degree (i.e., non-degree seeking), then official transcripts from previously attended schools will not be required. This includes the transcript from the bachelor awarding institution. However, any official transcripts that are submitted will be transcribed at ECU. Please see the policy above titled *Transfer Courses for Non-Degree Seeking Students* for more information.

Transfer Courses & Accreditation Concerning Graduate Programs (GR): The School of Graduate Studies may accept the transfer of credit earned at other colleges and universities accredited for master's or higher-level study by the Higher Learning Commission or a comparable national accrediting association. A minimum of 21 credit hours applied to a graduate degree must be earned from ECU. Policy concerning grade requirements for graduate transfer courses can be found below.

Transfer Courses from Technical Schools/Colleges (UG): In compliance with OSRHE Chapter 3.6, transfer credit will be accepted from Oklahoma technology centers that ECU has a cooperative agreement with. Transfer credits will not be accepted from other technology schools/colleges within or outside Oklahoma.

In-Progress Courses: Official transcripts with in-progress courses will be accepted. Those courses with final grades will be evaluated and transcribed to the East Central University (ECU) transcript per the policies contained herein. Courses marked as in-progress at the time ECU receives the official transcript will not be recorded to the ECU transcript. The student will be permitted to enroll at ECU for one academic term/semester before being require to submit a final complete transcript. Students who do not submit a complete and final transcript will be prohibited from further course registration at ECU.

Transfer students are encouraged to be familiar with whether or not any courses are marked as in-progress on official transcripts submitted to ECU, as well as how those courses are designated by the originating institution. College and universities often use different notations such as "WIP" (Work In Progress), "In-Progress," or sometimes even "NR" (Not Reported), though "NR" is not commonly used in this manner. ECU transfer evaluators will rely on the following to determine if courses are in-progress.

- Official Transcript Key
- Print/Issue Date on Official Transcript
- Start Date of Transcribed Courses

Transfer Course Grades: Accepted vs. Not Accepted (UG): Effective Spring 2026, East Central University will transcribe all grades from the official transcript, with the *exception* of any grade for which both of the following are true.

- Does not factor into GPA calculations (i.e., GPA neutral); AND
- Does not award credit hours

Examples of grades that meet the above two requirements include, but may not be limited to, (I) Incomplete, W (Withdrawal), AW (Administrative Withdrawal), NP (No Pass) and NR (Not Reported). During the evaluation process ECU will examine the grading key of the transfer transcript to determine what other grade marks may fall into this category.

> 20 Years Prior Transfer Courses Not Accepted (UG) - *policy FAQ*

Academic terms completed more than 20 years ago will not be transcribed. Previously awarded academic degrees will be honored and notated on the ECU transcript regardless of how long ago they were earned. Qualifying prior degrees will satisfy the general education requirement. However, courses completed more than 20 years prior will not be transcribed at ECU, which means the student will *not* be credited with earned hours for individual courses.

ECU will calculate the 20 year period from the day the transfer transcript is received by our campus. For example, if ECU receives a transcript during Summer 2026, the oldest academic term ECU will accept transfer credit for is Summer 2006.

Effective Fall 2026, a block credit hour model is being applied to help students who meet the following requirements:

a. Have earned a prior regionally accredited associate or bachelor degree; AND
b. Some or all courses leading up to that degree were earned more than 20 years ago.

The following block credit model will *not* be retroactively applied to transfer transcripts that were subject to the 20 year rule prior to the start of Fall 2026.

Prior Regionally Accredited Associate's Degree: To qualify the degree must be an Associate of Arts or Associate of Sciences. Applied Associate degrees do not qualify. The "award date" ECU uses to apply the rules below will be the degree conferral date stated on the transfer transcript.

- *Awarded ≥ 20 Years Ago:* The student will receive a block of 60 lower division credit hours. The number of hours is not negotiable. A greater number of hours will not be awarded for a prior associate degree that required more than 60 credits at the originating institution. In accordance with the 20 year rule (see above) courses completed prior to the degree conferral date will not be transcribed at ECU.
- *Awarded < 20 Years Ago:* The number of block credits received will vary depending upon the number of transfer credit hours completed fewer than 20 years ago *but* before the degree conferral date. That number will be deducted from 60. The difference will equal the value of the credit block awarded to the student.

For most transfer students this calculation will be straightforward. However, for students who have previously attended several schools and who have pursued a variety of academic programs along the way, ECU reserves the right to determine the block credit hour value as we deem most appropriate. If the curriculum history is complex, this value may differ from the student's initial expectations.

- - Example: An Associate of Arts was earned 15 years ago. A total of only 10 credit hours leading up to the degree were earned fewer than 20 years ago. Those 10 credit hours will be transcribed to the ECU transcript on a course-by-course basis. The value of the credit hour block awarded for the prior associate's degree will be 50 hours.

Prior Regionally Accredited Bachelor's Degree: The "award date" ECU uses to apply the rules below will be the degree conferral date stated on the transfer transcript. The block of hours awarded due to a prior bachelor's degree will count toward ECU's senior college hour requirement for graduation.

- *Awarded ≥ 20 Years Ago:* The student will receive a block of 90 lower division credit hours. The number of hours is not negotiable. A greater number of hours will not be awarded for prior degrees that required more than 120 earned hours at the originating institution. In accordance with the 20 year rule (see above) courses completed prior to the degree conferral date will not be transcribed at ECU.
- *Awarded < 20 Years Ago:* The number of block credits received will vary depending upon the number of transfer credit hours completed fewer than 20 years ago *but* before the degree conferral date. That number will be deducted from 90. The difference will equal the value of the credit block awarded to the student.

For most transfer students this calculation will be straightforward. However, for students who have previously attended several schools and who have pursued a variety of academic programs along the way, ECU reserves the right to determine the block credit hour value as we deem most appropriate. If the curriculum history is complex, this value may differ from the student's initial expectations.

- Example: An Bachelor of Arts was earned 15 years ago. A total of only 30 credit hours leading up to the were earned fewer than 20 years ago. Those 30 credit hours will be transcribed to the ECU transcript on a course-by-course basis. The value of the credit hour block awarded for the prior degree will be 60 hours.

Transfer Course Grades (GR): Effective 1-20-26, East Central University (ECU) will transcribe all grades from the official transcript, with the ***exception*** of any grade for which both of the following are true.

- Does not factor into GPA calculations (i.e., GPA neutral); AND
- Does not award credit hours

Examples of grades meeting the above two requirements include, but may not be limited to, (I) Incomplete, W (Withdrawal), AW (Administrative Withdrawal), NP (No Pass) and NR (Not Reported). During the evaluation process ECU will examine the grading key of the transfer transcript to determine what other grade marks may fall into this category.

> 20 Years Prior Academic Terms: Academic terms completed more than 20 years ago will not be transcribed. Previously awarded academic degrees will be honored and notated on the ECU transcript regardless of how long ago they were earned. ECU will calculate the 20 year period from the day the transfer transcript is received by our campus - and the academic term that date falls within. For example, if ECU receives a transcript on 07/14/2026, the oldest academic term ECU will accept transfer credit for is Summer 2006.

Of those prior grades that are transcribed at ECU, it is left to the discretion of the graduate school which courses may be deemed transferrable for the purpose of completing an ECU program. The academic department overseeing the student's program may impose further limitations at their discretion. Not all graduate programs accept prior (transfer) courses toward degree completion. For those graduate programs that do accept prior (transfer) courses, each student will be required to complete a minimum of 21 ECU credit hours toward their degree. No prior (transfer) grade lower than "B" will be accepted toward ECU degree requirements. All transfer hours must be appropriate to the particular program in which the student is enrolled, as determined by the graduate degree program. The Dean of the School of Graduate Studies gives final approval for all prior (transfer) work permitted to count toward ECU degree requirements.

Physical Activity Transfer Courses (UG): All physical activity transfer courses to be transcribed in accordance with the grad policy outlined above, will appear on the ECU transcript with a grade of pass (P) or no-pass (NP) – regardless of the grade type used by the originating institution.

Physical Activity Transfer Courses (UG): For compliance with Oklahoma State Regents for Higher Education (OSRHE) policy requirements, all physical activity transfer courses will be transcribed at ECU with a grade of pass (P) or no-pass (NP).

Transfer Course Credit Hours: Credits awarded at East Central University (ECU) for transfer courses will always reflect the credit value awarded by the originating institution. The also applies when the transfer course has been assigned an "equivalency" with an ECU Course.

Quarter System Transfer Credits: Transfer credits from quarter system institutions will be divided by 1.5 to determine the appropriate number of semester credit hours.

International Transfer Courses: For coursework originating from an institution outside the borders of the United States, students are encouraged to obtain formal evaluations from World Education Services (WES) or a similar member organization of the National Association of Credential Evaluation Services (NACES). The following must be submitted to East Central University (ECU).

- An official copy of the WES or NACES member organization evaluation.
- An official copy of the original international transcript.

Note: Standards and practices applicable for domestic official transcripts will apply to both the original international transcript and the WES or NACES member organization evaluation. International students should follow instructions provided by the International Student Office for how to submit transcript related documents.

International Transfers With Prior Degrees: International students whose prior degree has been evaluated by a recognized international credential evaluation organization, and has been deemed equivalent to the same degree earned from a U.S. regionally accredited institution, will be granted all the rights and privileges of that prior degree - the same as if it had been earned from a U.S. regionally accredited institution.

Prior Associate's Degree & Bachelor's General Education (UG): Transfer students who have completed an Associate's of Art (A.A.) or Associate's of Science (A.S.) from an Oklahoma regionally accredited institution, will be considered to have fulfilled all the general education requirements for a bachelor's degree. This policy is not applicable to Applied Associate Degrees. Importantly, some East Central University programs require specific courses be completed toward general education. For these programs, students with a prior A.A. or A.S. degree may need to take additional courses from the general education curriculum. Students should review the general education and major program requirements sections of this catalog for further information.

Notation of Prior Degrees On ECU Transcript (UG & GR): Prior awards from external institutions will be notated to the ECU transcript in accordance with the following rules:

- **Currently Pursuing Undergraduate Curriculum at ECU:** Any previously earned Associate's and Bachelor's awards will be notated on the ECU transcript. This includes any prior Applied Associate's degrees, which do not qualify to waive ECU general education requirements.
- **Currently Pursuing Graduate Curriculum at ECU:** All prior Bachelor's and Master's awards reflected on official transcripts received by ECU, will be notated on the ECU transcript.

Transfer Courses & Multi-Discipline General Education Requirements (UG): For those general education requirements requiring courses from more than on academic discipline, transfer courses will apply toward such requirements based on the subject prefix of corresponding East Central University (ECU) equivalent courses. For all transfer courses with an ECU course equivalency, course substitutions may not be used as an alternative means of applying credits toward general education requirements.

Example: A transfer course originally completed under a Chemistry prefix (CHEM), but given credit at ECU as the equivalent of a Biology Course (BIOL), would be count as a Biology course if used to fulfill a multi-discipline general education requirement. This application of credit toward degree cannot be altered by a course substitution.

Maximum Transfer Credits Toward Bachelor's Degree (UG): Although East Central University (ECU) does not limit the number of transfer credit hours that can be transcribed to the ECU transcript, a minimum of 30 credit hours must be earned from ECU. Therefore, for a 120-hour bachelor's degree, a maximum of 90 transfer credit hours may apply toward graduation. Furthermore, at least 60 credit hours, excluding physical activity courses, must be earned from a baccalaureate degree awarding institution (i.e., from a four-year school).

Summary of Transfer Hour Limits Toward Bachelor's

- Maximum 90 overall transfer credit hours
- Of the 90-hours allowed, a maximum of 60 credit hours can come from a two-year school.

For bachelor's programs requiring 124 hours, the maximum transfer hours allowed is 94, and the maximum from a two-year school is 64.

Transfer Course Level (Lower/Upper Division; UG): Transfer credits will be classified at the level (lower/upper) at which they were originally earned. If a lower division course from a four-year institution is granted equivalency with an East Central University (ECU) course taught at the upper division level, the course credits will not count toward the minimum upper division hours required for a bachelor's degree. The credits may however satisfy any major/minor content requirements that the ECU course would otherwise be applied toward. The exception would be if the major/minor program specifically states that the requirement must be satisfied by upper division credit hours. Lower division credit hours earned from a two-year school are never permitted to count toward credit hour requirements or major/minor content requirements that ECU intends to be satisfied by upper division courses.

Degree Bearing Transfer Courses & ECU Developmental/Remedial (UG): A transfer course considered degree bearing (i.e., not developmental/remedial) by the originating institution may *not* be equated to a developmental/remedial course offered by ECU. Rather, the course must be accepted either as an equivalent to one of ECU's degree bearing courses or toward general transfer credit (GEN-TR). This policy became effective July 1 of 2025. Transfer course equivalencies granted by academic departments prior to this date will not be retroactively changed.

GPA Calculations & Transfer Credits: Transfer credits will be calculated into the Grad-Retention and Overall Cumulative GPA values.

Continuing Education Work: Transfer work transcribed with the label "Continuing Education" will not be recorded (i.e., transcribed) at ECU. ECU's policy on continuing education coursework dates back to pre-2017.

Credit for Prior Learning (CLP): East Central University (ECU) permits students to receive the following types of prior learning credit:

- College Board's College-Level Examination Program (CLEP; subject exams only)
- College Board's Advanced Placement (AP) Exams
- ECU Advanced Standing/Subject Examination Exams
- DANTES Exams (subject exams only)
- International Baccalaureate (IB) Exams
- American Council on Education (ACE) Transcripts
- Joint Services Transcript (JST; Based on ACE recommendations)
- Council on Law Enforcement Education & Training (CLEET) – *see below for more information*
- Challenge Portfolios (based on CAEL and LRC guidelines) – *see below for more information*
- OSDE Non-Traditional Teacher Certification Boot Camp – *see below for more information*
- Practical Nursing (LPN) License Holders (Bachelor's of Nursing Applicants Only) - see below for more information

The following are forms of CLP not accepted by ECU at this time.

- Industry Credentials & Certifications (NOCTI)
- National College Credit Recommendation Services (NCCRS)
- Sophia Learning
- Straighterline
- Study.com
- NSLS Leadership Education Program

When applicable, credit awarded for prior learning (i.e., number of semester hours and level) shall not exceed HLC and ACE recommendations. Examination scores used to validate prior learning must meet or exceed the minimum recommended by ACE for national examinations. Credits for all modes of prior learning will not be transcribed to the ECU transcript until after the student has successfully completed (i.e., at a C-grade or above) at least 12 degree bearing credit hours from ECU. All credit awarded for prior learning will be transcribed with a P-grade (Passed). Credits awarded shall be transcribed with the subject prefix, number and title of the relevant ECU course. Credits awarded will include a notation on the Ecu transcript indicating the mode of CLP.

Unless previously accepted and transcribed at another Oklahoma regionally accredited institution, an original copy of the credit by examination transcript must be submitted to ECU. CLP previously transcribed at another Oklahoma regionally accredited institution, shall, in accordance with Oklahoma State Regents policy, be considered transferrable on the same basis as if the credit had been earned through regular study. Thus, in this circumstance, credit will be transcribed to the ECU transcript prior to earning 12hrs of degree bearing credit from ECU.

Return to Table of Contents

CLEET – Council on Law Enforcement Education (*Peace Officer Certification Only*)
An official transcript must be submitted to ECU directly from CLEET. Students are not permitted to submit the document themselves. CLEET transcripts should be sent to registrar@ecok.edu.

For CLEET certifications earned in Oklahoma, transcripts may be requested by visiting the licensee portal and opting for the document to be sent to an external organization. Oklahoma CLEET requires a 10-day minimum processing time. For CLEET certifications earned outside of Oklahoma, the student is responsible for contacting the appropriate agency and determining the procedure for having their transcript emailed to ECU.

Effective January 2026, the following 27 credit hour package will be awarded to all students with a CLEET certification regardless of *when* or from *what state* the certification was earned. The policy will not be retroactively applied to students who submitted their CLEET transcript prior to January 2026. The credit award package outlined below in exchange for CLEET certification is only available to Criminal Justice majors.

- Oklahoma CLEET certification awarded (27 credit hours)
  - CRJS 2453 Police Function
  - CRJS 3423 Introduction to Law Enforcement
  - CRJS 4293 Police Administration
  - CRJS 4333 Criminal Investigation I
  - CRJS 4343 Criminal Investigation II
  - CRJS P4946 Internship-Cops
  - CRJS P4946 Internship-Cops

- The CLEET courses above will be credited to the ECU transcript with the following notations.
  - CLEET 1 CLEET Certification 1
  - CLEET 2 CLEET Training Course 2
  - CLEET 3 CLEET Training Course 3
  - CLEET 4 CLEET Training Course 4
  - CLEET 5 CLEET Training Course 5
  - CLEET 6 CLEET Training Course 6
  - CLEET 7 CLEET Training Course 7
- Revoked or Suspended CLEET Certification: College credits are awarded for having earned a certification – not for having an active certification. For this reason, a revoked or suspended certification status will not prevent students from being awarded college credit in accordance with the policies stated herein.

Challenge Portfolio

Challenge portfolios create opportunities for students to earn credit toward courses by portfolio. Portfolios may include documentation, expository essay, interview and/or skills demonstration. Undergraduates can challenge up to 15 credit hours and graduate students up to three hours. The decision to offer a challenge portfolio option is left to the discretion of each academic department and the respective college dean. Those departments allowing a student to challenge by portfolio should provide to their dean each of the following.

- A list of courses they would like the student to challenge.
- All eligibility requirements for each course. For example, does the student need to have two years' worth of work or volunteer experience at a social service agency, etc.).
- All course level learning outcomes the student will need to master and rubrics for the same.
- The names of two faculty members who will assess the portfolio.

Students who would like to create a challenge portfolio must:

- Schedule a meeting with the college dean to determine if they meet eligibility requirements and discuss the challenge process.

At a minimum, each challenge portfolio must include:

- A title page with the student's name, contact information, ECU ID number, major program, and the course to be challenged.
- A table of contents.
- An autobiographical statement (three to five pages, double spaced) that includes the student's career goals and educational plan.
- A critical reflection of what the student has learned during the process of mastering the learning outcomes. The learning statement may be from one to four pages double spaced. It must explain, specifically, how the student believes he/she has met the learning outcomes and also indicate which level has achieved on the rubric.
- A resume (if learning outcomes were met at a place of employment)

Challenge portfolios must be professional written and formatted using APA or MLA style. Students will be assessed a fee for submitting the portfolio. Unsuccessful portfolios may be revised and resubmitted up to two times at a reduced fee. If a challenge is successful, the student will work with the academic department chair to attach the portfolio, along with the rubrics completed by faculty, to the Challenge Portfolio Etrieve form.

Teacher Certification Non-Traditional "Boot Camp" – Oklahoma State Department of Education (OSDE)

The Oklahoma State Department of Education (OSDE) conducts a non-traditional route to certification program called "Boot Camp" in Special Education. Boot Camp includes 120 hours of instruction in the following required areas.

- Introduction to Special Education
- Individualized Education Plan/Special Education Legal & Ethical Issues (includes 30 hours of field experience)
- Behavioral Management
- Effective Teaching & Reading Strategies

The instructional and field experience hours required in Boot Camp correspond to the hourly requirements of a graduate course as three credit hours equal to 150 minutes per week/16 weeks of the year for a total of 2,400 minutes (40 hours). The OSDE requirement of 150 hours equals nine credit hours of East Central University Coursework. The following courses and descriptions are common content equivalents to the OSDE Boot Camp. Some Boot Camp programs may vary in content. With the college dean's approval, alternative course equivalents may be awarded. The overall number of credit hours awarded will never exceed nine.

- EDUC 5093 Identification of and Strategies for Students with Behavior Disorders
- EDUC 5333 Legal Aspects of Special Education
- EDUC 5233 Survey of Teaching Reading

Determination of course equivalency will be the responsibility of the Director of Special Education and the Dean of the College of Education and Psychology. Students requesting equivalency verification will submit documentation to these individuals.

Return to Table of Contents

Advanced Standing Examination (ASE) Credit

ASE is a pathway by which students may petition for the opportunity to earn credit toward an East Central University (ECU) course by examination. Students with prior experience in a professional field of work, or who have earned credit at an unaccredited institution, may find ASE to be a valuable tool.

The courses eligible for ASE are left to the discretion of the relevant academic department and college dean. Students interested in earning credit via the ASE process should complete the request form in Etrieve. Credits earned via ASE will be charged at the current rate determined by ECU administration at the time the exam is administered. Below are further notes concerning the ASE process.

- ASE credit will not be considered as part of the regular study load for the semester or term in which the credit is recorded.
- No graduate level credit may be earned via ASE.
- ASE may not be earned toward courses not currently offered by ECU.
- A student is not eligible to receive ASE credit in any course unless he or she is eligible to enroll in that course.
- No student may earn ASE credit toward a course he or she already has credit.
- No student will be permitted to permitted to repeat an ASE.
- Prior to earning ASE credit, a student must have already successfully completed a minimum of 12 credit hours at ECU. Successful completion is determined by an ECU retention GPA of 2.00 or higher.
- Students must be enrolled in courses at ECU during the term an ASE is completed.
- Credits earned via ASE will not count toward ECU's minimum requirement of 30 hours completed in residence for graduation.
- All course credit earned via ASE will be designated on the ECU transcript with a grade of "P."

Practical Nursing (LPN) License Holders

This nursing pathway is available for applicants into Bachelor of Nursing program. The policies of this program are governed by the Memorandum of Understanding between the Oklahoma State Regents for Higher Education and the Oklahoma Department of Career and Technology Education dated November 6, 2024. A copy of this MOU is kept by the ECU Registrar. Students must hold a currently valid and unencumbered LPN license to be eligible. Eligible students, upon submitting their transcript from a participating Oklahoma Technical College, will be awarded the following 22 credit hours. For more information, including a list of participating Oklahoma Technical Colleges, prospective students should contact the Nursing Department.

Total: 22 hours of credit toward the BSN degree with the opportunity for an additional four (4) credit hours
BIOL 2184 Human Anatomy
NRSG 1142 Introduction to Professional Nursing
NRSG 2104 Foundations in Nursing
NRSG 2224 Physical Assessment
NRSG 3118 Med-Surg I

Return to Table of Contents

International Baccalaureate (IB)
ECU only awards credit for IB courses complete at the Higher Level (HL) with a minimum score of four (4). Standard Level (SL) courses will not be accepted. Those IB courses listed below have been previously evaluated for ECU credit - the corresponding ECU course is also listed. IB courses (HL only) not listed below will be evaluated by the ECU Registrar on a case by case basis.

IB Course	4	5	6	7
ENG A Lang & Lit	ENG 1113	ENG 1113	ENG 1113	ENG 1113

Non-Coursework Information from Original Transfer Transcript: Supplemental information outside what is mentioned in the above policies (e.g., academic standing comments from original transcript), will not be transcribed to the East Central University transcript.

Transfer Matrices: A matrix allows transfer students to search through guaranteed East Central University (ECU) course equivalencies for their originating institution. ECU current provides students access to the following matrices:

- Oklahoma State Regents for Higher Education (OSRHE) Matrix
  - The OSRHE matrix applies only to Oklahoma public colleges in institutions of higher learning. ECU will always honor and equivalencies listed within the OSRHE matrix.
- ECU Institutional Matrix
  - The ECU institutional matrix is a complete archive of all past transfer course equivalencies (active and inactive) for institutions across the country and beyond.
  - Each course equivalency with in the matrix has a start and end date.
  - Active Equivalencies (currently available) will have a start date but no end date.
  - Inactive Equivalencies (not currently available) will have both a start and end date).

For transfer courses not included in either of the above matrices, evaluation of potential ECU course equivalencies will not be completed until an official transcript from the originating institution is received by ECU. Transfer transcript processing evaluation may take multiple months due to the consistently high volume of incoming transfer coursework.

Veterans Educational Benefits (Undergraduate & Graduate)

East Central University (ECU) is approved for students who are eligible for a variety of Veterans Administration benefits. The Office of Veterans Affairs will provide information, as well as assistance, in the proper filing of all forms for those who are eligible for educational benefits. Information is available concerning all G.I. Bills® which pertain to educational benefits. Questions about other veteran's benefits are encouraged and appropriate resources will be suggested for follow-up information.

Veterans are encouraged to use other services and programs which include counseling, advisement, job placement, outreach, recruitment, VA paid tutoring, and VA paid work-study. The Veterans Administration Regional Office in Muskogee extends the use of a free call-in line (1-888-GIBILL1 or 1-888-442-4551) for all veterans who have questions pertaining to situations not expressly covered under benefits administered by the office at East Central University. East Central University is compliant with Section 702 of the Veterans Access, Choice, and Accountability Act of 2014, Veterans, Active Duty Military Personnel along with their dependents who are using either the MGIB, Chapter 30 or Post 9/11, Chapter 33 (or 33T for dependents) educational benefits will not be charged tuition and fees in excess of the resident rate for terms beginning after July 1, 2015 (December 31, 2015). East Central University is compliant with PL 116-315 Section 1005 and PL 117-68. East Central University is compliant with PL 115407 38 USC 3679(e)(1)(A).

GI Bill is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/gibill

The Department of Veterans Affairs administers a variety of educational benefit programs. Many Veterans and active duty personnel can qualify for more than one education benefits program. Go to the GI Bill website for more information.

Students using VA Education benefits must provide all prior transcripts and training records for evaluation and review. This includes post-secondary and military transcripts. All transcripts must be provided before a student can be certified for VA benefits. ECU will evaluate these records, and when possible, grant appropriate credit for the previous education and/or training, shorten the length of the training program, and notify the student regarding the amount of credit being granted for previous training.

Chapter 30 - Montgomery GI Bill (Active Duty)
The MGIB program provided up to 36 months of education benefits. This benefit may be used for degree and certificate programs, flight training, apprenticeship/on-the-job training and correspondence courses. Generally, benefits are payable for 10 years following your release from active duty.

V.A. Web Resource – Chapter 30 Information

Chapter 31 – Veteran Readiness and Employment
The Vocational Rehabilitation program is for veterans who have service-connected disabilities and require further education to attain suitable, stable employment. This program may provide vocational and other training services and assistance including tutorial assistance, tuition assistance, tuition, books, fees, supplies, licensing fees and equipment and other training materials necessary.

V.A. Web Resource - Chapter 31 Information

Chapter 33 – (Post 9/11 GI Bill)
This program provides VA Educational Benefits to eligible veterans and service members who served at least 30 continuous days on active duty after September 10, 2001, and to certain qualifying dependents. Tuition and fees (based on a combination of length of service and highest rate at a public institution in the state) are paid directly to the school; eligible students received a monthly housing allowance and books and supplies stipends.

V.A. Web Resource – Chapter 33 Information
V.A. Web Resource – Transfer of Eligibility

Chapter 35 – Survivors and Dependents Education Assistance Program
If you are a child or spouse of a veteran or service member who has died, is captured or missing, or has disabilities, you may be able to get help paying for school through the DEA Program – also called Chapter 35. Chapter 35 benefits are available for up to 36 months.

V.A. Web Resource – Chapter 35 Information

Chapter 1606 – Montgomery GI Bill© Selected Reserve
The Montgomery GI Selected Reserve (MGIB-SR) program offers up to 36 months of education and training benefits. If you are a member of the Army, Navy, Air Force, Marine Corps or Coast Guard Reserve, Army National Guard, or Air National Guard, you may be eligible for this benefit. Chapter 1606 are available for up to 36 months.

V.A. Web Resource – Chapter 1606 Information

Veterans Affairs Office & School Certifying Official
The Veterans Affairs Office is the primary point of contact for veterans, active duty, reservists and National/Air Guard members and their dependents. The Veteran Affairs Office is located in Room 113 of the Administration Building. ECU's School Certifying Official (SCO) is Patrick Hicks (phicks@ecok.edu; 580-559-5162).

Tuition Assistance (TA)
An educational benefit for active duty service members. Each branch of service has slightly different rules governing the benefit. The service members must pursue the benefit through their educational service office at their duty station to be approved. The approval must occur prior to enrolling for courses at ECU.

If you are using TA to pay for your education and withdraw from a class after the drop deadline, but prior to completing 60 percent of the course, the Department of Defense (DOD) requires that ECU return any unearned TA funds to the department based on how much of the course you completed. The amount of unearned TA funds is calculated based on the date you withdrew. If you fail a course for non-attendance, you unofficial withdrew and the amount of unearned TA funds will be calculated from the date of your last participation in the course. Your TA eligibility is determined based on the following formula (see below). When completing ECU's online drop/withdrawal form students will be required to self-identify as participating in the TA program.

- Days Completed Before Withdrawal/Last Participation
- Total Number of Days of the Course = Percent of TA Earned

16-Week Course Drop/Withdraw Submission

- By Course Drop Deadline = 100% Return to DOD
- During Weeks 3-4 = 75% Return to DOD
- During Weeks 5-8 = 50% Return to DOD
- During Week 9 = 40% Return to DOD (60% of course has been completed)
- During Weeks 10-16 = 0% Return to DOD

8-Week Course Drop/Withdraw Submission

- By Course Drop Deadline = 100% Return to DOD
- During Week 2 = 75% Return to DOD
- During Weeks 3-4 = 50% Return to DOD
- During Week 5 = 40% Return to DOD (60% of course has been completed)
- During Weeks 6-8 = 0% Return to DOD

Per Oklahoma State Regents for Higher Education Chapter 4 policy (4.15.4, H-1), tuition and fee refunds resulting from schedule changes are to be issued to students in the full amount, and no refunds are available after the course drop deadline. Therefore, after the course drop deadline, the student will be responsible for paying to ECU the portion of TA funds returned to DOD. TA students who did not drop their courses by the deadline listed in the Academic Catalog may owe a portion of their tuition both to ECU and to their military branch.

ECU's SCO can assist with the following:

- A. Education Chapter Benefits
- DOC Tuition Assistance (TA)
- Applying for or Transferring V.A. Benefits
- Ordering and Evaluating JST Transcripts
- Certifying Enrollments to the V.A.
- Amending Enrollments for Increase/Decrease in Hours During the Term
- Enrollment Questions and Planning
- Liaison with V.A. Concerning Pay and Tuition/Fee Issues
- Submitting tuition and fee rates to V.A.

Other Campus Resources for Veterans

- Title IV funding as it relates to T.A. and V.A. Benefits
- Degree plans for T.A. and VR&E (Chapter 31) Students
- Academic Counseling
- Student Support Services (SSS)

- Veterans Student Support Services (VSSS)

Statement on Admissions Recruitment Incentives & Tactics:ECU does not engage in the use of commissions, bonuses, or other incentive payment programs given to employers or contractors for the purpose of securing enrollments of service members. ECU also does not engage in high-pressure recruitment tactics. All individuals who receive communication have either already given consent with third-party vendors, or directly with ECU, and can opt out of any and all communication at any time.

The Dole Act & Electronic Transcripts: The Dole Act (see language below) requires an electronic transcript in some form (official or unofficial) to be available to veterans. Students who attended ECU prior to Fall 2021 are able to receive an electronic official transcript, but not an unofficial. Students who have attended after Fall 2021 can receive an electronic unofficial transcript but not an official. These differences are due to system limitations, which ECU hopes to resolve in the near future.

The language below was provided to ECU by the Department of Veteran Affairs

Digital Transcripts

Per section 207 of P.L. 118-210, the Elizabeth Dole Home and Community Based Services for Veterans and Caregivers Act, some schools are required to make available to each eligible person or Veteran a copy of their official transcript in a digital format upon request. This is effective August 1, 2025.

- *All accredited IHLs must make the transcript available to any VA beneficiary enrolled in any program approved for VA benefits.*
- *For non-accredited IHLs, the law requires the school to make available the transcript to any VA beneficiary enrolled in a standard degree program only (excludes non-college degree programs).*
- *The law does not apply to stand-alone Non-College Degree schools.*

Providing a PDF of the student's transcript via an email to the student satisfies the requirement for a 'digital transcript'. The law does not require you to provide an official (stamped/sealed) copy. The law also does not prevent the school from charging for the transcript or using a third-party service provider.

Department of Education

Majors Offered
Early Childhood Education - Bachelor of Science
Elementary Education - Bachelor of Science

Minor Offered
Education

Departmental Information
The Department of Education serves the University in three essential functions. The first function is to prepare students in the three areas of specialization the department offers at the undergraduate level: Elementary Education and Early Childhood Education. The areas of specialization lead to teacher licensure and certification in Oklahoma. The second function is to provide professional education courses which enable competent educators in all of the teacher education programs at the University. The third and final function is the offering of eight options at the master's level (see Section on School of Graduate Studies). The graduate program prepares individuals for a variety of occupations in public schools, related positions in institutions, business, industry, or hospitals.

Each teacher certification program offered at East Central University is nationally accredited by The Council for the Accreditation of Educator Preparation. The teacher preparation program addresses both national standards and Oklahoma's required 10 competencies. All standards are delivered within ECU's PRIDE conceptual framework where faculty are committed to preparing Professional, Reflective, Innovative and Dedicated Educators. Integrated throughout the program are technology standards and best practices in STEM education. Students preparing to teach in secondary schools acquire a content knowledge base and competency in their respective specialty fields to teach at the middle school, junior high, or high school level. Elementary Education majors are prepared to teach in elementary, middle school, or junior high through eighth grade. Early Childhood Education majors prepare to teach in preschools, kindergartens, and grades one through three. Field experiences provide supervised interactions with public school children before and during student teaching.

All teacher certification programs provide academic backgrounds for students wishing to pursue graduate level education. These advanced studies lead to an expanded professional knowledge base and set of skills which may provide access and entry into professional careers in education. The professional careers include school administration, supervision, library media, guidance and counseling, special education, school psychology and psychometry, and research. The department also offers a doctorate in Rural Education.

Elementary Education Program
Elementary Education majors develop skill and competency in educating children in grades one through eight. The student acquires an academic foundation in language arts, mathematics, science, and social studies by completing at least twelve semester hours in each of these content areas. Elementary Education majors expand their teaching knowledge and skills in the use of teaching methods, materials, various assessment instruments, and appropriate technologies toward meeting the educational needs of elementary students. They develop perspective and skills in planning, organizing, implementing, and evaluating learning activities and lessons. Students also learn appropriate classroom management skills that provide a setting and climate conducive to learning and growth.

Early Childhood Education Program
Students who major in Early Childhood Education complete courses concentrating on the development and education of young children. This program leads to state certification for teaching children in preschool, kindergarten, and grades one, two, and three. The study focuses students on (a) developing an understanding of the unique characteristics and needs of pre-primary and primary level children, (b) learning to assess emerging skills, and (c) planning and executing learning activities appropriate for young learners at various stages of development. Early Childhood majors complete twelve semester hours in each of these areas: science, mathematics, social studies, and language arts. The student who majors in Early Childhood Education will gain practical experiences with prekindergarten through third grade children before and during the student teaching experience.

Requirements for Retention & Graduation in Teacher Education
Appeal, Dismissal & Suspension - Teacher Education

Criteria for Admission to Teacher Education
Students who are considering teacher education as a career must make an application for admission into the Teacher Education Program. Applications for admission will be completed while enrolled in EDUC 2012, Diversity in American Education. Applications for Teacher Education are considered in light of the student's disposition for the teaching profession, work in Block I, college grade point average, English Composition grades or HNRS 2313 in place of ENG 1213, grade in Fundamentals of Human Communication, personnel records, and other pertinent data, including but not limited to, OSRHE requirements. An interview, which includes an evaluation of ethics, is held with the student by a team of education faculty. After full consideration, the applicant is either admitted to the teacher education program, conditionally admitted, or referred for a second interview. After a second interview if an applicant is denied, a student can appeal to the Professional Education Committee (see section titled, "Suspension, Dismissal and Appeals").

A student must meet the following criteria to be admitted to the Teacher Education Program
1) Submit a completed "Admission for Teacher Education Application" form. Applications are submitted to students during EDUC 2012 and can be obtained from the Department of Education.

2) Have completed at least 44 credit hours with a 2.5 GPA or higher.

3) Achieve a "C" or above in ENG 1113 Freshman Composition I, ENG 1213 Freshman Composition II or HNRS 2313 Enduring Questions: Perspectives from Rhetoric and Research (Honors Students Only), and COMM 1113 Fundamentals of Human Communication. The student can be currently enrolled in these courses but may not progress to professional block II without achieving a "C" or better upon completion of each course.

4) Receive a satisfactory recommendation from an education faculty review committee. This review committee will conduct an interview and review a student's disposition record when considering an applicant.

5) Provide documentation of experiences working with children/youth. (completion of EDUC 2211 Field I or concurrent enrollment will satisfy this state requirement) as required by the state.

6) Provide a background check showing they have not been convicted of a felony, any crime involving moral turpitude or a felony violation of the narcotic laws of the United States or the State of Oklahoma within the preceding ten-year period.

7) Meet one of the requirements as outlined by OSRHE 3.21.2 in the OSRHE Academic Affairs Policy and Procedures manual.

If a person is denied entry into the Teacher Education Program a new application for admission may be submitted. In addition the person may submit a written appeal for reconsideration. Appeal procedures are available upon request from department chair.

Requirements for Retention & Graduation in Teacher Education
Students admitted to the Teacher Education Program must maintain their eligibility by meeting the Education Department's dispositional and academic standards. The Teacher Education Program has an ongoing informal evaluation, and specified reviews of teacher education majors regarding continued eligibility for retention, certification, and graduation in teacher education. The following is the review procedure for retention:

1) A continuous informal evaluation occurs for each student admitted to the Teacher Education Program. This evaluation includes each professor being sensitive to student problems or concerns. If a professor observes a problem or concern and considers that it does not meet the Education Department's professional dispositional and academic standards, the professor will file a dispositional concern with the Chair of the Department of Education. The Education Chair or designee will investigate the matter.

2) As a student progress through the program, reviews consist of the following two parts: (a) an examination of the student's grade point average, and (b) performance review by the Education Chair or designee, which may include the student's professional disposition. A student not maintaining an overall grade point average of 2.5 or better in all college work attempted may not enroll in professional education or pedagogical courses (e.g. methods, teaching) in one's major. Students are required to receive a "C" or better in professional education coursework and a "C" or better for coursework in one's major unless otherwise allowed by the program. If a "D" or below is received, a student shall retake the course.

- Unsatisfactory professional disposition may impact eligibility for program retention. An unfavorable evaluation by the Education Chair or designee may lead to either a recommendation to continue in the program under a plan of improvement or a recommendation for dismissal from the program.

3) When the student submits an Application for Student Teaching, an additional review is completed.

4) The evaluation process continues through the student teaching semester.

A student recommended for dismissed from the Teacher Education Program as a result of the review procedure may appeal to the Professional Education Committee.

Plan of Improvement, Suspension, Dismissal and Appeals

Plan of Improvement
If it is determined that a teacher candidate needs a plan of improvement, the following process will be followed:

- The director of teacher education or designee will form a review committee
- The committee will develop a plan of improvement as guided by the template (appendix B - contact department for details)
- The committee or representative will meet with the teacher candidate to discuss the developed plan and obtain signature(s)
- If the conditions are not met in the stated timeline, the committee will make a recommendation to either extend the plan or to dismiss or suspend the teacher candidate from the program

A candidate who is removed from the Teacher Education Program may appeal to the Teacher Education Committee for a hearing and submit evidence of cause for reconsideration.

Suspension from the Teacher Education Program
A candidate shall be suspended when the Education Chair maintains a reasonable belief that grounds exist for a suspension from the Teacher Education Program. The Education Chair shall notify the candidate of the suspension in writing, and said suspension shall not extend beyond ten (10) business days. On or before day 10 of the suspension, the Education Chair shall in writing either reinstate the candidate to the Teacher Education Program or recommend a review by the Professional Education Council (PEC). To the extent possible, a candidate reinstated after the initiation of the suspension from the Teacher Education Program will be restored to their previous position and status without action detrimental to their studies, progress, and evaluation of their work. The Education Chair will decide if the applicant or candidate will be allowed to attend classes, including field experiences and student teaching, during the suspension.

Dismissal from the Teacher Education Program
The obligation for maintaining academic integrity, professional standards and ethics, and legal responsibilities should be considered fundamental in the preparation of future educators. ECU's Teacher Education Program assumes this obligation to students, parents, guardians, public schools, and the State of Oklahoma. The Teacher Education Program will dismiss from the program those candidates deemed unsuitable teacher education students.

East Central University may dismiss from the Teacher Education Program any candidate whose personal conduct is deemed detrimental to:

1.) The welfare of students in the public schools;

2.) The teacher education program's effective working relationship with the public schools;

3.) The candidate's future success in the program;

4.) The candidate's ability to effectively teach;

5.) The teacher education program's role in training future educators; or

6.) The profession of teaching. Behavior that may constitute grounds for dismissal from the teacher education program includes, but is not limited to, conduct that may result in felony conviction.

A candidate being considered for dismissal from the Teacher Education Program for personal conduct shall be notified in writing by the Education Chair. Such written notice shall include:

1.) General description of the reasons for the consideration; and

2.) The date, time, and location of a review by the Professional Education Committee (PEC), which shall be held not more than ten (10) business days after the candidate receives notification of his or her consideration for dismissal.

At the PEC review, the candidate will be provided the opportunity to submit applicable evidence and call any witnesses. The PEC will also review other relevant information and may do so in private, if needed. Following the PEC review, the PEC Chair will notify the candidate in writing about the committee's decision regarding his or her dismissal from the Teacher Education Program and, if needed, the process to appeal the decision.

Appeals

The appeal procedures for students denied admittance to or dismissed from the Teacher Education Program are as follows:

1.) The applicant or candidate initiates the appeal process by providing written notice to the Dean of the College of Education and Psychology. If appealing a denied admittance to the Teacher Education program, the written notice shall be submitted within ten (10) business days following the Education Chair's notification to the applicant about denied admittance to the Teacher Education Program. If appealing a dismissal from the Teacher Education Program, the written notice shall be submitted within ten (10) business days following the Professional Education Council (PEC) Chair's notification to the applicant about being dismissed from the Teacher Education Program. A written notice received after ten (10) business days will not be considered.

2.) The Dean of the College of Education and Psychology will set a hearing within ten (10) business days of receipt of written notice for appeal and notify the applicant or candidate in writing of the date, time, and location.

3.) At the hearing, the Education Chair (denied admittance appeals) or Professional Education Council Chair (dismissal appeals) will be provided the opportunity to submit applicable evidence and call any witnesses. Then, the applicant or candidate will be provided the opportunity to submit applicable evidence and call any witnesses.

4.) At the end of the hearing, the Dean of the College of Education and Psychology will announce his or her decision about the appeal and provide written notification not more than five (5) business days to all parties. Said written notice shall include a finding of facts and the decision

5.) The Dean of the College of Education and Psychology maintains the right to adjust the appeal procedures for extenuating circumstances, provided the adjustments do not eliminate an applicant or candidate's right to a hearing.

The Education Chair will decide if the applicant or candidate will be allowed to attend classes, including field experiences and student teaching, during the pendency of the hearing.

Application for Student Teaching
A teacher candidate must file an "Application for Admission to Student Teaching" during the preceding semester in which they expect to student teach. This normally occurs during Block III. Approval for student teaching must be granted prior to enrolling in student teaching courses.

A teacher candidate must meet the following criteria to be admitted to the student teaching:

1.) Created a Single Sign On account with the Oklahoma State Department of Education (OSDE);

2.) Have a background check showing they have not been convicted of a felony, any crime involving moral turpitude or a felony violation of the narcotic laws of the United States or the State of Oklahoma within the preceding ten-year period.

3.) Have a 2.5 GPA (Grad. Retn.) or better;

4.) Admitted and not currently on a Student Plan of Improvement in the Teacher Education Program;

5.) Completed all pedagogical courses (e.g. methods, teaching) in one's major.

6.) Verify foreign language requirement by demonstrating conversation skills at a novice high level, earning a "C" or better in college-level foreign language coursework, passing an exit exam from a college-level course, or demonstrating 2 years of foreign language at the high school level with a "C" or better for both years.

7.) Earned a "C" or better for coursework in one's major unless otherwise allowed by program.

8.) Earned a "C" or better in the following Professional Education courses:

EDUC 2012 Diversity in American Education
EDUC 2211 Field Experience I
EDUC 2402 Survey of Exceptional Children
EDUC 2631 Foundations of Educational Technology
EDUC 3001 Field Experience II
EDUC 4042 Strat for Effective Teach in Elementary and Early Childhood Ed; OR
EDUC 4052 Effective Teaching in Secondary Education
EDUC 4611 Field Experience III
EDUC 4632 Strategies for Implementing Educational Technology
EDPSY 3513 Educational Psychology
PSYCH 3463 Child and Adolescent Psychology

At the end of the student teaching admission process, the teacher candidate will either be approved, conditionally approved, or denied. The department will notify each teacher candidate in writing about their approval status to student teaching.

This notification will occur prior to the end of Block III, meaning a teacher candidate will not have met Block III requirements by then. The department will make decisions regarding approval into student teaching as if the teacher candidate will complete Block III requirements. If a teacher candidate fails to complete Block III requirements after receiving an approval status notification, the department will notify the teacher candidate that their approval status has been changed to either conditionally approved or denied.

Applicants may be conditionally approved if they have not met one or more criteria but plan to do so prior to student teaching. If conditionally approved, the student will meet with the Education Chair to discuss the unmet criteria and the time line for meeting the requirements. This conditionally approved status for student teaching will extend no further than the last day of the semester preceding student teaching.

When the conditionally approved student meets the criteria, on or before the established time line, they shall notify the Education Chair. The Education Chair will evaluate the student's progress and, if verified, will notify the student in writing about their approval status.

If the student conditionally admitted fails to meet the criteria on or before the established time line, they shall not participate in student teaching for the requested semester.

Professional Education Sequence

EDUC 2402 Survey of Exceptional Children
PSYCH 3463 Child & Adolescent Psychology

The following courses to be taken when a sophomore or junior:
EDUC 2012 Diversity in American Education (complete same term as EDUC 2211 & 2632)
EDUC 2631 Foundations of Education Technology (complete same term as EDUC 2012 & 2211)
EDUC 2211 Field Experience I (complete same term as EDUC 2012 & 2631)

The following courses to be taken when a junior:
EDPSY 3513 Educational Psychology (complete same term as EDUC 3001)
EDUC 3001 Field Experience II (complete same semester as EDPSY 3513)

The following courses to be taken when a senior:
EDUC 4042 Strategies for Effective Teaching Elem/Early Childhood
- To be completed same term as EDUC 4611 & 4632 for all elem/early childhood education teacher cert majors; OR
EDUC 4052 Effective Teaching in Secondary Education
- To be completed same term as EDUC 4611 & 4632 for all secondary education teacher cert majors.
EDUC 4632 Education Technology Integration Strategies
- To be completed same term as EDUC 4042 & 4611
EDUC 4611 Field Experience III
- To be completed same term as EDUC 4042 & 4632

The following courses to be taken when a senior, either the first or second semester - no other courses shall be taken.
EDUC 4262 Student Teaching Seminar I
EDUC 4282 Student Teaching Seminar II

The first, second or third pair of the following courses.
EDUC 4954 Supervised Student Teaching Elementary Schools

Department of Kinesiology

Major Offered
Kinesiology - Bachelor of Science

Minor Offered
Kinesiology

Departmental Information

Physical Activity
An integral part of the educational experience – contributes effectively to a student's general development. The Department of Kinesiology gives students the means to educate the total person for living in an enlightened society. The study of human movement is the unique content of the Kinesiology program. Choices in Wellness is the course that is offered for the general education requirement and provides students with the knowledge and skills necessary to make lifestyle choices which positively affect one's health and well-being. The Kinesiology Department also provides support courses for other majors or teaching concentrations.

Kinesiology Program
The Kinesiology program prepares students for careers in the fitness/wellness profession, as well as research-oriented careers. Prospective employers include health clubs, recreational facilities, sports organizations/athletic departments, hospital-based wellness programs, cardiac rehabilitation programs, sports medicine clinics, as well as preparing students for various medical professions such as: athletic training, physical therapy, physical assistant, and physician's assistant.

Many Kinesiology majors use interdisciplinary studies to prepare for working with special populations such as senior citizens or owning their own fitness business such as personal training. The coursework for this degree includes a core of courses in the broad field of Kinesiology concentrating on knowledge and skills necessary for appropriate exercise testing, prescription, and leadership.

Department of Psychology

Major Offered
Psychology - Bachelor of Science
Psychology - Behavioral Health - Bachelor of Science

Minor Offered
Psychology

Departmental Information
The Department of Psychology is actively involved in fulfilling the three functions of a University: Teaching, Research, and Service. These three functions merge as professors have students participate in research, use research findings and student research to enrich classes, and provide a service to the community by teaching needed skills and providing needed services. As a behavioral science, it employs the scientific method to greatly enhance the problem-solving abilities of people. Further, since psychology involves the study of behavior, it enables people to understand themselves better and to understand others. General Psychology is the course that fulfills the general studies function. It is a general course in which the student learns the principles of behavior and how to apply these to everyday living. The Department of Psychology provides support courses for majors in other areas. For example, majors in elementary education, nursing, and professional programs in human services, take courses in psychology to develop the understanding and skills necessary to function in their professions. The Department of Psychology provides a major field of study with two options (i.e., Traditional, Behavioral Health) leading to the Bachelor of Science Degree. Just as in the minor field of study, some students majoring in psychology do not intend to become professional psychologists. These students may use psychology to enter professional schools such as medicine, dentistry, law, or theology. Others use psychology as a liberal education and enter business and industry or use this knowledge and these skills to become effective parents or citizens in the communities in which they live. Finally, of course, students choose to major in psychology because they want to go on to graduate school and make psychology their professional career.

Psychology Program
Psychology is the science of human behavior. As a field, it attempts to develop technologies that will help understand the dynamics of human behavior as a means of developing a profession that will promote human welfare. As such, the undergraduate program at East Central University prepares its students through classwork, student professional organizations such as Psi Chi, field trips, assisting the faculty in professional endeavors such as research and application, and close relationships with the faculty to help understand and get to know, on a broad basis, the field of psychology. This training prepares the student to work at an entry level in the following areas: mental health clinics, hospitals, counseling centers, corrections, and many other areas including being prepared to enter graduate school.

The mission of the Psychology Program is an integral part of the overall mission of East Central University. The mission of the university includes providing a number of baccalaureate, pre-professional and graduate programs. The program addresses this goal by providing an undergraduate degree program in Psychology. Instruction in Psychology at the undergraduate level utilizes the following formats: lecture, video and multimedia material, field trips, research and library report writing, and direct hands-on experience both in the research laboratory and clinic setting.

College of Education & Psychology Internship Hours
The internship hours in CEP are calculated and governed by the various accreditation agencies (National and State). The agencies include regulations regarding the qualifications of mentors, supervisors, and placements.

2026-2027 SCHOOL OF BUSINESS

2026-2027 Harland C. Stonecipher School of Business
Michael Scott, Dean

Department of Accounting
Department of Business Administration

General Information
The Harland C. Stonecipher School of Business is located in the Chickasaw Business and Conference Center. The School is also home to the Wilburn L. Smith Center for Entrepreneurship and the Kellogg & Sovereign Consulting, LLC Financial Lab. Students are encouraged to join the Business Leaders Association. Students of high academic achievement will be invited to join the international honor society Delta Mu Delta. Both the Accounting Program, and the Business Administration Program, are accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

2026-2027 Accounting (ACCT) Courses
2026-2027 Business (BUS) Courses
2026-2027 Business Communication (BUCOM) Courses
2026-2027 Business-Economics (BSEC) Courses
2026-2027 Business Law (BUSLW) Courses
2026-2027 Economics (ECON) Courses
2026-2027 Finance (FIN) Courses
2026-2027 Information Technology Management (ITM) Courses
2026-2027 Management (MGMT) Courses
2026-2027 Management Information Systems (MIS) Courses
2026-2027 Marketing (MKTG) Courses
2026-2027 Military Science (MS) Courses

School of Business Internship Hours
Students may obtain from one to three credits from internship opportunities. The general requirement is that the internship must include (1) actual work to be completed under the supervision of the place of employment offering the internship and (2) an academic component related to the field of study under the supervision of the SSB internship supervisor. The nature of the actual work and academic component will vary from internship to internship, and the details of each are determined through input from the internship company, supervisor, and student. The hours of credit are determined by the amount of work required.

Return to Table of Contents

Department of Accounting

Major Offered
Accounting - Bachelor of Science
Minor Offered
Accounting

Certificates Offered
Accounting (Managerial Accounting)
Accounting (Treasury Management)
Accounting (Fraud Examination)

Departmental Information
The primary purpose of accounting is to measure and communicate financial information about profit and non-profit organizations to interested persons. Accounting professionals operate within a broad socioeconomic environment. Therefore, emphasis within the accounting program is placed upon a combination of conceptual knowledge and practical applications of accounting theory and concepts as they relate to satisfying the information needs of a disparate group of users. The wide selection of courses in the accounting department enables the student to become familiar with such fields as taxation, financial accounting, managerial accounting, auditing, and governmental/not-for-profit accounting. The Accounting Program prepares the student for entry level professional positions and provides the prerequisite courses for admission to graduate study. Students majoring in accounting are required to take a combination of business and accounting related courses, which enhance their knowledge of the various business functions. Courses in computer technology and information systems, business communication, data analytics, management, marketing, finance, business law, and economics are taken by all accounting majors. The Department also offers a minor in Accounting, and three certificate programs: Fraud Examination, Managerial Accounting, and Treasury Management.

Return to Table of Contents

2026-2027 Accounting Bachelor of Science (120 Credit Hours)
The 120 credit hours includes ECU's 40 hour general education program.

Eligibility to sit for the CPA exam in the state of Oklahoma requires the completion of a minimum of 120 hours of college credit including a bachelor's degree. Additionally, at least 24 of the 120 hours must consist of accounting courses above principles including one course of auditing or assurance. Educational requirements for licensure include a minimum of 150 hours of college credit including a bachelor's degree and a minimum of 30 hours of accounting above principles including one course of auditing or assurance. The total number of hours required for ECU's Bachelor of Science (BS) degree with a major in Accounting is 120. Upon completion of ECU's BS degree, students will meet the eligibility requirements to sit for the exam in the state of Oklahoma. ECU's Master of Science in Accounting (MSA) requires the completion of an additional 30 hours, including a minimum of 15 hours of graduate-level accounting courses. As such, MSA graduates will meet the educational requirements for licensure as set forth by the Oklahoma Accountancy Board.

Required Core Courses (42 Credit Hours)
ACCT 2103 Financial Accounting
ACCT 2203 Managerial Accounting

BSEC 2603 Bus & Econ Statistics
BUCOM 3133 Written Business Communication
BUS 1113 Foundations of Business
BUS 4303 Business Strategy & Policy

Departmental Information
The Department of Business Administration at East Central University offers programs leading to Bachelor of Science degrees in Business Administration and Information Technology Management. The Business Administration degree includes concentrations in Entrepreneurship, Finance, General Business/Business Administration, Marketing, Management, Human Resource Management, and Healthcare Management. The Information Technology Management degree includes concentrations in Information Systems and Data Analytics.

The department also offers a wide range of minors and certificate programs designed to support student career goals and professional development. Minors are available in areas such as Business Administration, Entrepreneurship, Finance, Human Resource Management, Information Systems, Management, Marketing, Data Analytics, Project Management, Promotions Management, Military Science, and others. Certificate programs include Banking & Finance, Entrepreneurship, Global Business, Human Resources Management, Management Information Systems, Project Management, Promotions Management, Real Estate, and International Business Immersion.

The Department of Business Administration prepares students for professional success by providing a strong foundation in business knowledge, analytical thinking, and leadership through engaged and applied learning. The department is committed to creating an interactive and dynamic learning environment where students actively participate in the learning process and develop the skills necessary to succeed in a rapidly changing and diverse global economy.

Aligned with its vision to be recognized for developing adaptable, career-ready graduates who contribute to the success of organizations and communities, the program emphasizes practical application, critical thinking, and leadership development. Small class sizes, dedicated faculty, and a strong real-world focus provide students with meaningful opportunities for engagement and personalized instruction.

Students complete primary general education and business core courses during the first two years, followed by concentration coursework in the final two years. The curriculum integrates traditional and innovative teaching approaches to ensure students gain a solid understanding of business principles, effective communication skills, proficiency in relevant technologies, and the ability to make sound, ethical decisions in a global business environment.

BUS 4213 Business Ethics*
CMPSC 1113 Computer Programming I
ITM 3423 Web Development
ITM 3473 Data Visualization
ITM 3613 Data Comm & Computer Networks
ITM 3823 Cybersecurity
ITM 3843 Cloud Management
MGMT 3023 Project Management I*
MIS 3453 Advanced Computer Business Applications*

Related Work
BUCOM 2013 Professional Speaking
MATH 1513 College Algebra; OR
MATH 1613 Functions & Modeling

Electives

In consultation with their major program advisor, students will select five to fourteen (5 - 14) additional hours of relevant coursework.

Special Requirements and Notation
Courses in the required core as well as those denoted with a "*" are considered related work for double majors, minors and certificates in the Stonecipher School of Business. For graduation, a minimum grade point average of 2.25 is required in the core courses (excludes courses required for area of concentration).

2026-2027 International Business Immersion Certificate (12 Credit Hours)

Required Courses
BUS 1113 Foundations of Business
ENTR 3103 Introduction to Entrepreneurship

Select ONE of the following:
MGMT 3013 Principles of Management
MKTG 3313 Principles of Marketing
BUS 4613 International Business Consulting (Program Fee Required)

Notes:
The International Business Immersion Certificate includes an international travel component as part of BUS 4613 International Business Consulting. Students should plan for required international travel, which may involve additional costs, time commitments, and eligibility requirements beyond standard tuition and fees. Participation in international travel is subject to university policies, including academic, conduct, health, and risk management requirements. Students are encouraged to consult with an academic advisor early to discuss program expectations, travel readiness, financial planning, and course sequencing.

Students must meet all course prerequisites and university certificate requirements.

Department of Biological & Environmental Sciences

*****Content shown below for the Department of Biological & Environmental Sciences is for the prior catalog year (2025-2026). The department did not submit updates in time for the 2026-2027 catalog.*****

Majors Offered
Biology (General) - Bachelor of Science
Biology (Ecology) - Bachelor of Science
Biology (Health Sciences) - Bachelor of Science
Biology (Medical Laboratory Scientist) - Bachelor of Science
Biology (Molecular Biology) - Bachelor of Science
Biology (Teacher Certification) - Bachelor of Science
Env. Health Science - Bachelor of Science
Env. Health Science - (Env. Mgmt. & Nat. Resource) - Bachelor of Science
Env. Health Science (Public Health) - Bachelor of Science

Minors Offered
Biology
Environmental Health Science
Public Health
Environmental Management & Natural Resources

Certificates Offered
Certificate in Geographic Information Systems (G.I.S.)

Departmental Information
The Department of Biological & Environmental Sciences provides undergraduate training for students interested in the life sciences who may wish to pursue careers in this area. Biological & Environmental Sciences is a continually expanding discipline with a variety of career opportunities. The faculty and facilities of the Department permit the investigation of Biological & Environmental Sciences at the subcellular, cellular, organismal, population, and community level. Courses taught in the Department emphasize scientific principles and concepts that aid in understanding structure, function and behavior of individual organisms, and how individual organisms interact within the natural environment. Several scholarships are available to qualified students. Departmental scholarships include the Thomas J. McKnight Biology Scholarship, the Carlock Scholarship, the Dr. Gunar Naib Bohan Scholarship, the Dr. James Clark Scholarship, the Dr. Terry Cluck Tri-Beta Scholarship, the Dr. Bill and Sondra Cole Biology Scholarship, the Delta Dental Pre-Dental Scholarship, the J.G. Duckett Pre-Med Scholarship, the Dr. Benny and Rita Edwards Scholarship, the Karla Kinkead Elizarde Clinical Lab Science Scholarship, the Francisco-Hatchett Scholarship, the Shana Hackworth/Heather Marco Memorial Scholarship, the Don Noble and Elmer Brown Biology Scholarship, the Dr. Carl Osborn Memorial Scholarship, the Harvey Price Memorial Scholarship, the Dr. Raniyah Ramadan Scholarship, the Ramsay Pre-Med Scholarship, the Anita J. and W. Dean Robinson Scholarship, the Watson Family Science Scholarship and the Fred and Mary Pfeffer Scholarship. Other scholarships are available through the Academic Scholarship Program and the East Central University Foundation. For students who plan to teach, there are scholarships available through the College of Education and Psychology.

There are several clubs and societies available for Biological & Environmental Sciences students. The ones currently active are the Tri-Beta Club, the Pre-Health Professions Club, the Society for Wildlife and Ecological Biologists, and the EHS Club and Epsilon Nu Eta.

Biology Degree Program
The Bachelor of Science in Biology degree program offers majors in six bachelor degree concentrations. A Bachelor of Science is designed for students who plan to become practicing biologists in industry or government, or plan to pursue a graduate degree in biology. This degree concentration is usually chosen by those students who need pre-professional training before entering the schools of medicine, dentistry, veterinary medicine, other health-related professional schools, or those seeking a career in biomedical, ecological or other biological field research. In addition to the broad Bachelors or Science in Biology umbrella degree, the department offers specialized training by following the degree concentrations listed below.

Ecology Concentration
A Bachelor of Science in Ecology prepares students to apply for advanced degree or to work in government and/or nonprofit organizations along with conservation of natural resources.

Health Science Concentration
A Bachelor of Science in Health Sciences is offered for students applying for further training in the health professions such as medical school, physicians associates/assistant, dental and veterinary medicine.

Medical Laboratory Science Concentration
A Bachelor of Science for Medical Laboratory Science prepares students to conduct and supervise complex medical tests, apply for Medical Laboratory Scientist certification, and work in accredited medical laboratories; manage clinical laboratories; and consult with physicians and clinical researchers on diagnoses, disease causation and spread, and research outcomes. This degree concentration requires three years of prescribed study on campus followed by a year of clinical training in an approved hospital or School of Clinical Laboratory Science.

This concentration requires a minimum of ninety-four semester hours credit of prescribed study on the campus, followed by a clinical component (30 hours) which consists of a year of approved professional training in Clinical Laboratory Science. The professional training must be done in a school of clinical laboratory science approved by the University and by the Oklahoma Consortium of Clinical Laboratory Science Affiliates.

Requirements for admission to the clinical component of medical laboratory science:
1.) Complete the general education requirements.

2.) Complete prescribed science and math courses or equivalent courses.

3.) Complete a sufficient number of approved electives to complete the minimum requirement of ninety-four semester hours.

4.) Grade average must be a 2.5 or better overall and in the specific work in science and math.

5.) Ten semester hours of the ninety-four must be done in upper division courses (3000 and 4000 level).

Attainment of the requirements above does not guarantee admission to the clinical component of the program. The number of applicants placed is based on the number of applicants accepted by affiliated Schools of Clinical Laboratory Science.

Molecular Biology Concentration
The Bachelor of Science for Molecular Biology prepares students for graduate research and/or employment in the rapidly growing fields of biotechnology, agribusiness, industry, law enforcement, and molecular biology.

Teaching Certification Concentration
A Bachelor of Science for Teacher Certification gives a prospective science teacher an appropriate academic background in biology and in the methods of teaching.

Environmental Health Science Program
The Bachelor of Science in Environmental Health Science (EHS) provides graduates with the interdisciplinary education needed for professional careers in areas such as: hazardous materials management, environmental program planning, industrial food safety, disease vector control, occupational safety and health, and water resources management. Environmental Health Sciences program graduates have been selected for professional positions in public health departments, private industries, state and federal environmental agencies, the United States Public Health Service Commissioned Corps and in private environmental consulting firms. In addition, the program prepares EHS majors for graduate study in a wide variety of disciplines.

The EHS program is one of 31 baccalaureate programs accredited by the National Environmental Health Science and Protection Accreditation Council and has maintained accreditation since 1975. EHS majors must complete a total of 55 hours of core courses in environmental health and environmental science which includes a supervised, professional internship at an approved site. The internship provides students with an opportunity to integrate their academic preparation with actual work experiences. EHS majors must also complete supporting courses in biology, chemistry, physics, and mathematics. A minor is advised, but not required.

In addition to the larger EHAC accredited umbrella degree of the Bachelor of Science in Environmental Health Science, the department also offers accredited programs in the specialized degree concentrations including the Bachelor of Science in EHS for Environmental Management and Natural Resources, and a Bachelor of Science in EHS for Public Health as described below.

Public Health Concentration
The Bachelor of Science in Public Health prepares students for careers in health departments as public health/wellness professionals, epidemiologists, institutional wellness consultants or use the degree to apply to health professional schools such as medical school or graduate school in Public Health.

Environmental Management and Natural Resources Concentration
A Bachelor of Science in Environmental Management and Natural Resources prepares students for work in forestry, park rangers, environmental protection, policy and regulation.

Certificate in Geographic Information Systems (G.I.S.) Program
The Geographic Information Systems certificate program at East Central University aims to cultivate expertise in utilizing spatial software within real-world contexts. Courses are offered in both traditional and electronic modalities optimized for working adults. Graduates of this program will emerge equipped with a diverse skill set, ready to enter the wordforce armed with a valuable portfolio of spatial skills and practical experience. Program participants have access to fieldwork equipment, including GPS devices, drones, and surveying tools and dedicated GIS scholarship opportunities. Students receive strong academic support, with advisors and support staff assisting with program enrollment, course selection, and career guidance.

Return to Table of Contents
Return to Department of Bio & Environ Sci.

The 120 credit hours includes ECU's 40 hour general education program.

Required Biology Core (20 Credit Hours)
BIOL 1114 General Biology I
BIOL 1134 General Biology II
BIOL 3434 Genetics
BIOL 4883 Biology Senior Seminar

Select one of the following:
BIOL 3514 General Physiology; OR

BIOL 3634 Human Physiology

Required for Biology/General Concentration (11 Credit Hours)
BIOL 2344 Microbiology
BIOL 4313 Cell and Molecular Biology
BIOL 4414 General Ecology

Required Electives (16 Credit Hours)
Sixteen (16) hours of elective biology with minimum of 11 hours in 3000-4000 level courses (NOT BIOL 4473 or BIOL 4713).

Recommended Related Electives
CHEM 4114 Organic Chemistry II
CHEM 4213 Biochemistry
CHEM 4221 Biochemistry Lab
BIOL 3703 Biostatistics

Required Related Work (23-25 Credit Hours)
CHEM 1114 General Chemistry I
CHEM 1214 General Chemistry II
CHEM 3114 Organic Chemistry I
PHYS 1114 General Physics I
PHYS 1214 General Physics II

Select one of the following:
MATH 1513 College Algebra*; OR
MATH 2825 Calculus & Analytic Geometry I

General Electives (21-23 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
"Teachers" or "methods" courses may not be counted in this major.
Students interested in the 3+1 degree program (ECU and OSUCOM) can apply for early admission to the OSU College of Osteopathic Medicine and earn an ECU bachelor's degree in biology by completing the first year of medical school at OSUCOM (D.O. Degree). Complete information on this program can be obtained from the Department of Biological and Environmental Sciences.

** With Department approval, students may omit MATH 1513 and replace with MATH 2825.*

BIOL 1134 General Biology II
BIOL 3434 Genetics
BIOL 4883 Biology Senior Seminar

Select one of the following:
BIOL 3514 General Physiology; OR
BIOL 3634 Human Physiology

Required for Health Science Concentration (15-17 Credit Hours)
BIOL 2344 General Microbiology
BIOL 4313 Cell and Molecular Biology

Select one of the following:
BIOL 2184 Human Anatomy; OR
BIOL 3245 Comparative Verterbrate Anatomy

Select one of the following:
BIOL 4414 General Ecology; OR
BIOL 4545 Advanced Molecular Biology

Required Electives (9-12 Credit Hours)
Select three of the following:
BIOL 2113 Medical Terminology
BIOL 3013 Research Methods and Bioethics
BIOL 3034 Medical Botany
BIOL 3254 Medical Entomology
BIOL 3623 Biochemistry of Human Disease
BIOL 3654 Histology
BIOL 3683 Immunology
BIOL 4113 Vertebrate Embryology
BIOL 4553 Pathogenic Microbiology

Required Related Work (29-32 Credit Hours)
CHEM 1114 General Chemistry I
CHEM 1214 General Chemistry II
CHEM 3114 Organic Chemistry I
PHYS 1114 General Physics I
PHYS 1214 General Physics II
PSYCH 1113 General Psychology

Select one of the following:
MATH 1513 College Algebra*; OR
MATH 2825 Calculus & Analytic Geometry I

Select one of the following:
EHS 3703 Biostatistics & Envir. Calculations
MATH 1223 Intro. to Probability & Statistics
PSYCH 3833 Behavioral Science Statistics
SOC 3833 Statistics for Social Sciences

General Electives (15-20 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
"Teachers" or "methods" courses may not be counted in this major. A minor program is not required for this major.
** With Department approval, students may omit MATH 1513 and replace with MATH 2825.*

Students interested in the 3+1 degree program (ECU and OSUCOM) can apply for early admission to the OSU College of Osteopathic Medicine and earn an ECU bachelors degree in biology by completing the first year of medical school at OSUCOM (D.O. Degree). Complete information on this program can be obtained from the Department of Biological and Environmental Sciences.

Department of Physical Sciences

Majors Offered
Chemistry - Bachelor of Science
Chemistry (Teacher Certification) - Bachelor of Science
Chemistry (Biochemistry) - Bachelor of Science
Physics - Bachelor of Science
Physics (Medical Physics) - Bachelor of Science
Physics (Teacher Certification) - Bachelor of Science

Minors Offered
Chemistry
Physics

Departmental Information
The Department of Physical Sciences is comprised of two disciplines--Chemistry and Physics. The department offers Bachelor of Science degree programs with a major and a minor in each of these academic areas. Specific features of each program are detailed below.

Chemistry
The Chemistry program offers both a major and a minor in chemistry, a major in chemistry with a biochemistry concentration, a major in chemistry for teacher certification, and courses needed for those wishing to teach biology, chemistry, physics, physical science, or general science at the public school level. The department also functions as a support and service department for required courses in biology, nursing, environmental science, and allied health programs. Additionally, the department provides pre-professional studies for students pursuing medicine, engineering, pharmacy, veterinary medicine, physical therapy, and medical technology. A quality program of study is made possible through small classes, opportunity for student/professor interaction, and the unique situation of having the Robert S. Kerr Environmental Research Center located in Ada, OK. Cooperative agreements with this governmental institution allow expanded opportunities for study, research, quality analytical instrumentation, and possible student employment while at ECU.

Chemistry Program
In compliance with the recommendations of the American Chemical Society for curricula in undergraduate chemical education, the department offers courses in all five major areas of chemistry: inorganic, analytical, organic, physical, and biochemistry.

Physics
Physics is one of the most fundamental and all-inclusive of the sciences. It is an attempt to understand the foundations of our universe through the study of motion, force, energy, sound, electricity, magnetism, thermodynamics, heat, light, and quantum mechanics. Physics students use advanced mathematics to solve challenging experimental or theoretical problems, so they often major in mathematics as well. The ability to analyze a problem and find the best possible solution is vital to success in many fields. As a result, physics graduates often work in such seemingly non-related areas as medicine, law, biology, business, or military science, as well as in engineering, mathematics, computer science, or industry.

In addition to the university's program of financial aid, the department provides positions for student workers. Several departmental scholarships are awarded annually, and the department participates in the OK-LSAMP program awarding scholarships and research stipends for qualifying minority students. Interested students should contact the Department Chairman for further information.

Physics Program
In addition to the university's program of financial aid, the department provides positions for student workers. Several departmental scholarships are awarded annually, and the department participates in the LS-OKAMP program awarding scholarships and research stipends for qualifying minority students. Interested students should contact the Department Chairman for further information.

MATH 3025 Calculus & Analytical Geometry II
PHYS 1114 General Physics I; OR
PHYS 2115 Engineering Physics I
PHYS 1214 General Physics II; OR
PHYS 2225 Engineering Physics II

Recommended Related Work: Geology, additional physics, biology (not BIOL 1114) and computer science.

Minor (18-33 Credit Hours)
A minor is required for this program. The minor with the chemistry major must be biology, environmental health science, mathematics or physics.

General Electives (0-15 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
* With department approval, students may omit MATH 1513 and/or MATH 1713 and begin with MATH 2825.
"Teachers" or "methods" courses do not count in the major.

2026-2027 Chemistry (Teacher Cert.) - Bachelor of Science (124-126 Credit Hours)
The 124-126 credit hours includes ECU's 40 hour general education program.

General Education
This major requires students to count specific courses toward their general education requirement. Seventeen (17) hours (BIOL 1114, CHEM 1114, COMM 1113, MATH 1513 and PSYCH 1113), counted in the major. Demonstrate novice high competency in a foreign language or complete a foreign language or American Sign Language course with a C or higher.

Required Core Courses (20 Credit Hours)
CHEM 1114 General Chemistry I
CHEM 1214 General Chemistry II
CHEM 3114 Organic Chemistry I
CHEM 3214 Quantitative Analysis I
CHEM 4114 Organic Chemistry II

Required for Teacher Certification Concentration (3 Credit Hours)
B/C/P 4113 Methods of Teaching Biological & Physical Science

Required Chemistry Electives (7 Credit Hours)
Seven (7) hours of chemistry electives. Courses should be determined in consultation with program advisor.

Related Work (41-43 Credit Hours)

MATH 1713 Trigonometry*
MATH 2825 Calculus & Analytic Geometry I
MATH 3025 Calculus & Analytic Geometry II
MATH 3033 Calculus & Analytic Geometry III
MATH 4113 Differential Equations

Select one of the following:
BIOL 2113 Medical Terminology
EHS 2413 Radiologic Health

Select one of the following:
MATH 3513 Mathematical Statistics
MATH 3583 Applied Statistics
SOC 3833 Statistics for the Social Sciences

General Electives (0-10 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
* With department approval, students may omit MATH 1513 and/or MATH 1713 and begin with MATH 2825.
"Teachers" or "methods" courses do not count in the major.
A minor program is not required for this major.

2026-2027 Physics (Teacher Certification) - Bachelor o f Science (122-128 Credit Hours)
The 122-128 credit hours includes ECU's 40 hour general education program.

General Education
This major requires specific courses to be counted toward the general education requirement. Seventeen (17) hours (BIOL 1214 or 1314, CHEM 1114, COMM 1113, MATH 1513 or PSYCH 1113) counted in the major. Demonstrate novice high competency in a foreign language or American Sign Language course with a C or higher.

Required Physics Core (15 Credit Hours)
PHYS 2115 Engineering Physics I
PHYS 2115 Engineering Physics II
PHYS 3013 Modern Physics
PHYS 3412 Junior Physics Laboratory

Required for Teacher Certification Concentration (13 Credit Hours)
B/C/P 4113 Methods of Teaching Bio
PHYS 1314 Astronomy
PHYS 3113 Mechanics I
PHYS 4113 Electricity & Magnetism

Required Electives (2 Credit Hours)
Two (2) hours of physics electives (Not PHYS 3222 or 4222).

Related Work (32-38 Credit Hours)
BIOL 1114 General Biology
CHEM 1114 General Chemistry I
CHEM 1214 General Chemistry II

Related Work Electives (7 Credit Hours)
Seven (7) hours of chemistry electives.

Minor
Professional Education coursework is used as the minor and no other minor is required.

Professional Education (30 Credit Hours)
EDUC 2402 Survey of Excep Child
PSYCH 3463 Child & Adolescent Psych
EDUC 2012 Foundations of Educ
EDUC 2631 Foundations of Educ Technology
EDUC 2211 Field Experience I
EDPSY 3513 Educ Psych
EDUC 3001 Field Experience II
EDUC 4052 Effective Teaching in Secondary Education
EDUC 4611 Field Experience III
EDUC 4632 Education Technology Integration Strategies
EDUC 4262 Student Teaching Seminar I
EDUC 4282 Student Teaching Seminar II
EDUC 4974 Sup Student Tchg Secondary School

Department of Mathematics & Computer Science

Majors Offered
Computer Science - Bachelor of Science
Mathematics (Applied/Pre-Actuary) - Bachelor of Science
Mathematics (General) - Bachelor of Science
Mathematics (Teachers Cert.) - Bachelor of Science
Mathematics (Data Science) - Bachelor of Science

Minors Offered
Computer Science
Mathematics

Departmental Information
The Department Mathematics and Computer Science currently offers five concentrations which leads to a Bachelor of Science degree: General Mathematics, Teacher Certification in Mathematics, Mathematics - Applied/Pre-Actuary, Data Science Applications, and Computer Science.

The Mathematics Program offers four concentrations which lead to a Bachelor of Science degree. The curriculum is flexible and can be adapted to a variety of student interests. After completing one of the four concentrations, program graduates typically enter the job market as applied mathematicians in business or industry, actuarial trainees, or certified teachers of secondary school mathematics. Some program graduates pursue study in graduate school leading to advanced degrees in mathematics, statistics, computer science, finance, or management science while others elect to pursue further study in a professional school such as law or medicine.

The Computer Science Program provides a solid education in all major areas of Computer Science with an emphasis on Software Engineering. Computer Science students complete a Bachelor of Science degree in four years. Our graduates are typically employed by large companies who need skilled software design specialists to work on the forefront of the field. Computing facilities include powerful Linux based and Windows based terminals as well as graphics workstations. Department computers have internet access and are loaded with mathematical and statistical software packages for use in classroom teaching, student research and downloadable for home use.

Mathematics Program - General Concentration
The General Mathematics concentration provides preparation for the student who plans to enter a graduate program in mathematics or to seek immediate employment. A student taking this concentration, in consultation with his or her advisor, should choose elective courses which meet the entrance requirements of the desired graduate program. This concentration is often part of a double major with Physics, Computer Science, or other sciences. In addition to the core courses required for all mathematics majors, students in this concentration also take courses emphasizing proof writing.

Mathematics Program - Teacher Certification Concentration
The Teacher Certification concentration, in conjunction with professional education courses, prepares students for teaching mathematics at the secondary level. Majors take courses in education, mathematics, and mathematics education. Curriculum emphasizes pedagogy, technology, diversity, and current trends in education. Graduates of this concentration are in high demand locally, state-wide, and nationally. Most graduates of this concentration quickly find employment in the county, or elsewhere in Oklahoma and surrounding states. In addition to the core courses required for all mathematics majors, students in this concentration also take courses specifically for education majors.

Mathematics Program - Applied Mathematics/Pre-Actuary Concentration
The Applied Mathematics/Pre-Actuary concentration prepares students for entry into the job market as an applied mathematician or actuarial trainee, for a career in finance, or for entry into a graduate program in applied mathematics, actuarial science, statistics, finance, or quantitative management science. In addition to the core courses required for all mathematics majors, students in this concentration also take courses in business.

Mathematics Program - Data Science Applications Concentration
The Data Science Applications concentration is for students interested in applying mathematics, statistics, and computer science to a wide range of business problems. With a broader focus, students in this concentration will be prepared to work in a variety of industries— analytics, data science and big data. Students finishing this program will have a variety of skills in mathematics, statistics, computer science, programming, and analytics. They will have specific skills related to data science in database design, data extraction, data wrangling, data scraping, data visualization, machine learning, deep learning, and artificial intelligence. Students will also gain the interdisciplinary skills to succeed in this fast-growing field. In addition to the core courses required for all mathematics majors, students in this concentration also take courses in computer science.

Computer Science Program
The Computer Science degree program prepares students for a career in the world of technology. Both online and in-seat courses are options for majors of this program. Lucrative salaries and opportunities to work on interesting and challenging projects are the rewards which await those who choose the Computer Science major. Technology touches essentially every aspect of life. Students have access to a powerful Linux-based mainframe as well as the University computer network. Majors have access to both labs and 24/7 remote access. The curriculum is designed using guidelines published by the Association of Computing Machinery (ACM). Courses provide students excellent training in the scientific and technical areas of computing and the preparation necessary to pursue graduate work in this field. The course of study is mathematical in nature with emphasis on software engineering.

2026-2027 Computer Science - Bachelor of Science (120 Credit Hours)
The 120 credit hours includes ECU's 40 hour general education program.

Required Courses (27 Credit Hours)
CMPSC 1113 Computer Programming I
CMPSC 1133 Computer Programming II
CPSMA 2103 Data Structures
CPSMA 3103 Algorithm Analysis
CMPSC 3113 Operating Systems
CMPSC 3613 Computer Architecture
CMPSC 3943 Software Design & Development
CMPSC 4213 Data Base Design
CMPSC 4473 Theory of Programming Languages

Required Electives (18 Credit Hours)
Eighteen (18) hours in upper level Computer Science with at least twelve (12) hours in CMPSC courses.

Related Work (11-18 Credit Hours)
CPSMA 3913 Discrete Mathematics
MATH 1513 College Algebra*
MATH 1713 Trigonometry*

Select one of the following:
MATH 2825 Calculus & Analytical Geometry I; OR
MATH 2613 Calculus for Bus, Life & Soc. Sci.

If MATH 2613 is chosen from above, then choose one of the following:
MATH 1223 Intro to Probability & Statistics; OR
BSEC 2603 Business & Economic Statistics

Select one of the following:
BUCOM 3133 Business Communication & Report Writing
COMM 1113 Fundamentals of Human Communication
ENG 3183 Technical & Professional Writing

General Electives (26-36 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student. Students majoring in computer science are highly encouraged to take upper-level computer science electives to make themselves more attractive to industry recruiters.

Special Requirements
* With department approval, students may omit MATH 1513 and/or MATH 1713 and begin with MATH 2825.
A minor program is not required for this major.

Required Mathematics Core (22-28 Credit Hours)
MATH 1513 College Algebra*
MATH 1223 Intro to Probability & Statistics
MATH 1713 Trigonometry*
MATH 2825 Calculus & Analytic Geometry I
MATH 3025 Calculus & Analytic Geometry II
MATH 3033 Calculus & Analytic Geometry III
MATH 3713 Linear Algebra
MATH 4923 Perspectives in Mathematics

Required for Applied/Pre-Actuary Concentration (9 Credit Hours)
MATH 3513 Mathematical Statistics
MATH 3583 Applied Statistics
MATH 4113 Differential Equations

Required Mathematics Electives (15 Credit Hours)
Select two of the following:
CPSMA 3913 Discrete Mathematics
CPSMA 3933 Operations Research
CPSMA 4413 Numerical Methods
Nine hours approved courses from MATH, CMPSC, MIS, MGMT, MKTG, BUSLW or FIN (3000-4000)

Related Work (30 Credit Hours)
ACCT 2103 Financial Accounting
CMPSC 1113 Computer Programming I; OR
other computer programming course in a high level language (logical, functional or procedural, including Mathematica)
COMM 1113 Fundamentals of Human Communication
ECON 2003 Principles of Macroeconomics
ECON 2013 Principles of Microeconomics
ENG 3183 Technical & Professional Writing
FIN 3113 Financial Management
FIN 3913 Insurance Planning & Risk Management
MIS 1903 Computer Business Applications
MIS 3433 Management Information Systems

General Electives (10-16 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
Math 1413 "teachers" or "methods" courses will not be counted in the major.
* With department approval, students may omit MATH 1513 and/or MATH 1713 and begin with MATH 2825.
A minor program is not required for this major.
Actuaries must pass a series of exams administered by the Society of Actuaries (SOA) in order to achieve professional status as an actuary. The first exam, Exam P, covers probability and supporting calculus topics. Pre-actuary students should take this exam after completing MATH 3513 Mathematical Statistics. The second exam, Exam FM, covers interest theory and financial economics. This exam should be taken after FIN 3113 Financial Management. Other SOA exams cover subjects as risk and risk management.

School of Nursing

Majors Offered
Nursing - Bachelor of Science

Departmental Information

Accreditation
The ECU School of Nursing is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to write the National Council Licensure Examination (NCLEX) for registered nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license and practice nursing. In addition to completing a state approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search including fingerprinting, and evidence of citizenship or qualified alien status [59 O.S. §§567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
2. A pending or approved application for asylum in the United States;
3. Admission into the United States in refugee status;
4. A pending or approved application for temporary protected status in the United States;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent resident status or conditional resident status

The Board has the authority to deny a license, recognition or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made. Potential applicants to state approved education programs, with a criminal history, may obtain a determination of eligibility for licensure or certification from the Oklahoma Board of Nursing for a fee. The Petition for Determination of Eligibility for Licensure or Certification form can be accessed at: https://oklahoma.gov/nursing/criminal-history.html

The Oklahoma Board of Nursing
Mailing address: P.O. Box 52926
Oklahoma City, OK 73152
Physical address: 2501 N. Lincoln Blvd., Ste. 207
Oklahoma City, OK 73105
(405) 962-1800

The School of Nursing at East Central University located in Ada, Oklahoma is accredited by the: Accreditation Commission for Education in Nursing (ACEN) 3390 Peachtree Road NE, Suite 1400 Atlanta, GA 30326. 405-975-5000. The most recent accreditation decision made by the ACEN Board of Commissioners for the ECU School of Nursing is continuing accreditation. View the public information disclosed by the ACEN regarding this program at www.acennursing.us/accreditedprograms/ programSearch/htm

Pre-Licensure Nursing Program
The School of Nursing offers the Bachelor of Science with a major in Nursing degree to pre-licensure students. A minimum of 121 hours is required for graduation, to include 40 general education, 21 required related work, and 60 in the major. Courses prepare students to provide high-quality, professional nursing care in a variety of settings. See additional information at School of Nursing.

Pre-Licensure Admission Requirements
Selection of students admitted to the nursing program is based on the potential for success in completing the program and obtaining licensure. Acceptance is contingent upon meeting the required criteria and available enrollment space. Exceptions may be made at the discretion of the faculty as a group. Admission decisions are based upon, but not limited to, program and cumulative GPAs, required related work grades, earned degrees, relative experience, licensure, and certifications, and ECU student status. It is the student's sole responsibility to ensure that applications are complete and submitted on time for consideration.

Entry into the program takes place biannually in both the fall and spring semesters. Applications will be available as follows:

- Fall admission: November 1st – February 1st
- Spring admission: May 1st – September 1st

Applicants must meet all of the following requirements:

1. Be accepted to East Central University by the program deadline (Fall–May 1st; Spring-November 1st).
2. Transcript(s) reflecting a minimum retention grade point average of 2.7 in all course work completed at the time of application.
3. Minimum of 24 credit hours of general education/prerequisite and required related work courses at the time of application. All prerequisite courses must be completed by the end of the Spring semester for fall start or the end of the fall semester for a spring start.
4. No grade less than a "C" in any required prerequisite and required related work courses.
5. All application materials, to include transcripts and fully completed nursing application, must be received in the nursing office by the date and time outlined in the application information.

Other Requirements

1. Documentation of immunizations, (see application and/or FAQ on website) and other related requirements for clinical, attestations, and accreditation, must be completed by the dates and times outlined in the admission/acceptance information.
2. Current American Heart Association BLS for Healthcare Providers
3. State and national background check is required, instructions for completion will be provided in the admission packets. If applicant has a criminal history, of any kind, this must be disclosed to the Director, School of Nursing prior to submitting the application.
4. A urine drug screen is required, instructions for completion will be provided in the admission packet. Marijuana is an illegal drug at the federal level. Any agency receiving federal funds of any kind is prohibited from allowing marijuana use. Additionally, the use of any substance which might impair judgment and put patients at risk is prohibited
5. Method/mode of transportation to campus, clinical facilities, and to other assignments are the responsibility of the student, and are not restricted to or dependent upon others.
6. Professional liability insurance is required for all students for the duration of the program. Information will be available in the admission/acceptance information.

2026-2027 Nursing - Bachelor of Science (121 Credit Hours)
The 121 credit hours includes ECU's 40-hour general education program.

General Education
This program requires specific courses to be applied toward general education requirements. Seventeen (17) hours (BIOL 1114, CHEM 1114 or CHEM 1324, KIN 2183, MATH 1513 or MATH 1613, and PSYCH 1113) counted in the major.

Required Core Courses (36 Credit Hours)
NRSG 1142 Introduction to Professional Nursing
NRSG 2104 Foundations in Nursing
NRSG 3118 Med Surg I
NRSG 3193 Pharmacology I
NRSG 3218 Med Surg II
NRSG 3393 Pharmacology II
NRSG 4164 Nursing-Childbearing Family
NRSG 4214 Psychiatric-Mental Health Nursing

Required in Nursing Major (24 Credit Hours)
NRSG 2224 Physical Assessment
NRSG 3883 Nursing Research
NRSG 4375 Meg Surg III
NRSG 4513 Prioritization & Critical Thinking
NRSG 4283 Community Health Nursing
NRSG 4382 Leadership in Nursing
NRSG 4954 Transition to Professional Practice

Related Work (38 Credit Hours)
BIOL 1114 General Biology
BIOL 2184 Human Anatomy
BIOL 2344 General Microbiology; OR
BIOL 3114 Epidemiology; OR
EHS 3114 Epidemiology
BIOL 3634 Human Physiology
CHEM 1114 General Chemistry; OR
CHEM 1324 Chemical Principles
KIN 2183 Basic Nutrition
MATH 1513 College Algebra; OR
MATH 1613 Functions & Modeling
PSYCH 1113 General Psychology
PSYCH 3463 Child & Adolescent Psychology

Three (3) hours introductory statistics OR one of the following:

Departmental Information
The Department of English and Languages offers a major in English. It offers minors in English and Humanities, as well as course work in additional languages. Students in the department's major and minor programs enhance their reading and writing skills important in a variety of careers, absorb the cultural understanding necessary for success in a diverse society, and develop the critical thinking skills which will lead to professional and advanced academic success.

The major in English is appropriate for many professional and cultural objectives. By properly selecting courses, students may prepare for a variety of options:

graduate work in literature, writing, or linguistics;
certification for secondary teaching;
professional work in creative, expository, and technical writing; or
professional study in such areas as law or technical communication.

Because of the comprehensive variety of courses offered, students have opportunity within the major to explore areas of special interest: for example, American, British and World literatures, the English language, or technical and creative writing.

English Program
The Department of English and Languages offers undergraduate majors in English and English Teacher Certification. English majors develop broad cultural awareness and advanced reading and writing skills through study of poetry, drama, fiction, film, and critical theory. Additional study of creative and persuasive writing, and grammar and linguistics prepares students for graduate study in literature, rhetoric and composition, creative or technical writing, linguistics, or for study of law. English Teacher Certification majors take additional courses in methods of teaching English to attain state certification qualifying them to teach English at the middle and high school levels. The department also offers minors in English and Humanities.

Languages
The department offers basic courses in French, Spanish, and Russian. All foreign language studies provide awareness of the culture of the language and insight into the unique world view of different languages.

Humanities
The department offers a minor in the humanities, those branches of learning which deal with what is fundamentally human self-consciousness, language, reason, creativity, human values and aspirations. The department and the college offer a wide range of humanities courses to serve the minor and satisfy university general education requirements. Examples include courses in literature, film, language, history, philosophy, religion, art, music, and theater.

2026-2027 English - Bachelor of Arts (120 Credit Hours)
The 120 credit hours includes ECU's 40-hour general education program.

Required Core Courses (18 Credit Hours)
ENG 3143 Introduction to Film
ENG 3193 Persuasive Writing & Logic
ENG 3213 Shakespeare
ENG 3363 Critical Approaches to Literature
ENG 4013 Grammar & Linguistics
ENG 4883 Publication & Portfolio Capstone

Required English Survey Electives (12 Credit Hours)
Four (4) of the following survey courses, including one from each category. Select one additional survey from American, British or World Literature.

American Literature
ENG 2433 American Literature to 1865
ENG 2433 American Literature since 1865

British Literature
ENG 2643 British Literature to 1800
ENG 2653 British Literature since 1800

World Literature
ENG 3913 World Literature to 1700
ENG 3923 World Literature since 1700
HUM 2323 Global Literatures

Senior-Level Electives (6 Credit Hours)
ENG 4000-Level
ENG 4000-Level

Any English Electives (6 Credit Hours)
ENG - any course
ENG - any course

Related Work (6 Credit Hours)
One 3-hour foreign language course
One additional 3-hour foreign language course (sequential preferred)
Students should consult with program advisor when selecting courses.

General Electives (32-38 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
A minor program of study is not required for this major. The OSRHE computer proficiency graduation requirement can be fulfilled by taking ENG 3183 Professional and Technical Writing as an elective.

Department Information
Success in any career today demands flexibility based in three skill areas: the ability to think critically, the ability to analyze information from a variety of sources and apply that analysis to solving problems, and the ability to communicate that analysis to others. These skills are particularly critical for careers in law, government, business, teaching, medicine, as well as for success in graduate or professional school.

Founded solidly in the tradition of liberal arts, the Department of History at East Central University emphasizes developing these skills. Each History and Native American Studies major may, with the help of faculty, tailor a program to best match individual career and intellectual interests. The department offers degrees in History, and History (Teacher Certification). In addition, the department offers courses in Native American Studies.

History Program
History offers students the richness of past experience to comprehend more lucidly humanity's progress and setbacks, great accomplishments and tragic failures. Historical study teaches judgment, examines values, and explores issues and events; it uncovers the sources of creativity and stagnation during the entire course of civilization's evolution. The significance of the past and its meaning for the possibilities of the present and future become a powerful tool of analysis and interpretation. The History program offers a wide range of courses in United States history, European history, and World history. A student may major or minor in history, selecting an area of concentration for either a BA or a BA with teacher certification

History as a major combined with other disciplines, provides excellent preparation for a productive and meaningful personal and professional life. Majors utilize their skills to teach history and related courses in elementary and secondary school. Graduates may also pursue advanced degrees in history in order to teach and conduct research at the college level. History majors also continue their education in other graduate and professional programs such as journalism, law, management, and public administration. Graduates also seek careers in business, public service, and informational and research positions.

Department Information
The Political Science and Legal Studies programs offer degrees with very different objectives: the BA in political science and the BS in legal studies. Courses emphasize critical thinking and written and oral communication skills. Classes are typically discussion-based and service learning and simulations are often employed. The legal studies program is much more applied, teaching skills that will be applicable in the law office, such as legal business applications and knowledge of specialty law subjects. Most classes are based on lectures and focused projects. Both programs study the connection between law and politics and both programs are popular avenues to law school. Paralegals may not provide legal services directly to the public, except as permitted by law.

A certificate in Legal Studies is attractive to anyone seeking to work in a law office or a law-related setting. Paralegals can be qualified through practice test or coursework. Completing the certificate in legal studies would be a strong platform for future study in the area and provide a tangible credential.

The Department of Politics, Law and Society also offers a wide variety of courses and a minor in sociology. Sociology is the scientific study of the social causes and consequences of human behavior. The subject matter of sociology has a broad range. It includes the study of the intimate family, as well as the hostile mob. Crime and its causes are studied, as well as religion and its influences. Divisions of race and social class are included, as well as the sharing of beliefs in a common culture.

Departmental Information
The Department of Professional Programs in Human Services offers educational programs that share the common goal of preparing graduates to work with people in a variety of practice settings. The human services field is one of the most rapidly expanding career fields in America today. The Professional Programs in Human Services Department focuses on those careers which require professional preparation for service to individuals, families, groups, and communities. Degree programs include Human Services, Counseling, Criminal Justice, and Social Work. In addition to a general degree program, the Counseling major may select a concentration in rehabilitation. The Criminal Justice student may choose criminal justice or law enforcement. The Social Work program, through its Child Welfare Professional Enhancement Program, offers students opportunities for guaranteed employment in child welfare. The student may create a degree plan which will prepare them for entry-level employment in a variety of settings.

The objectives for the Department of Professional Programs in Human Services are:
1.) To prepare students educationally for positions in counseling, criminal justice, or social work.
2.) To help supply both the regional and local employee pool for human service agencies and organizations.
3.) To provide students with a sound undergraduate base for graduate study.

Criminal Justice Program
The primary objective of the Criminal Justice degree is to prepare students for beginning professional jobs in the criminal justice system. The curriculum provides a core program of basic courses applicable to all criminal justice fields and specialties. Students gain practical experience through completion of an internship or for those seeking CLEET certification, the Collegiate Officer Program.

Human Services Counseling Program
The primary objective of the Human Services Counseling degree is to prepare students for beginning human services positions in a variety of government, civic, and private and not-for-profit community-based agencies and organizations. These agencies focus on the needs of people experiencing a variety of issues, physical or mental problems, drug or alcohol abuse, aging related concerns, and job-seeking problems. Client groups to be served range from youth and minorities to those in crisis situations. To prepare students for a variety of employment opportunities, the Human Services Counseling curriculum provides the knowledge and skills needed for prevention and problem solving with both individuals and groups.

Concentration in Rehabilitation - The Rehabilitation concentration is designed to prepare students for positions in a variety of federal, state, and community rehabilitation agencies, facilities, and organizations that provide services to individuals with disabilities. Students completing the program have skills in interviewing, case management, planning, intervention, job/career development, and knowledge of the major disability groups, and disability culture.

Students may opt for the concentration in rehabilitation or may seek additional expertise in the field of addictions with the minor in Addictions. The rehabilitation program has various scholarships specific to the rehabilitation program for students. These include assistance through Rehabilitation Services Administration, the Virgil Taylor Scholarship and the Lowell E. Green Scholarship.

Social Work Program
The primary objective of the Social Work education program is to prepare competent and effective generalist social work professionals for entry into direct professional practice positions with individuals, families, groups, communities, and organizations. Students graduating with a degree in social work (BSW) are prepared for employment in many public and private agencies: health care, including hospitals, home health, and hospice; child welfare; mental health; and income maintenance programs. The Child Welfare Professional Enhancement Program provides incentives for social work students pursuing a career in Child Welfare. This program also provides students with an educational foundation for graduate education in social work.

The Social Work Program is nationally accredited by the Council on Social Work Education (CSWE). The curriculum prepares its graduates for generalist practice through mastery of nine core competencies as identified in the Educational Policy and Accreditation Standards (2008) by the CSWE. These core competencies are: demonstrate ethical and professional behavior, advance human rights and social, racial, economic and environmental justice, engage anti-racism, diversity, equity and inclusion in practice, engage in practice-informed research and research-informed practice, engage in policy practice, engage with individuals, families, groups, organizations, and communities, intervene with individuals, families, groups, organizations, and communities, and evaluate practice with individuals, families, groups, organizations, and communities.

Minors & Electives
In addition to the degree programs, minors are offered in Addictions, Criminal Justice, Human Services Counseling, Interpreting, Juvenile Justice, and Social Work. Through the informed selection of a minor and elective courses, students may gain more in-depth knowledge in selected areas of interest. Students are encouraged to consult with their faculty advisor in the choice of a minor and elective courses.

Requirements for Admissions to Professional Program in Human Services
Students selecting a major in Professional Programs in Human Services (Human Services, Counseling, Social Work, Criminal Justice) must file an application with their faculty advisors. The application is submitted after the student has successfully completed the appropriate introductory course. (SOWK 2273 - Introduction to Social Work and Social Welfare; or COUNS 2183 - Fundamentals of Counseling; or COUNS 2213 - Introduction to Rehabilitation; or CRJS 2233 - Introduction to Criminal Justice)

The criteria for admission are:
1.) Completion of a minimum of 30 semester hours with a minimum overall grade point average of 2.25 on all course work attempted.

2.) Attainment of a "C" or better in Freshman Composition I and II or fulfillment of this requirement by one of the following:

a. Earning a score of 3, 4, or 5 on the Advanced Placement Program of the College Board. A score of 4 or 5 fulfills the ECU requirement for both Freshman Composition I and II;

b. Scoring a 50 or higher on the College Level Examination Program (CLEP) with essay option will fulfill the ECU requirement for Freshman Composition I; there is no CLEP to test out of Freshman Composition II.

3.) Attainment of a "C" or better in the introductory course for the major.

4.) Receive a favorable recommendation by the faculty advisor and/or program faculty members. After full consideration, the applicant is (a) unconditionally admitted, (b) conditionally admitted, (c) not admitted, or (d) deferred, pending additional information.

5.) Conditional admission may be granted to a student below minimum requirements for admission if, based on findings by the advisor and/or program faculty, the student may reasonably be expected to meet admission standards within a specified length of time, no later than one semester prior to internship.

A student denied admission has the right to appeal the decision. The procedure for appeal is found in the ECU Student Handbook or may be obtained from the Department Chair.

*Note: Social work majors not formally admitted to the Program are not permitted to be enrolled in social work courses beyond the introductory and field work courses.

Retention Requirements in Majors

Social Work Major

a. Retention in the Social Work Program is dependent upon the student maintaining his or her fully admitted status in the program, which includes grade point average, personal, professional and academic conduct.

b. Students admitted to the Social Work Major on a "conditional" basis must meet full admission requirements in compliance with the plan developed between the student and their major advisor. Non-compliance with the remediation plan developed between the student and their major advisor, or inability to remediate the deficiency within one semester, will result in denial of admission.

c. An ongoing process of evaluation of admission status is carried out by social work faculty. Social work majors MUST earn a minimum grade of "C" in all major required courses with a prefix of SOWK or COUNS. A student whose admitted status is withdrawn may appeal that decision using the university and Social Work Program appeals process as described in the Social Work Program Handbook.

Human Services Counseling and Criminal Justice Majors
Same requirements as university retention policy.

Requirements for Admission to Internship
Social Work majors in a Professional Programs in Human Services Department degree program are expected to submit an Application for Internship that includes a degree check and an unofficial transcript. Criminal Justice and Human Services Counseling students have the option to complete an internship. Due dates will be announced and posted.

The criteria for admission are:

a. The student applying for internship must have a retention grade point average of no less than 2.50.

b. Completion of all required major courses except internship. Social Work majors will take a 2 hour required integrative seminar, but this course is taken concurrently with the internship.

c. Recommendation for internship by the faculty advisor and/or the program faculty.

A student who has been denied admission to the internship has the right to appeal the decision. The procedure for appeal is outlined in the Internship Application for each major.

Internship Options

Option I - Full Semester - Full-Time Internships (12 Credit Hours)
This option requires full-time student enrollment for one semester. The student will be located at the internship site on a full-time basis. Internships are not available for Social Work Majors during the Summer Semester.

Option II - Full Semester - Part-Time Internship (6 Credit Hours)
This option requires the student to enroll in 6 hours for one semester. The student will be located at the internship site on a part-time basis. The student would need to enroll in additional coursework hours to maintain full time status if desired. This is not an option for Social Work majors.

Option III - Work Experience Exemption - Departmental Approval Required
Students having suitable work experience may petition the Department Chair for exemption from internship. Students not participating in an internship will enroll in an equivalent number of credit hours of approved course work in lieu thereof. This is not an option for Social Work majors. Criminal Justice majors, when appropriate to the degree program, may be eligible to receive up to twelve (12) semester hours credit for having completed a law enforcement academy. Credit may be applied only to the 12-hour internship (see Department Chair for additional information).

Option IV - Classes in Lieu of Internship
Students may take 12 hours of upper-level course work in lieu of internship. This is not an option for Social Work majors.

Option V - The Collegiate Officer Program (COP
The Collegiate Officer Program (COP) offers the Criminal Justice major with a concentration in Law Enforcement the opportunity to become a certified peace or police officer in the State of Oklahoma. Students from other majors may choose to participate in the COP if they meet all eligibility requirements. The Collegiate Officer Program requires completion of selected criminal justice courses, a first aid course, and an eight (8) week skills portion administered by the Department of Professional Programs in Human Services. Additionally, all COP students must complete a thorough criminal background check and MMPI.

Native American Studies Program

Majors Offered
Native American Studies - Bachelor of Arts

Minors Offered
Native American Studies

Course Prefixes
2026-2027 Chickasaw (CHI) Courses
2026-2027 Choctaw (CHO) Courses
2026-2027 Native American Studies (NAS) Courses

Department Information
ECU offers both a BA and a minor in Native American Studies. Native American Studies is an interdisciplinary program that reflects an awareness of the issues which contemporary native communities and peoples confront. By approaching the multiplicity of Indian cultures from a variety of academic perspectives, a deeper understanding of native societies past and present emerges. It makes use of the strengths of university faculty members in history, archaeology, political science, business, nursing, legal studies, art, English, professional programs in human services, and other disciplines.

We also offer a BA in Native American Studies - Cultural Resource Management (CRM). CRM students learn to manage cultural resources that include heritage and the arts. Archaeology and the study of material culture is central to their work. In addition to understanding Native American history and culture, students pursuing this major will learn about tribal, federal, state, and local regulations and guidelines that impact how we manage cultural resources.

Return to Table of Contents
Return to Native American Studies

2026-2027 Native American Studies - Bachelor of Arts (120 Credit Hours)
The 120 credit hours includes ECU's 40-hour General Education program.

General Education
It is recommended that students complete MATH 1413 as part of their general education curriculum.

Required Core Courses (18 Credit Hours)
ANTH 2523 Native Peoples of North America
ANTH 2713 Intro to Cultural Anthropology
NAS 1113 Introduction to Native American Studies
NAS 3003 Tribal Sovereignty & Federal Indian Policy; OR
NAS 3013 Intro to Native American Language; OR
NAS 4983 Indigenous Representations in Film & Documentaries
NAS 4113 Research in Native American Studies
NAS 4223 Internship in Native American Studies

Required Electives (18 Credit Hours)
Other approved hours relating to NAS may be substituted if approved by NAS chair.
ANTH 2003 Intro to Cultural Resource Management
ANTH 3003 Archaeological Theory & Methods
ANTH 4503 Archaeology Field School
ANTH 4981-4 Seminar in Cultural Resource Management
BUS 3013 Native American Economic Development
CHI 1113 - 4113 Chickasaw I - IV

CHO 1113 Choctaw I

Interdisciplinary Studies Program

Majors Offered
Interdisciplinary Studies - Bachelor of Arts

Course Prefix
2026-2027 Interdisciplinary Studies (IDS) Courses

Department Information

Eligibility Requirements
The student must have earned at least 60 semester hours.

Admission Requirements
The student must be admitted to East Central University. The student must meet with the Program Director to complete an Individual Learning Plan (ILP) for Interdisciplinary Studies.

Prior Learning
Students in the program may apply transfer credits from other colleges/universities, credit by examination (e.g., CLEP or ECU Challenge Exam), Military and other non-college courses evaluated by the American Council on Education.

Return to Table of Contents
Return to Interdisciplinary Studies Program

2026-2027 Interdisciplinary Studies - Bachelor of Arts (120 Credits)
The 120 credit hours includes ECU's 40-hour General Education program.

Required Core (12 Credit Hours)
IDS 3113 Interdisciplinary Studies
IDS 3123 Professional Field Experience I
IDS 4123 Professional Field Experience II
IDS 4723 Senior Project

Required Interdisciplinary Courses (33 Credit Hours)
Student will complete 33 semester hours of coursework that is approved in the student's Individual Learning Plan (ILP). The ILP must reflect a coherent plan of study in support of the student's academic and career goals. The ILP must include at least 18 hours of credit from ECU and at least 15 hours must be upper division credit.

General Electives (35 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
Students seeking a teaching license under Alternative Certification must meet the requirements of the State Department of Education.

Course Prefixes
2026-2027 Art (ART) Courses
2026-2027 Communication (COMM) Courses
2026-2027 Mass Communication (MCOM) Courses

Department Information
East Central University's Department of Art, Design, Media & Communication encourages collaboration across disciplines and offers major and minor programs in art and mass communication. In the mass communication programs, students develop creative, analytical, and problem-solving skills through hands-on experiences in photography, video and audio production, podcasting, social media marketing and management, crisis communication, advertising, public relations and emerging digital media. Lecture courses engage students in the historical, ethical, legal, and cultural contexts of media while emphasizing critical thinking, audience engagement, and professional communication practices. In the art programs, students develop a personal, aesthetically based, problem solving approach to the visual arts and acquire skills in drawing, painting, printmaking, graphic design, sculpture, ceramics, and digital media. Lecture courses are designed to engage students in the contextuality of art as a historical dialogue. Facilities in the department include studios for drawing, painting, printmaking, ceramics, sculpture, graphic design, photography, audio, and video.

Art Program
The department offers a Bachelor of Fine Arts degree with concentrations in studio art, art education, and graphic design. The concentration in studio art prepares students for careers as artists, studio assistants, artist assistants, printmakers, studio technicians, studio assistants, fabricators, positions in museum settings, or for further study in fine arts graduate programs. The concentration in art education prepares students for positions teaching art in school prekindergarten through grade twelve. The graphic design concentration prepares students for careers including graphic design, typography, layout publication, corporate image design, and motion graphics.

Mass Communication Programs
The department offers a Mass Communication major with concentrations in media production. and strategic communication. Students in the media production concentration develop technical and creative skills to prepare for careers in content creation, media writing and editing, publication design, video and audio production, photography, podcasting, filmmaking, studio broadcasting, sports media, journalism, streaming media, multimedia storytelling, and emerging digital media industries. Students in the strategic communication concentration prepare for careers in strategic communication, public relations, advertising, branding, digital marketing, social media marketing and management, corporate communication, event planning and promotion, and content strategy. Students learn to create effective campaigns, build and manage brands, develop persuasive messaging, analyze audiences, and communicate across traditional and digital media platforms, preparing them for leadership roles in agencies, businesses, government, and non-profit organizations.

Internship Hours
Over the course of a semester, a student might complete 40 logged internship hours per 1 internship course credit hour completed. Internships are offered every semester in 1-3 credit hour courses and may be repeated for additional credit.

Minors & Certificates
Minors are offered in Art, Art Therapy, Media/Graphic Arts, and Mass Communication. There is a certificate in Mass Communication in Social Media Marketing.

Music (Vocal - Teacher Certification) - Bachelor of Science
Music (Vocal) - Bachelor of Science

Minors Offered
Music

Course Prefixes
2026-2027 Music (MUS) Courses
2026-2027 SFA Courses

Departmental Information
The Department of Performing Arts provides a general music education foundation for all students along with individual professional preparation for selected major fields within music.The department also enriches the cultural life of the campus and community. Students are encouraged to participate in band, choral and instrumental ensembles and theatre productions regardless of their major.

Music Program
The Department of Performing Arts offers the following degree programs: the Bachelor of Science degree with music majors in the Instrumental Concentration, the Instrumental Teacher Certification Concentration, the Vocal Concentration, and the Vocal Teacher Certification Concentration. Each area has options designed as preparation for careers in concert, theater, media performance, or as teacher-preparation leading to kindergarten through high school certification. Students who wish to prepare for a career in music business may complete the minor in Business Administration for Music Majors. Other minors and special endorsements in music are also available.

The curriculum has been designed to assist all participating students in reaching their maximum potential. Toward this end, the primary objectives of the undergraduate programs are (1) to further the performance ability in at least one musical medium, (2) to provide future teachers with the knowledge and skills necessary for them to be successful as professional music educators, (3) to allow some "semi-specialization" through courses directed toward instrumental and/or vocal education, and (4) to provide students with a wide range of educational/musical experiences which will encourage continued professional growth.

Applied Music
Individual & Class Instruction Voice, Piano, Organ, Wind, String and Percussion Instruments
Private and class lessons: one semester hour credit for one half-hour private lesson, or two or more half-hour class lessons, with five hours of practice expected per week, for a semester or equivalent time in a shorter term. The course numbers appear as upper or lower level in each of the Applied Music areas, and include one or two credit hours.

Private instruction course numbers for music majors and minors are as follows: 2201 - minor instrument (lower level), 2222 - major instrument (lower level), 3301 minor instrument (upper level), 3332 - major instrument (upper level). Numbers above 4082 indicate study completed beyond eight terms. The course description for all private instruction is "The study of solo vocal and instrumental literature of different historical periods and styles, and of diction in English, French, German, and Italian."

Other Important Information for Music Majors

- Participation in a music ensemble designed by the department as appropriate for the student's degree program is required each fall and spring semester at ECU, except for the student teaching semester of music education majors.
- Music majors must successfully complete eight semesters of MUS 1000 Performing Arts Recital (zero hours of credit, graded P/NP) for the Bachelors of Science-*non-teacher certification*, and seven semesters for the Bachelors of Science-*teachers certification*. Additional information, including modification of the requirement for transfers who were music majors at their previous institution, is given in the Music Department Handbook.
- Proficiency tests in Piano, in Theory and in Applied Music must be taken at the end of the sophomore year or its equivalent; transfer students must take these proficiency tests during their first week of classes at ECU. Re-examination will be permitted, but the tests must be passed before the senior recital. In Applied Music, a Proficiency Jury must be passed in order to enroll in 3000-level courses.
- ECU requires all music majors to complete a senior recital. The recital sequence requires performing and passing a preview recital at least 30 days prior to the senior recital. The requirement cannot be fulfilled through transfer credit. The student's passing grade will indicate successful completion of the recital in the final semester.
- Students declaring a Music major starting in the fall of 2015 or later, must successfully complete two semesters of SFA 1000 Cultural Attendance (zero hours of credit, graded P/NP).

Select one of the following courses:
FREN 1223 Elementary French II
RUSS 1223 Elementary Russian II
SPAN 1223 Elementary Spanish II

Minor
A minor program is not required for this major. Students who wish to prepare for a career in Music Business may complete the minor in Business Administration for music majors.

General Electives (16-28 Credit Hours)
An elective course is any college-level course not required by the major program, but utilized to reach the minimum 120 credit hour requirement for degree completion. Elective courses are chosen according to the interest of the student.

Special Requirements
"Teachers" or "methods" courses may not count toward this major.

2026-2027 Music (Vocal) Check Sheet
2026-2027 Music (Vocal) 4-Year Plan

Return to Department of Performing Arts

2026-2027 Minor in Music (20 Credit Hours)

Required Courses
MUS 1000 Performing Arts Recital (4 semesters)
MUS 1113 Music Theory & Ear Training I

Major Applied Area - 4 hours (taken in 4 semesters)

Ensembles
Four (4) hours - select from the following:
MUS 2211
MUS D2131
MUS C2311
MUS D2311
MUS 2231
MUS H2311

Electives
Select three courses from the following:
MUS 3503 History of Musical Theatre
MUS 1133 Music Theory & Ear Training II
MUS 2533 Music in Life
MUS 3633 History of Music Through Bach
MUS 3643 History of Music Since Bach

Special Requirements
Must earn three (3) hours of upper division work at ECU towards minor to complete minor residency requirement.

Time & Progress to Degree Completion
Earning a Second Master's Degree

Introduction to the School of Graduate Studies
Graduate education offers students the opportunity to build upon prior educational achievements to increase knowledge and related skills for career or personal goals. As such, graduate courses assume students possess the commitments and academic skills necessary to approach increased levels of content mastery and application. Correspondingly, faculty will create courses with grading, testing, research and related standards clearly exceeding those reflected in undergraduate education.

Admissions Requirements

Admission to University
Persons desiring admission to the School of Graduate Studies must first be admitted to the University.

1. Complete an ECU Application for Admission/Readmission;
2. Submit one (1) official transcript from each undergraduate and graduate institution attended, other than East Central University.

Admission to the School of Graduate Studies
The School of Graduate Studies processes applications for admission to Graduate Studies. Students may be granted unconditional, conditional, provisional, or concurrent admission status. A student seeking admission to a Graduate Degree Program must complete the following steps:

1. Submit all other credentials required for admission to a specific Graduate Degree Program;
2. Develop a program of study in consultation with an assigned advisor.

Standards for Admission
1.) Hold a baccalaureate degree from an accredited college or university.
2.) Meet the academic admission requirements for the Graduate Degree Program sought:

a. Program GPA
   - All MEd programs require a minimum undergraduate cumulative GPA of 2.5.
   - All other programs require a minimum undergraduate cumulative GPA of 3.0.

b. Resume/Curriculum Vita
   - Must include contact information for three (3) references that can speak to your academic preparedness for graduate level work.

c. Writing Sample

Admission to one graduate degree program/option does not imply admission to any other graduate degree program/option, nor does it imply admission to any undergraduate degree option.

Unconditional Admission
Unconditional admission to the School of Graduate Studies indicates that the applicant has submitted all relevant documents and met all requirements for admission to the University, the School of Graduate Studies, and the specific Graduate Degree Program.

Conditional Admission
Conditional admission to the School of Graduate Studies may be granted to an applicant who has met all academic requirements for unconditional admission, but has not submitted all documentation required by the Graduate Degree Program. Students with conditional admission may register for courses for one semester. Students must submit all program documentation and be admitted to the graduate degree program to enroll in subsequent semesters. No more than one semester of credit may be applied to a Graduate Degree Program; time limits apply to these credits.

Provisional Admission
Provisional admission to the School of Graduate Studies may be granted to an applicant who does not meet all the requirements for unconditional admission to a Graduate Degree Program. Students must submit all required program documents and be approved by the Graduate Degree Program to be admitted. When a student admitted on a provisional basis successfully completes all program provisions, the student will be moved to unconditional admission status. Students failing to meet one or more program provisions will be suspended.

Dual Enrollment Undergraduate & Graduate Student Policy
A senior undergraduate student who has successfully completed a minimum of 100 credit hours, may be permitted to enroll in courses applicable to a graduate degree program at ECU. Approval is subject to the following requirements:

1.) Senior standing and having completed a minimum of 100 credit hours.
2.) Students must apply to the graduate school.

- This creates a graduate record allowing your courses to apply toward a graduate degree.
- Graduate credit hours earned MAY NOT be applied toward an undergraduate degree.
    - Please read the section below titled GR Courses/UG Transcripts/UG Degrees for a full understanding of this policy.

GR Courses/UG Transcripts/UG Degrees: Effective Fall 2025, in order for an undergraduate (UG) student to enroll in a graduate (GR) level course, prior approval from the Graduate Dean will be required. Prior to that approval the student will be assigned a GR record (i.e., GR program). The approval to enroll in a GR course/s will only be granted for academic terms that begin after the GR program start date. Under these circumstances, it is true that a GR course will not count toward a UG degree.

If, however, a UG student manages to enroll in a GR course that begins prior to the start date of his/her GR program - either because the enrollment took place prior to Fall 2025 or by any other means - the GR course will appear on the UG transcript. In such cases, if the GR course is present on the UG transcript when the student's bachelor's degree is awarded, that GR courses will be considered part of the student's UG curriculum - regardless of whether it was used to fulfill a specific graduation requirement - and as such, may not be moved to the GR record at a later point in time. Prior to the award of their bachelor's degree, a student may contact the Records Office and request any GR courses showing on their UG transcript be moved to the GR transcript. Once posted to the GR transcript a course may not be moved to the UG transcript. No course may count toward a GR degree unless the course is transcribed to the GR transcript.

3.) Dual Enrollment Graduate Load Provisions:

- - Fall and Spring Semesters:
        - Students may take a maximum of fifteen (15) hours.
            - Nine (9) undergraduate and six (6) graduate credit hours; OR
            - Twelve (12) undergraduate and three (3) graduate credit hours
    - Summer Term
        - Students may take a maximum of six (6) hours.
            - Three (3) undergraduate and three (3) graduate credit hours; OR
            - Six (6) graduate credit hours

Further Notes: No more than six (6) hours in a semester may be applied to a graduate degree program. No more than twelve (12) semester hours earned under this policy may be applied to a graduate degree program.

4.) Student seeking financial aid should meet with their Financial Aid Counselor before enrolling in both graduate and undergraduate courses.

5.) In the event that baccalaureate graduation requirements are not met, the dually enrolled student will be deemed ineligible for admission and their GR program will be ended by the Graduate School.

Dual Enrollment Master's & Doctoral Student Policy
A master's student who is in their final semester, with no more than six (6) hours left in their degree, may be permitted to enroll in courses applicable to the Education Doctorate degree program.

Approval is subject to the following requirements:

1.) ECU Master's student in their final semester, with no more than six (6) hours left before completion.
2.) Student has been admitted to the Education Doctorate Program.

- Students will be provisionally admitted to the Doctoral Program.
- Failure to successfully complete the master's degree in one semester, will lead to suspension from the Doctoral Program.
    - Students may continue doctoral courses after completion of the master's degree.

3.) Dual Enrollment Doctoral Load Provisions:

- Fall and Spring Semesters:
    - Students may take a maximum of nine (9) hours.
        - Six (6) masters and three (3) doctoral credit hours; OR
        - Three (3) masters and six (6) doctoral credit hours
- Summer Term:
    - Students may take a maximum of six (6) hours.
        - Three (3) masters and six (3) doctoral credit hours.

Further Notes: Education Doctorate (6000/7000) credit hours earned MAY NOT be applied toward a master's degree. Students seeking financial aid should meet with their financial aid counselor before enrolling in both master's and doctoral courses.

Return to Table of Contents

Retention Information

Overall GPA
Graduate students must maintain an overall ECU graduate retention grade point average (GPA) of 3.0 or higher to remain academically in good standing with the School of Graduate Studies. For more information concerning academic standing within the School of Graduate Studies, please see the full academic policy section of this catalog.

Course Grades
Master’s and Educational Specialist (EdS) degree students can earn no more than two (2) C’s in their graduate degree program to remain academically in good standing with the School of Graduate Studies. Master’s students earning a grade of D or F in a course may not count that course toward their master’s degree program requirements. Some programs have more stringent grade requirements.

Doctor of Education (EdD) students must earn grades of A, B, or P in their coursework. Doctoral students earning a grade of C, D, or F in a course may not count that course toward their graduate degree program requirements. Students will be placed on probation and/or suspension if their GPA falls below 3.0 or if a student earns a grade below a B in any course in the EdD.

Seminar and Pass/Fail Credit Limits
Credit earned in seminars must be germane to the student's Master's Degree Program and approved by the program director in order to count toward a master's degree. No more than three (3) hours of course work graded as pass/fail may count toward a master's degree. Specific programs may have exceptions for practicums and internships.

The Doctoral Degree Program has a required fifteen (15) hours graded as pass/fail. Doctoral students may substitute an additional three (3) hours graded as pass/fail. No more than eighteen (18) hours of course work graded as pass/fail may count toward a doctoral degree. Specific programs may have exceptions for practicums and internships

Certification Courses
Graduate certificates may satisfy some requirements for Licensed Professional Counselor and others. For further information, contact the Dean or Graduate Program Coordinator of the College of Education and Psychology or the Graduate Program Coordinator of the Professional Programs in Human Services Department.

Return to Table of Contents

Time & Progress to Degree Completion

Time Limit for Completion of Degree
Graduate credit applied towards a graduate degree must be completed within six (6) years prior to the completion of the degree, exclusive of any time spent in the Armed Forces of the United States of America. Work completed more than six (6) years prior to completion of the degree may not be counted toward the degree but may count toward professional certification.

Progress Toward Degree
Students who have not successfully completed coursework after one year must reapply to the University and the School of Graduate Studies. Students who have not successfully completed course work for two years must reapply to the graduate degree program.

Application for Degree
A student must apply for award of a degree according to the deadline specified by the university for the semester in which the degree will be awarded. (Failure to graduate necessitates reapplication.) Application for graduation may be found on Colleague Self-Service. For more information about the graduation application process, please see the relevant policy in the full academic policy section of this catalog.

Return to Table of Contents

Earning a Second Master's Degree

First Degree From Another Institution
Students with a graduate degree from an accredited institution may complete a subsequent graduate degree at East Central University by completing all requirements for that degree. The subsequent graduate degree must include a minimum of twenty-one (21) graduate credit hours not applied toward any other graduate degree. All credit hours accepted from the first graduate degree must be reviewed and approved by the graduate program faculty and the Dean of Graduate Studies. Only courses with a minimum grade of B will be accepted from the first graduate degree. Students may petition for an exception to this policy in certain situations (such as completion of licensure requirements). All exceptions must be reviewed and approved by the graduate program faculty and the Dean of Graduate Studies.

First Degree From East Central University (ECU)
The second graduate degree must include a minimum of twenty-one (21) credit hours not applied toward the first graduate degree. In the following two scenarios, the programs have been designed so that credits earned while completing the first program can be applied toward the second, while allowing students to remain in compliance with the 21 credit hour rule.

- *Scenario_1*: School Psychometry (MEd) *followed by* Master of Science in Psychological Services (MSPS) or Education Specialist (EdS)
- *Scenario_2*: Education Leadership (MEd) *followed by* a Doctor of Education (EdD)

Elective Courses (9 Credit Hours)
Select three courses from the following:
Any 5000-Level Business Administration, Accounting, or ITM Course

Return to Table of Contents

Master in Management (MIM; 30 Credit Hours)

Program Purpose & Objectives
The Master in Management (MiM) degree targets students whose first degree is outside a business field or who have a degree in a business field, but would like to enhance their knowledge of business. The program is designed primarily for individuals in one of the following three groups:

1. Students who have just completed a non-business undergraduate degree whose first job prospects would be enhanced with the completion of a graduate degree in management.
2. Full-time employees with a non-business undergraduate degree who are entering or hope to soon enter a management position.
3. Full-time employees who have a business degree but find themselves underemployed or who have not been employed in a management position.

Required Courses (24 Credit Hours)
ACCT 5113 Accounting for Managers
BUSLW 5203 Advanced Employment & Labor Law
ECON 5103 Economics for Managers
FIN 5103 Finance for Managers
MGMT 5203 Foundation of Management
MGMT 5503 Leadership & Organizational Behavior
MGMT 5703 Strategic Management
MKTG 5103 Marketing for Managers

Elective Courses (6 Credit Hours)
Select two of the following courses:
MGMT 5043 Special Topics in Management
MGMT 5103 Introduction to Graduate Business Studies
MGMT 5603 Managing in Global Economy
MGMT 5953 Internship in Management
MGMT 5981-4 Seminar in Management
MGMT 5991-4 Independent Study in Management

Return to Table of Contents

Master of Science in Accounting (MSA; 30 Credit Hours

Program Purpose & Objectives
The Master of Science in Accounting is designed to prepare students to move into authority positions in manufacturing companies, governmental units, not-for-profit entities, public accounting firms, and other professional or service organizations. The unique combination of human skills, knowledge, and technology embedded in the curriculum will prepare graduates for these opportunities. Specifically, students should leave the program knowing how to anticipate and meet the changing needs of their customers; utilize and leverage technology in ways that add value to these customers; interpret and provide a broader context to financial and non-financial information; link data, knowledge, and insight together to provide quality advice for strategic decision- making; and, give and exchange information within a meaningful context and with the appropriate delivery and interpersonal skills.

The Program curriculum has been specifically designed to provide an educational experience which will prepare students to successfully complete all portions of the Certified Public Accountant (CPA) exam, while earning an advanced degree. The Program will also qualify graduates to sit for the Certified Management Accountant (CMA) or Certified Internal Auditor (CIA) exams. The MSA Program is accredited by the Accreditation Council for Business Schools and Programs (ACBSP).

Ethics & Professional Standards
The student admitted to the Master of Science in Accounting program needs to familiarize himself or herself with and act in accordance with the ethical standards required by the American Institute of Certified Public Accountants (AICPA) Code of Professional Conduct. Any behavior on the part of the student which may conflict with the standards in the above document will be reviewed by a committee from the Harland C. Stonecipher School of Business faculty consisting of the advisor, an accounting faculty member chosen by the chair, and a Harland C. Stonecipher School of Business faculty member chosen by the student. The committee will have the authority to take any of the following actions: exonerate the student, notify the student and plan appropriate ameliorative action, notify appropriate boards and law enforcement agencies, or dismiss the student from the program.

Background Courses (Undergraduate Prerequisites)
The purpose of background courses is to provide a strong base of knowledge for advanced business and accounting studies. Background courses may be waived for students who have successfully completed and achieved a grade of "C" or higher on previous course work addressing a specified content area. Background courses cannot be used to fulfill the 30 hours of MSA graduate courses. Applicants who must satisfy background course requirements may be admitted as non-degree seeking students to take undergraduate courses. The background course requirement is composed of the following courses:

ACCT 3203 Cost Accounting I
ACCT 3303 Intermediate Accounting I
ACCT 3383 Federal Income Tax Accounting
ACCT 3403 Intermediate Accounting II
ACCT 4503 Auditing
BSEC 2603 Business & Economics Statistics
BUSLW 3213 The Legal Environment of Business
ECON 3113 Financial Management
MIS 3433 Management Information Systems

Graduate Curriculum for MSA
In addition to satisfying the background course requirements, all MSA students must complete 30 hours of graduate courses. Some latitude is allowed in selecting courses. However, students must satisfy all prerequisites of a graduate course before enrolling. The Internship in Accounting can be taken for 3 hours credit only after successful completion of at least 12 semester hours of graduate courses.

Required Courses (All of the Following 15 Credit Hours)
ACCT 5073 Advanced Auditing
ACCT 5103 Financial Statement Analysis
ACCT 5123 Tax Compliance & Planning
ACCT 5203 Advanced Tax
ACCT 5403 CPA Prep

Accounting Elective Courses (Any of the Following)
Select one of the following courses:
ACCT 5043 Special Topics in Accounting
ACCT 5133 Advanced Accounting

ACCT 5143 Governmental & Non-Profit Accounting
ACCT 5303 Forensic Accounting & Fraud Examination
ACCT 5723 Skills for Accounting Research
ACCT 5953 Internship in Accounting
ACCT 5981-4 Seminar in Accounting
ACCT 5991-4 Independent Study in Accounting

Non-Accounting Elective Courses (Maximum 15 Credit Hours)
Select three courses from the following:
Any 5000-Level Business Administration, Accounting, or ITM Course

Return to Table of Contents

Doctorate of Education in Rural Education (EdD; 60 Credit Hours)
Students applying to the program are required to have earned a master's degree with a minimum GPA of 3.00. Across the United States, at least 30,000 rural schools employ approximately 916,000 personnel. Oklahoma has 205,945 students in rural schools, comprising 264 school districts. The Ed.D. in Rural Education is specifically designed to address rural education's unique circumstances and challenges. Specific coursework will help educational leaders navigate curriculum development, strategic planning, supervision, organizational change, and advocacy for rural schools. According to the U.S. Census Bureau (2020), 52% of the schools in Oklahoma are defined as rural.

In addition to general educational requirements in a doctoral program, this program focus on the needs that are unique to leaders in Oklahoma rural schools. Rural education leaders need to know how to address the unique issues in rural communities, such as "varying access to healthcare, food security, Internet connectivity, access to advanced coursework, and high-quality educational resources" (OSDE, 2020, para. 2). This program includes an applied dissertation. The distinctive opportunities provided by an applied dissertation included working on issues, challenges, or problems in a local rural community to research possible solutions that can be put into place immediately. The applied focus of this program allows the students to research that has an immediate impact on day-to-day operations and activities in the rural community.

Courses will be offered fully online in eight-week terms so working adults can integrate graduate study into their lives, with five opportunities to start each year. Professional instructional designers support faculty to prioritize student learning and ensure that courses meet high quality standards. Degree for the working adult/professional. 8 weeks online courses. Concepts learned in courses today can be implemented in rural communities tomorrow.

Research, Measurement & Statistics (3 Credit Hours)
EDUC 5113 Techniques of Research
**Must be taken within the first eight (8) hours of the program*
**Must earn and "A" or "B" in this course*

Administration Track (21 Credit Hours)
EDUC 5173 Fundamentals of Curriculum;
OR
EDUC 5363 Principles of Instructional Design
EDUC 5513 Supervision of Instruction
EDUC 5523 School Plant Management
EDUC 5533 Fundamentals of Public-School Administration
EDUC 5723 Advanced Legal Aspects of Education
EDUC 5773 Politics & Governance of American Education
EDUC 5943 Educational Technology Leadership

Core Courses (24 Credit Hours)
EDUC 6003 Contemporary Issues and Advocacy in Rural Education
EDUC 6013 History and Foundations of Rural Education
EDUC 6023 Leading Special Programs in Rural Education
EDUC 6033 Organizational Changes/Strategic Planning in Rural Education
EDUC 6043 Advanced Public School Finance in Rural Education
EDUC 6053 Applied Dissertation/Capstone Seminar Orientation
EDUC 6063 Quantitative/Qualitative Research
One additional elective course taken at the graduate level worth three (3) credit hours.

Applied Dissertation (12 Credit Hours)
EDIS 7003 Applied Dissertation/Capstone 1 - Prospectus
EDUS 7013 Applied Dissertation/Capstone II - Research
EDUS 7023 Applied Dissertation/Capstone III - Dissertation
Note: EDUS 7023 will be completed twice for a total of six (6) credit hours.

Other Program Notes
The administrative track portion of the program does not lead to certification like the MEd in Educational Leadership. Educators interested in leadership programs may also wish to consider ECU's Superintendent program.

Return to Table of Contents

Education Specialist (Eds; 63 Credit Hours)
The EdS program in School Psychology in ECU will allow students to receive extensive training which will be eligible for the qualification of a Nationally Certified School Psychologist (NCSP). This 63-Hour program will allow students to be extremely marketable for employment in the schools as a school psychologist anywhere in the United States as well as allowing for potential pay increases based on national certification status. The focus of the program will be equipping professionals by training them in the areas of assessment, consultation, special education law and academic/behavioral intervention.

Psychological & Counseling Foundations (27 Credit Hours)
EDPSY 5163 Cog Beh. Theories & Methods of Coun. & Psychology
EDPSY 5353 Standardized Group Tests
EDPSY 5433 Affective Theories of Counseling & Psychotherapy
H/P/E 5443 Advanced Group Counseling

PSYCH 5173 Pro Orientation & Ethics in Clinical Psychology
PSYCH 5363 Adolescent Psychopathology & Treatment
PSYCH 5443 Multicultural Consultation & Intervention

School Psychology Specialization (24 Credit Hours)
EDPSY 5143 Introduction to School Psychological Services
EDPSY 5153 Family School Collaboration & Consultation
EDPSY 5403 Non-Traditional Assessment
PSYCH 5313 Advanced Educational Psychology
PSYCH 5333 Behavioral Intervention w/Children
PSYCH 5403 Intellectual Assessment
PSYCH 5433 Diagnostic Assessment
PSYCH 5473 Advanced Psychology of Childhood & Adolescence

Field Experience (12 Credit Hours)
EDPSY 5493 Practicum in School Psychology
EDPSY 5593 Internship in School Psychology I
EDPSY 5613 Internship in School Psychology II
EDPSY 5693 Practicum in School Psychometry

Return to Table of Contents

Master of Education (MEd)

Program Purpose & Objectives
The Master of Education degree at East Central University offers educators and other professionals in depth study in several specialization areas. Candidates can choose a new program that prepares them for a job in an education related field such as Educational Leadership, Instruction Design and Technology, Special Education, or Sports Administration. Candidates can choose a Post Masters Certification in School Superintendent. Each program offers courses based on best practices in the field and is designed to provide a research foundation from which candidates make informed decisions. Candidates graduate from these programs as professional, reflective, innovative leaders.

The Master of Education degree programs that lead to new certification areas are accredited by the State of Oklahoma and by the Specialty Program Associations affiliated with The Council for the Accreditation of Education Preparation (CAEP). Each specialty program is designed to teach specific program standards which are addressed throughout the program of study. In addition to the specific program standards, all advanced degrees leading to certification are aligned with the following CAEP standards:

1. ECU will ensure that candidates develop a deep understanding of the critical concepts and principles of their discipline and, by completion, are able to use discipline-specific practices flexible to advance the learning of all students toward attainment of college and career-readiness standards.
2. ECU will ensure that effective partnerships and high-quality clinical practice are central to preparation so that candidates develop the knowledge, skills, and professional dispositions necessary to demonstrate positive impact on all P-12 students' learning and development.
3. ECU will demonstrate the quality of candidates is a continuing and purposeful part of its responsibility from recruitment, at admission, through the progression of courses and clinical experiences, and to decisions that completers are prepared to teach effectively and are recommended for certification.
4. ECU will demonstrate the impact of its completers on P-12 student learning and development, classroom instruction, and schools, and the satisfaction of its completers with the relevance and effectiveness of their preparation.
5. ECU maintains a quality assurance system comprised of valid data from multiple measures, including evidence of candidates' and completers' positive impact on P-12 student learning and development. The provider supports continuous improvement that is sustained and evidence based, and that evaluates the effectiveness of its completers. The provider uses the results of inquiry and data collection to establish priorities, enhance program elements and capacity, and test innovations to improve completers' impact on P-12 student learning and development.

The Master of Education programs at ECU that are related to education but are not restricted to certified teachers are Educational Leadership, Instructional Design and Technology, School Psychometry, Sports Administration, and Special Education. The Educational Leader- ship program is aligned with the Educational Leadership Constituent Council (ELCC) Standards. The Instructional Design and Technology Program is aligned with the Association for Education Communications and Technology standards (AECT), the Secondary Education-Academic Discipline Program is aligned with specific content standards. The Special Education program is aligned with The Council of Exceptional Children (CEC) standards. The Sports Administration Program is aligned with the National Association for Sport and Physical Education standards (NASPE) and the North American Society for Sport Management (NASSM) standards.

A common structure is shared generally within these degree options, all of which lead to the Master of Education degree. The curriculum for each program, however, is designed around specific standards.

Special Requirements of the Master of Education Degree
Hold one of the following:

1. A Standard Teaching Certificate
2. An Alternative Education acceptance letter (which must be on file)
3. Written affirmation that the candidate understands the master's degree alone may not, and in many instances will not, lead to state certification until additional state certification requirements have been met. Only specific programs are eligible for this option.

Degree Options
Students pursuing the Master of Education degree must select one of the following degree options. Such selection shall be made at the time of admission to the graduate program since a change of option may result in the students having completed inapplicable work.

Return to Table of Contents

Master of Education (MEd) - Educational Leadership Option (32 Credit Hours)
The graduate program option for Educational Leadership is de- signed for the graduate student specializing in administration for grades K-12. Special attention is given to the knowledge, skills and dispositions necessary to become an effective school principal.

Research, Measurement & Statistics (3 Credit Hours)
EDUC 5113 Techniques of Research
* Must be taken within the first eight (8) hours of the program.
*Must earn an "A" or "B" in this course.

Specialization: School Principal (14 Credit Hours)
EDUC 5533 Fundamentals of Public-School Administration
EDUC 5573 Public School Finance
EDUC 5583 Legal Aspects of Education
EDUC 5623 The Principalship
EDUC 5832 Practicum and Portfolio in Public School Administration

Curriculum (3 Credit Hours)
EDUC 5173 Fundamentals of Curriculum

Instruction (6 Credit Hours)
Select two of the following courses:
EDUC 5513 Supervision of Instruction
EDUC 5843 Advanced Classroom Management
EDUC 5853 Advanced Strategies for Effective Teaching

Special Phases of Administration (6 Credit Hours)
EDUC 5023 Educational Aspects of Exceptional Child
EDUC 5943 Education Technology Leadership

Master of Education (MEd) - Library Media Option (32 Credit Hours)
The Master of Library Media is designed for graduate students planning to become a School Library Media Specialist in grades PreK-12th in public or private educational settings. The intent of the program is to prepare competent, certified School Library Media Specialists in accordance with state and national professional standards and guidelines. All areas of school librarianship, including technology, are emphasized. Special attention is given to the development of the student as a consumer of research along with a major emphasis on the knowledge, skills and attitudes that are necessary to become a School Library Media Specialist.

Program Prerequisite or Co-Requisite (3 Credit Hours)
EDLBS 4913 Children's Literature
OR
EDLBS 5913 Advanced Children's Literature

Research, Measurement & Statistics (3 Credit Hours)
EDUC 5113 Techniques of Research
*Must be taken within the first eight (8) hours of the program.
*Must earn an "A" or "B" in this course.

Program Course (18 Credit Hours)
LIBSC 5113 School Library Administration I
LIBSC 5133 Materials Selection
LIBSC 5213 Cataloging & Classification
LIBSC 5233 Information Resources
LIBSC 5923 Young Adult Literature
LICSC 5973 Curriculum & the School Library

Specialization (6 Credit Hours)
Select two of the following courses:
EDLBS 5333 Administration & Use of Instructional Media
EDUC 5003 Multimedia Technology
EDUC 5363 Principles of Instructional Design
LIBSC 5353 Literacy in the School Library

Practicum (2 Credit Hours)
LIBSC 5952 Practicum & Capstone in Library Media

Electives (3 Credit Hours)
Select one of the following courses:
EDLBS 5913 Advanced Children's Literature
EDUC 5233 Survey of Teaching Reading
LIBSC 5981-4 Seminar in Library

Master of Science (MS) and Master of Science in Psychological Services (MSPS)

Program Purpose & Objectives
The Master of Science in Psychology is designed to develop professionals who can function as Licensed Professional Counselors, Licensed Behavioral Practitioners, School Psychologists, Sport Psychologists or psychological assistants in such settings as mental health centers, guidance centers, mental hospitals, alcohol and drug treatment centers, correctional institutions, individual athletes and teams, and as an independent practitioner as defined by the licensure or certification board(s) of his or her chosen program of study.

The role of these professionals is to help people more fully to develop their potential for creative productivity and emotional satisfaction. The following general objectives are intended to prepare students to fill this role:

1. To provide opportunities for students to acquire knowledge of the general principles involved in providing psychological services;
2. To prepare students to understand research methodology and to use research reports and psychological literature;
3. To prepare students to provide the psychological services of counseling, consulting, and evaluating.

Students in this program are expected to have or to acquire in the early phases of training knowledge of general psychology, statistical methods, psychology of learning and its application to behavior modification, psychology of personality, abnormal psychology, and psychological evaluation. A course in theory and research in psychological services builds on this background to develop competencies in research and the use of psychological literature. Courses in individual mental testing, and individual psychological evaluation, help students to acquire the skills to evaluate people. Courses in behavior change and clinical psychology help students to provide counseling services to people. A course in community consultation helps students to provide consultation in their work setting and community.

Small classes and ample opportunities for interaction with faculty and students provide an excellent opportunity for students to develop the skills necessary to function well in their occupations. Graduate teaching assistantships and graduate research assistantships provide financial assistance as well as unusual opportunities for learning.

Each student will be assigned a faculty graduate advisor upon entering the program and will be expected to work closely with the advisor. A student will need to work with his or her advisor in meeting basic professional goals. This MSPS degree qualifies an individual to work in applied areas of psychology under supervision. At the completion of the program, students will have met the academic requirements for certification as a Licensed Professional Counselor, a Licensed Behavioral Practitioner, Applied Sport Psychologist, or School Psychologist.

Practicum/Internship
The student will spend a minimum number of hours receiving direct supervision with a qualified mentor and direct client contact hours as required by his or her practicum(s) or internship(s). The student must complete an application form for practicum placement at least five weeks before the semester in which the practicum begins.

The student's advisor and the Practicum/Internship Supervisors will determine the type and appropriateness of supervision for each placement. The student will spend a minimum number of hours receiving direct supervision with a qualified mentor and direct client contact hours as required by his or her practicum(s) or internship(s).

Ethics & Professional Standards
The student admitted to the Master of Science in Psychological Services program needs to familiarize himself or herself with and act in accordance with the ethical standards required by the following board and professional organizations:

1. American Psychological Association
2. American Counseling Association
3. National Board for Counselor Certification
4. Association of Psychological Sciences
5. Oklahoma State Board of Behavior Health

As well as the professional organization for his or her specific program of study:

1. National Association of School Psychologist or
2. Association for Applied Sport Psychology

Any behavior on the part of a student which may conflict with the standards in the above documents will be reviewed by a committee from the psychology faculty consisting of the advisor, a psychology faculty member appointed by the chair, and a faculty member chosen by the student. The committee will have the authority to take any of the following actions: exonerate the student, notify the student and plan appropriate ameliorative action, notify appropriate boards and law enforcement agencies, or dismiss the student from the program.

Master of Arts in Criminal Justice Administration (MA; 30 Credit Hours)

Program Purpose & Objectives
A Master of Art in Criminal Justice Administration degree supports the need for an understanding of the administration and management of criminal justice agencies and organizations. A degree in criminal justice administration trains students to be leaders and administrators in the field of criminal administrative roles in many areas of criminal justice including the following: city police departments, sheriff's offices, state departments of correction, federal law enforcement agencies, and private sector agencies. Specifically, this degree will prepare students for roles as police chiefs, assistant or deputy chiefs, sheriffs, undersheriffs, wardens, deputy wardens, and chief agents of law enforcement entities.

1. Use a multidisciplinary approach to increase students' understanding of leadership in criminal justice agencies and organizations.
2. Produce ethical criminal justice leaders who are responsible and informed decision makers.
3. Cultivate critical thinking skills that are applicable in criminal justice agencies and organizations.
4. Teach students to utilize evidence-based practices in criminal justice, leadership, and administration.

Required Courses (15 Credit Hours)
COUNS 5103 Human Services Research
CRJS 5013 Administration in the Criminal Justice System
CRJS 5113 Political & Legal Aspects of the Criminal Justice System
CRJS 5323 Foundations of the Criminal Justice Profession
CRJS 5433 Advanced Crime Theory

Elective Courses (15 Credit Hours)
Select five of the following courses:
COUNS 5283 Psychopharmacology & Substance Abuse
COUNS 5213 Diagnosis of Psychiatric Health & Co-Occurring Disorders
COUNS 5673 Counseling the Culturally Diverse
CRJS 5213 Litigation in the Criminal Justice System
CRJS 5333 Crime Reduction Strategies
PSYCH 5113 Theories of Personality & Human Behavior
PSYCH 5183 Advanced Abnormal Psychology
PSYCH 5363 Fundamentals of Curriculum
WRPM 5113 Advanced Native American Law
WRPM 5193 Advanced Tribal Politics
WRPM 5213 Advanced Public Policy Making

Master of Science in Clinical Mental Health Counseling (MS)

Program Purpose & Objectives
The Master's Degree in Clinical Mental Health Counseling is designed to provide the student with the theory, knowledge, and skills necessary for employment in a variety of public and private settings.

The program objectives are as follows:

1. To contribute to the career development of persons currently employed in both the public and private sector.
2. To prepare pre-service professionals to enter the fields of mental health counseling.
3. To provide practicum and internship experiences common to the students' career choice.
4. To develop the interpersonal, consultation, and coordination skills required for program development, management, and evaluation.
5. To provide specific specialized experiences related to the students' present or desired career objective.

Admission to the Master of Science in Clinical Mental Health Counseling Degree
The MSHR Program seeks mature, emotionally stable individuals with a strong sense of personal responsibility and integrity. With this in mind, applicants are assessed by the program's Graduate Admission Committee through an evaluation and weighing of all admission materials (e.g., admissions statement, interview, work experiences, recommendation forms, test scores) during both the fall and spring semesters. In addition to academic performance, measured primarily by grade point average, the Admissions Committee considers other factors that contribute to the development of a professional. Formal work experience in the human services, particularly in settings that serve public social services clients, is important. Other factors considered include: volunteer experience in the human services, life experiences and opportunities for personal growth, leadership, communication and interpersonal relationship skills, problem solving ability, the ability to work with and respect persons from diverse backgrounds, health and stamina, and motivation for graduate work and a career in administration, counseling or criminal justice.

Practicum/Internship
The student must complete an application form for practicum/ internship placement at least five weeks before the semester in which the practicum begins. The Practicum/Internship Coordinator will determine the type and appropriateness of supervision for each placement.

Ethics & Professional Standards
The student admitted to the Master of Science in Clinical Mental Health Counseling program needs to familiarize himself or herself with and act in accordance with the ethical standards required by the following boards, committees, or professional organizations.

1. American Counseling Association
2. Oklahoma State Board of Behavioral Health
3. National Board for Certified Counselors

Any behavior on the part of a student which may conflict with the above professional standards will be reviewed by a committee from the MSHR Student Review Committee. The student may be present at the committee meeting. The committee will have the authority to take any of the following actions, or any other appropriate actions: exonerate the student, notify the student and plan appropriate ameliorative action, notify appropriate boards and law enforcement agencies, drop the student from the program.

Master of Science in Water Resource Policy & Management (MSWRPM; 30 Credit Hours)

Program Purpose & Objectives
The Master of Science in Water Resource Policy and Management supports the need for advanced understanding of the growing complexity of water issues that face communities in the state, nation, and globally. This degree trains students for leadership in making water policy decisions and prepares students who seek employment within federal and state environmental agencies, environmental non- governmental organizations, international development agencies, industry, and environmental consulting firms.

The program requires students to integrate and synthesize knowledge from multiple disciplines to address the complex challenges of water resource decisions and to develop solutions that are socially acceptable, politically and economically viable, and environmentally sustainable. Students will be broadly trained to undertake careers in managing water resources and in guiding or making water resource policy decisions.

Required Courses (15 Credit Hours)
WRPM 5103 Policy Research & Methodology
WRPM 5173 Integrated Water Resource Management
WRPM 5303 Water Resource Policy Analysis
WRPM 5313 Native American Water Rights
WRPM 5513 Advanced Watershed Management
